## "Wear Ever" Aluminum Cooking Utensils 99% Pure Aluminum

Thousands of Housewives of today realize that for serviceability "Wear Ever" Aluminum is unequalled. It's light in weight, yet thick enough to guarantee a lifetime of satisfactory service. There are no joints, seams, or solder to leak or give trouble and no plating to flake or wear off. This Ware is very easy to clean and hot water will satisfactorily remove any burned particles, leaving the kettle or pan just as good as new. If you've never tried the "Wear Ever" Aluminum, don't fail to do so now and if you already use it, replenish your supply at the following prices:

### For Economy In Time & Labor

Use a **Hotpoint Electric Iron!**

These splendid irons heat in a short time and can be used continuously until the electricity is turned off. For quick ironing of school children's clothes—or for the regular ironing—they're ideal. "Hot Point" irons are mechanically and electrically right and are most efficient, for the least cost, of any iron made. Every bit of the ironing surface is heated to an even heat and the cool handle and attached stand are features not to be found in other irons. Every domestic "Hot Point" iron carries a ten year guarantee covering heating element. The 6 lb. size is used largely for ordinary use and these are moderately priced at, each, \$3.50.

### Lighten Your Labors With An "O-Cedar" Mop

The never ending dusting is a thing of the past. The "O-Cedar" Mop makes it easy to clean those "Hard-to-get-at" places quickly and thoroughly. It enables you to clean under beds, on top of doors—in fact, any place hard to reach with the ordinary dusting cloth. All the germ laden dirt is collected and held and once around with the O-Cedar Mop is sufficient, while in ordinary dusting, it's necessary to go over the work two or three times for good results.

The O-Cedar Mop is padded as a protection to furniture and can be renewed instantly by sprinkling on a few drops of O-Cedar Polish. By the use of this Mop a bright, hard lasting lustre is added to all varnished or polished surfaces—years of life are added to hard-wood floors and furniture—and half the time spent in cleaning is saved. They're moderately priced, at each \$1.50.
