

AUTO TRAFFIC LAWS ALLOW DRIVING CARS BY RECKLESS YOUTHS

City Ordinance Now Being Drafted Should Provide Age Limit to Curb Serious Evil.

"Young boys should not be allowed to drive automobiles through the streets of Portland," declared W. J. Clemens, president of the Portland Automobile Club, in discussing reports of dizzy speeds attained by youngsters whizzing along in parental cars. "Unfortunately, the present laws make no restrictions as to age limits as far as privately owned cars are concerned. While the city attorney is drawing up a new automobile ordinance, now would be a good time to make some regulation on the point overlooked in the state law."

State laws forbid the driving of a taxicab or other automobile not privately owned, by any person less than 18 years of age. This law is rigidly enforced, on several occasions having hauled up owners of such conveyances sharply.

Streets Should Be Safe.
On one or two occasions, when members of the club have allowed their young sons to drive, the members have likewise been called to time, even though there was no law to back up the club.

"It's a matter of public policy that the streets should be made safe," said Mr. Clemens. "I don't care if the driver is only 15 years old, if he is a careful driver, or if he is 50 and is a careless driver. One of the most substantial of our citizens actually makes every street he drives along a death lane, because he appears to have no head for automobilizing. So it isn't always the juvenile driver who is the unsafe driver."

"I believe the city should exercise its police power to prevent either very young or very careless drivers from operating cars in Portland. The Automobile Club stands for everything that would make the automobile safe for occupants and pedestrians. We are helping draft the new ordinance."

Complaints Frequent.
Reports of youthful speed maniacs who take advantage of the scarcity of traffic officers in the suburbs to "burn up the pavement" have been frequent of late, though the attention of the Automobile Club has been called officially to but few.

The club has disciplined the parents of the few and believes it has stopped those individuals from further offending. Others are known to be misusing the streets, however, and it is for this reason that the club has been asked to incorporate in the pending new ordinance some provision prescribing some age limit and degree of driving ability.

BIBLE EXHIBIT HAS HAD SPLENDID EFFECT

Registration in the religious educational classes of the Young Men's Christian Association has increased rapidly since the opening of the Bible exhibit in the association auditorium on Sunday. These classes are to open one week from tomorrow and in the meantime the secretaries will receive enrollments each day. There is every indication that there will be a large advance registration this last year, when the total number of men and boys enrolled during the year was more than 1900.

Daily talks on the Bible by Earl A. Rowell are doing much to increase interest in the classes and in the exhibit. Mr. Rowell spoke at 12:15 o'clock today and will speak again tomorrow at 7 o'clock. He will give in address each day, alternating noons and evenings. The exhibit is open from 11:30 to 1:30 and 6:30 to 8 daily, and in addition to Mr. Rowell's talks there are musical selections.

The recollection of a mean act is a shoe that pinches.

PRINTING OF COURT REPORTS IS ORDERED

Private Company Will Do All Future Work on Exchange Basis.

(Salem Bureau of The Journal.)
Salem, Or., Sept. 30.—With a large accumulation of old supreme court reports on hand, and a general mixup between the state and private publishing firms over the publication of the last report, the state printing board yesterday entered into a contract to have the reports published hereafter by a private firm. Regarding the contract, the secretary of the printing board gave out the following statement:
"Of the reports of the supreme court published by the state since 1888, there have accumulated about 6000 copies which is about 3000 in excess of the needs of the state. The demand for copies varies so much that the state is entirely out of some of the volumes and has an oversupply of from 100 to 300 copies of other volumes."
"It was found by the state printing board that the Bancroft-Whitney company was anxious to get copies of the very books that the state owned an excess number of, and arrangements have been made whereby the state will exchange books of which it has too many for copies of other volumes of which it has none. The state will therefore come into possession of complete sets of reports."

"In order to reduce the stock of the state to a reasonable number, the Bancroft-Whitney company has further agreed to print the future opinions of the court and to exchange these new books, book for book, for all of the old volumes that the state desires to exchange. This will enable the state to reduce its stock to a minimum, and also to get its future supply of reports for about three years by the exchange of reports for which it has no use, and with no expense of publication. After the state has reduced its stock to what the board considers it should be, the Bancroft-Whitney company is to furnish at \$2 per copy the books needed by the state, for its judicial officers and libraries, etc."

