

### BRIDE TRIES TO DIE WHEN HUSBAND IS ACCUSED OF MURDER

#### Girl Wife of Alleged Killer of Indianapolis Man Shoots Herself; Condition Critical.

(United Press Leased Wire.)  
Indianapolis, Ind., Sept. 24.—Confident that the murderer of Joseph Shalansky, a second hand dealer, who was lured to a hotel here and robbed and killed, is Joseph Ellis of Richmond, Va., the Indianapolis police assert today that Ellis' capture is only a matter of a few days. With his arrest, the police expect Ellis to confess to a series of hotel robberies in Philadelphia, Pittsburgh, Cleveland and Louisville.  
It developed today that Shalansky's murderer pawned a gold watch here which had been taken from a victim at Louisville, this fact convincing the police that Ellis committed the entire series of robberies. Two sons of Shalansky positively identified a picture of Fred Brokaw, wanted for robbery in Pittsburgh, as the youth who gave the name of Anderson and induced Shalansky to visit the hotel. The police declare that Ellis uses the aliases of Anderson and Brokaw.  
**Robbed Second Hand Men.**  
A curious fact pointed out in connection with Shalansky's murder is that all of Ellis' victims have been second hand clothing dealers.  
Shalansky's funeral was held this morning.  
Declaring that she had married Ellis, a girl of 18 years, giving the name of Audrey Baker, shot herself in a rooming house here today. Her condition is critical. The girl said she married Ellis, who then was going under the name of Roy Anderson, at Danville, Ill., July 6.  
**Letter Found in Her Room.**  
The police doubt the girl's story that she married Anderson, but are investigating. In her room was found a letter addressed to Mrs. Iona Baker, her mother, saying her husband had murdered a man and enclosing clippings of the Shalansky crime.  
The young woman told the police that she recognized her husband's picture in the newspaper as the slayer of Shalansky. She said she lived with Anderson only a week when he deserted her. The girl shot herself in the left side, but walked to a grocery store and told the clerk that she had shot herself. Then a policeman was summoned.  
Frank Dellatore, a roomer, said that a man resembling pictures of Ellis, called to see the girl Monday but that she was out. A railroad conductor reported that a youth resembling Ellis went to Cincinnati Monday afternoon on his train.

### ROCK WORK UPON NEW COLUMBIA & NEHALEM TO BE RUSHED ALONG

#### Only the Earth Cuts and Fills Will Be Abandoned During Rainy Season.

Throughout the winter crews of men will push forward the heavy rock work in the construction of the Columbia & Nehalem River railroad, which will penetrate the heart of the forests along Deep creek and the Nehalem valley.  
G. A. Kyle, chief engineer in charge, announced today that only the earth cuts and the fills would be abandoned during the rainy weather. It is his plan to get as much of the work put through as possible this winter so that track laying may be pushed when good weather begins next spring.  
Some peculiar engineering feats are under way in the crossing of the highland between the Columbia gorge and the lower valleys. One bridge 500 feet long will span a chasm 150 feet deep. Another more than half a mile long is already finished, where the overhead tracks cross the S. P. & S. right-of-way near the Columbia, close to Wood's Landing. But the greatest task of all is the burrowing through the mountain itself, with a long tunnel blasted from the solid rock. This tunnel, when completed, will be on a vertical curve and so far only the approaches have been excavated. It is this construction that will be pressed through the rainy season when the water is high and biset and dig under the protection of a mountain.  
Connection with the S. P. & S. has been entirely completed at Wood's Landing, and 12 miles of grade have been constructed northward from Deep creek, below the Nehalem. The building of countless small bridges over deep gorges, the reduction of bluffs and the filling of depressions will go on as long as the weather allows.  
The Kerry Timber company, which is financing the project, expects to begin dumping logs out of the valley next summer, haul them to the big river and dump them in for floating to the mills.

### APPLE CROP IS LESS THAN FIRST ESTIMATED

#### "Distributors" President Says Growers Were Too Optimistic Month Ago.

(Special to The Journal.)  
Hood River, Or., Sept. 24.—H. F. Davidson, president of the North Pacific Fruit Distributors, returned last night from Spokane, Wash., where he has been attending a meeting of the board of trustees of the Distributors. Mr. Davidson said:  
"All board members were present at the Spokane meeting and much business of importance was transacted. We went into the matter of crop estimates and reports from the various districts in Oregon, Washington, Idaho and Montana in a careful manner, and it is apparent now on the eve of picking time that the apple crop of the four north-west states will be 10 per cent below the estimate of a month ago. It is the natural thing for the grower to see the optimistic side relative to the bearing ability of his trees. He wants to believe, and he hopes for a big crop from his trees. However, when the apples are being gathered from the trees he finds a shortage that he must deal with. On account of this 10 per cent drop, we find that we have in all probability overpaid on some varieties and that it will be necessary to proceed slowly with our offerings on these varieties."  
"The board was surprised at the way the orders are going into the Spokane office. Though we advanced the price of all apples from five to ten cents per box, it didn't check the buying."  
"Last week the Distributors booked orders for 1900 carloads of apples averaging in price \$1.25 for fancy and \$2 for extra fancy stock per box. This is an average price of over \$1000 per car, or 60 cents, and makes a total sale of over \$1,800,000. We have storage on the Atlantic coast for approximately 1900 carloads of apples that we secured early in the year, and I am confident that the crop will be sold up to this limit from the several districts affiliated with the Distributors. If things are right at storage time we may let the entire crop go."  
"The Distributors have opened an office in London. It will be conducted by S. B. Moomoo, who will have charge of all business on the continent. The northwest will find a good market there this year for the best and later varieties."  
"We have organized 15 local associations in the potato territory of the several states recently, and now with the new associations joining in the fruit districts, we have 194 affiliated organizations. Southern Idaho has designated 1500 carloads of potatoes. We have established a branch office in Denver with Mr. Dechman in charge of the potato business at that point."  
"The outlook generally is encouraging for the growers."