"The reports will be sold to the public by the state and by the Bancroft-Whitney company at the same prices as heretofore, except that the price of full sets will be reduced to \$3 per volume."

MAN WEEPS WHEN HE GETS PRISON SENTENCE

Oscar Herman, alias William Thomas, broke down and wept this morning when Circuit Judge Cleeton sentenced him to an indeterminate sentence of from two to 20 years in the penitentiary for forgery. Herman pleaded guilty to passing a check drawn on the First National bank for \$22.50 on Lennon's, to which the name of S. G. Lubliner was forged.

ALBANIANS-SERVIANS FIGHTING AT MONASTIR

Vienna, Sept. 30.—Fighting between Albanians and Servians is reported in progress today on the outskirts of Monastir. It is believed Turkey is aiding the Albanians. It also is feared that the fighting is preliminary to a resumption of hostilities with Bulgaria and Turkey allied against Servia and Greece.

King Starts for Athens.
London, Sept. 30.—Worried by the Balkan situation, King Constantine of Greece cut short his visit here today and started for Athens. He did not disguise his fear that the pact Turkey and Bulgaria have signed is directed against Greece.

HENRY CABOT LODGE PASSED GOOD NIGHT

Boston Specialist Called to Attend Senator Following a Serious Operation.

(United Press Local Wire.)
Nahant, Mass., Sept. 30.—A Boston specialist was summoned today to Senator Henry Cabot Lodge's bedside. It was stated, however, that the senator passed a comfortable night, and his case was less critical. He was operated upon Friday for gastric ulcer.

Senator Lodge was born in 1850, in Boston, and has long been a leading figure in the political history of the country.

LOVESICK YOUTH IS TOO FREE WITH THREATS

A love sick youth, George Zervis, was arrested yesterday by Deputy Constable Hunter at a fruit stand at Second and Morrison streets, charged with sending a letter to Marie H. Beatty in which he wrote, "You will lose your life and I will mine, too." He is 18 years old and the girl but 16. The father of the girl, fearing the boy might do some violence, had a complaint issued. The girl's father objects to the boy's attentions to his daughter because both are so young.

CLATSOP ASSESSMENTS SHOW BIG INCREASE

Astoria, Or., Sept. 30.—The total assessed valuation of the taxable property in Clatsop county is approximately \$20,000,000, according to the assessment

roll, which was completed by County Assessor Leinenweber yesterday. The roll, not including the property of the public service corporations, is \$18,330,000 and when these values are added, not yet been fixed by the state, they will be in the neighborhood of \$20,000,000. The roll last year was \$18,925,961, less than half the estimates for this year. This is due to the increase in valuation of the timber land caused by the recent cruises ordered by the county court. Last year the roll gave the timber land at practically \$3,500,000. This year the estimates on the same land is \$10,781,099.

HANSEL SWOONS, WHEN SENTENCED TO HANG

Astoria, Or., Sept. 30.—Oswald C. Hansel, convicted Saturday of the murder of the late Judge Taylor, was this morning sentenced by Judge Campbell to hang by the neck, until dead at the state penitentiary at Salem Friday, November 14. Hansel collapsed completely when sentence was pronounced, and fell from the chair in which he was sitting. He was carried from the courtroom, placed in an automobile and taken back to jail.

MEN LIKE CORDWOOD ON SABINAS BATTLEFIELD

Eagle Pass, Texas, Sept. 30.—With the constitutionalists reinforced by a thousand men, fighting between Mexican rebels and federalists was resumed today at Sabinas, according to refugees arriving here. The fatalities are growing hourly, and at some places corpses are piled up like cordwood. Noncombatants, on the verge of starvation, are fleeing from their homes in towns dynamited and burned by the warring factions. Hundreds of refugees are arriving here.

SOCIETY LEADER KILLED IN RUNAWAY

Silver Springs, Md., Sept. 30.—Mrs. George Getty, society leader and horsewoman, was killed in a runaway.

NORTH JETTY TRESTLE WORK BEING RUSHED

Major McIndoe Finds Good Progress Has Been Made on Project.

Unusually good progress on the north jetty trestle work is reported by Major J. F. McIndoe, corps of engineers, United States army, who spent the day yesterday at the mouth of the Columbia river. Last night the trestle work had been extended out toward the waterline, a distance of 500 feet. By next shipping season, says the major, it is expected it will have shown some results in the channel.

Major McIndoe said that the rapidly of the work on the jetty trestle was somewhat of a surprise to him, as he has been out of touch with it for a couple of weeks through being away. It is a double track trestle, and he expects they will be ready for rock by February 1, as the channel back of Sand Island will be completed by that time. The channel is not yet ready for rock barges, and the Port of Portland will not be able to furnish a dredge for a month at least.

By July 1, 1914, it is expected to have a mile of jetty trestle built, says Major McIndoe, at which time he hopes that 500,000 tons of rock will have been dumped. By that time it is expected that the channel will have been improved to some extent. Also by the next shipping season it is hoped to have two dredges at work on the bar.

STATE OFFICIALS IN DEMURRER TO CRAWFORD

Salem, Or., Sept. 30.—Attorneys for Governor West, Secretary of State Olcott and State Treasurer Kay today filed a demurrer to the complaint in the suit brought by Attorney-General Crawford against the three state officials as members of the state board for the recovery of about \$15,000 alleged to have been unlawfully spent from the old penitentiary revolving fund. The demurrer is on the ground, "That the complaint does not state facts sufficient to constitute a cause of suit." Senator Claude McCulloch, of Baker, represents the governor, and Attorney John H. McNary, of Salem, the other two officials.

POLICEMEN FORBIDDEN TO ACCEPT CIGARS WHILE ON BEATS

No more will the policeman be able to accept a cigar from a friend on his beat, nor will he be permitted to help himself to the banana or peanut from fruit stands. Neither will he be permitted to accept or ask for gratuities.

Mayor Aches in a letter to Chief of Police Clark has put a ban on the practice. In a letter written to the police chief, it is stated that the annual convention of the Northwest League of Municipalities seems to have been the most difficult part of the program. At a late hour today definite announcement had not been made. Frank S. Grant, a committee of one on place of meeting, said this morning that some time ago he induced the council to invite the league to hold its sessions in the council chamber. Later City Commissioner Brewster conceived the idea that the meetings should not be held in the city hall and made arrangements to have the gathering held in the public library. Mr. Grant communicated the new arrangements to the directors of the league, including President Stephen B. L. Penrose of Whitman college. They answered that they wanted to meet in the city hall, and as the council had not rescinded its resolution, would consider that the invitation to use the council chamber still stood.

MEETING PLACE NOT YET DECIDED UPON

Deciding upon a meeting place for the annual convention of the Northwest League of Municipalities seems to have been the most difficult part of the program. At a late hour today definite announcement had not been made. Frank S. Grant, a committee of one on place of meeting, said this morning that some time ago he induced the council to invite the league to hold its sessions in the council chamber. Later City Commissioner Brewster conceived the idea that the meetings should not be held in the city hall and made arrangements to have the gathering held in the public library. Mr. Grant communicated the new arrangements to the directors of the league, including President Stephen B. L. Penrose of Whitman college. They answered that they wanted to meet in the city hall, and as the council had not rescinded its resolution, would consider that the invitation to use the council chamber still stood.

BENJAMIN SUCCESSOR TO MERTON R. DELONG

(Salem Bureau of The Journal.)
Salem, Or., Sept. 30.—Benjamin Salanta was today appointed second assistant attorney-general by Attorney-General Crawford to fill the vacancy caused by the resignation of Merton R. DeLong, who will engage in private practice of law. Benjamin graduated from the Williams university law school in 1912. Before that he had served as deputy prosecuting attorney in Massachusetts.

DEcoration for Brewer Busch.

Maling, Germany, Sept. 30.—The grand duke of Hesse has decorated Adolphus Busch, the St. Louis brewer, with the first class cordon and cross of the Order of Philip the Good, in recognition of his philanthropies to Germans.