### Half Million Dollar Coal Fire.

Milwaukee, Wis., Sept. 24.—Fifty thousand tons of bituminous coal burned here today in a fire which destroyed the yards of the Cross Coal company. Two hundred thousand tons of anthracite coal also caught fire. But most of it was saved. The loss is estimated at \$500,000.

### Doesn't Like His Number.

Los Angeles, Sept. 24.—Captain of Detectives Flanagan Kalkch, a powerful man, test against the number on the door of his office at police headquarters. It is 22.

### Auto Exchanges

The month of September, especially toward its close, is the time when many motorists get rid of their old cars to buy new ones, exchanging touring cars for runabouts, and effect many other trades in new and used autos.  
If you are such an autoist, or a prospective owner, or if you are in the market for speculation in autos, you cannot afford to waste a single day before you get into The Journal automobile "Want Ad" column.  
Watch The Journal "Automobile Wants" from day to day, and see how many trade and sale offers in the automobile and auto supply line there are.

—First Floor.

#### Handsome Fur-Trimmed Suits With Kimono Sleeves and Draped Skirts That Would Sell Regularly at \$45 Very Special \$31.75

—No doubt you are aware that the very newest novelty tailored suits have the kimono sleeves, which are very large at the top and gracefully sloping down to a rather snug fit at the wrist. This new fashion touch you will find in these elegant suits. The original model was much admired at a recent French fashion show, which we had copied in a fine wool poplin in such colors as taupe, navy blue, Copenhagen, black and a rich brown.  
—As can be seen by the illustration, the jackets are cutaway in the front, fastening with two buttons, having the new kimono sleeve as mentioned above. Across the back at the waistline is a soft fold of black satin. The collar and cuffs are very beautiful, formed of a fancy braid, edged with a soft fur. Needless to say, these jackets are lined with a fine peau de cygne silk. The skirts are draped up in the front and held in place with cloth-covered buttons.  
—While these suits are not of the plain tailored style, they are so modeled as to adapt themselves to most all kinds of wear. —You simply cannot afford to overlook this special sale, for, without a doubt, you will admit that never have you seen so handsome and so elegant a suit under \$50. —Third Floor.

#### New Waists \$2.50 Surely the Very Prettiest Of Cotton Crepe

—The semi-tailored style of waist that has replaced the stiffly starched waist of other seasons. Of soft white cotton crepe, in figured patterns.  
—The collar rolls softly away from the neck, and is of a white voile, as is also the vest-like effect, which is finely tucked. It has the new kimono-like set-in sleeves and yoke across the back and front. The black jet buttons on the front and cuffs give this waist an air of individuality.  
—Third Floor.

#### STOP EATING VEAL IS ADVICE OF PACKERS

Vice President of Armour & Co. Wants Country to Give Cattle Chance

(United Press Leased Wire.)  
Chicago, Sept. 24.—Discussing the recent convention of the American Meat Packers' association here, and how best to spend the \$500,000 appropriation to educate the public against waste, Vice President Meeker of Armour & Co. proposed today that the slaughtering and marketing of calves be stopped, and that the people be educated not to eat veal. He also suggested that the state enlist the aid of the federal government to prevent disease among cattle.  
Meeker declared that 10,000,000 calves are slaughtered annually, each netting about 60 pounds of meat. If allowed to reach the age of 2 years, he said each animal net 600 pounds. One third of the annual supply of cattle, he said, was wasted to satisfy the demand for veal. It is said the nutritive value of veal at the best is slight, and it in no way approaches beef as a food.

#### WILL GIVE DECISION IN ABATEMENT SUIT

The result of the first prosecution under the abatement law passed by the last legislature to enjoin the use of buildings for immoral purposes will be made known tomorrow when Circuit Judge Cleeton announces his decision in the case against Louise Olcese, proprietor of a house at 85 and 87 North Second street. The testimony was taken last week and the arguments finished yesterday. Promises that the place would be cleaned up were received after the suit was started, but District Attorney Evans decided to carry it through. Other suits under the new law have resulted in convictions without completing the prosecutions.

#### CARTOONIST MURPHY TO TEACH Y. M. C. A. CLASS

Free hand drawing will be one of the strong courses this fall and winter at the Young Men's Christian Association. J. E. Murphy, having been engaged by the association to take charge of this class. Landscape, modeling, commercial art designing and cartooning will all be included in the course. The cartooning is an entirely new feature at the association, no instruction in this branch ever having been given.  
Mr. Murphy is cartoonist for The Journal, and his drawings have been extensively published in eastern newspapers and magazines. By experience and training he is well fitted to direct such a course as the association is planning. The class will meet on Mondays and Thursdays from 7:30 to 9:30 o'clock.

#### DETECTIVES LOOKING FOR "ANHEAGER KID"

Seattle, Wash., Sept. 24.—A private detective agency has been engaged to make complete search throughout the United States for George J. Anheager, wanted in this city on the charge of bigamy in having married Dorothy Meyer of Seattle while having a wife, Mrs. Claudia W. Busch, in San Francisco. Letters which came in a roundabout way to parents of the Seattle wife indicated that Busch and his second wife had left for Argentina.

#### Didn't Go to Europe.
