

CIVIL SERVICE CASE DECISION WILL BE MADE KNOWN TODAY

New Examination for Captain of Police May Be Ordered by Commission.

Municipal Civil Service Commissioners Clark and Caldwell will this afternoon announce the decision of their findings in the alleged juggling of the examinations held last year which resulted in the appointment of Joe Keller, now resigned, to the position of captain of police.

It has been stated that they may cancel the examination and compel those seeking the vacancy left by Keller to take a new examination. It has also been rumored that criminal charges may be filed against several police officials. The commissioners have frankly stated that testimony brought out at the hearing Monday night was in direct contradiction of statements previously made. The way is open, it is said, for the filing of perjury charges against some of those who testified at the hearing Monday.

MAYOR MAKES ESTIMATES

Budget for Department of Public Safety Is Completed.

Mayor Albee has included in his budget for 1914 \$15,000 to be used towards the establishment of a detector and industrial home for fallen women for the city as authorized by the people at the last election. The money will be used for the purchase of property and the establishment of a building if possible. The mayor said this morning that it would be impossible to provide for all of the needs of such a home within the next year and thought it advisable to each year include a certain amount in the budget until the home was thoroughly established.

In his budget he will also include \$12,000, the estimated cost of an establishing a municipal public market. This is in accordance with the request of the East Side Business Men's club, which advocates the building of the market on the old market block or at a central point on the east side.

Besides these two items he includes the cost of a police signal and telegraph system estimated at \$25,000. The system if established will take the place of the present telephonic system.

AGAINST THE ORDINANCE

Citizens Don't Want Interurban Cars on Stark Street

Business proprietors and others having pieces of business along Stark street, have filed a petition with Will H. Daly, commissioner of public utilities, protesting against the proposed granting of a franchise to the Portland & Oregon City Railway company for the right to operate electric interurban cars along Stark street in the downtown business section. They also suggest that the United Railway company be required under their franchise to discontinue the use of tracks in the business section along Stark street. The petition cites that the United Railway company is using Stark street between Second and Third as a depot, badly obstructing other traffic.

The franchise of the Portland & Oregon City Railway company, now pending, proposes a routing of cars from Fourth street to Tenth on Stark street. It is probable that a hearing will be held soon to hear the protest of the Stark street petitioners.

MUST PAY 4 CENTS A FOOT

This Is Amount Set for Cross-Town Car Franchise.

For its proposed crosstown carline on the east side of the river, the Portland Railway, Light & Power company will be required to pay to the city 4 cents per linear foot per track yearly if the franchise now pending is given to the company. The members of the city council this morning fixed this rate instead of the \$200 per mile rate as proposed by Commissioner Daly. It will be about two months before final action can be taken on the franchise, as it now has to be advertised.

The proposed route as included in the franchise to the satisfaction of Commissioner Daly follows:

From East Twenty-fourth and Broadway to Twenty-fourth and Halsey streets; to East Twenty-eighth, to Ankeny, to Fifth, to East Twenty-ninth, to Hawthorne avenue, on Duane avenue from Thirteenth to Twenty-fourth.

PAVING CONTACT AWARDED

Asphalt Concrete Will Be Laid on East Glisan Street.

After much discussion this morning the city council decided to award the contract of paving East Glisan street from Fortleth to Sixth street with asphaltic concrete to the Oregon Independent Paving company, which had the lowest bid. The bid of the company was for about \$40,000 while the bid of Glebach & Joplin was for \$47,000.

Although bids had been asked for paving the whole street the two companies had submitted separate bids for the part of the street between the car tracks and that on either side. About

THE popularity of the recent changes at the Imperial Grill including the substitution of waitresses is shown by the increased attendance—not only for luncheon but for breakfast and dinner.

LUNCHEON 50c

NURSES PROVIDED FOR

Mayor Includes \$2000 in Estimates for Care of Tuberculosis Patients.

Two thousand dollars is to be included in Mayor Albee's budget for the department for 1914 to pay for the services of two nurses who will care for all tubercular patients in connection with the work carried on by the Visiting Nurses association. This was the agreement reached by the city council today, following discussion of the request from the Visiting Nurses association that \$2000 be appropriated yearly to help it carry on its work.

PASTURING MAY BE BARRED

Ordinance Proposed Prohibits Quartering Livestock Near Residences.

Owners of horses, mules, cattle and other livestock are to be barred from quartering the animals within 250 feet of any residence within certain districts of the city if an ordinance drafted at the request of Commissioner Bigelow passes the council. The ordinance excepts owners who secure permission of property owners within this radius.

The new ordinance is in line with the "chicken" ordinance to be submitted to the council in an adjourned meeting tomorrow. The district affected by the ordinance takes in at except the outlying sections of the city.

Liquor Transfer Refused

Because of the actions of S. Brunn, of Second and Alder streets, in selling liquor over the counter when he had only a grocery store liquor license the city council this morning refused to grant the transfer of a regular liquor license to him and the request for the transfer was withdrawn by Brunn's attorney. Mayor Albee some time ago found Brunn selling liquor over the counter in violation of the license he then held and the council finally revoked it.

Must Close Sunday

By the terms of an ordinance passed by the city council this morning all employment agencies and companies engaged in securing employment for men and women are to be closed Sunday between the hours of 9 o'clock in the morning and midnight. The ordinance was prepared at the request of an association of employment agencies.

To Move Apparatus

The playground apparatus on the playground near the incinerator is being moved to the permanent building at the playground in Irvington for the winter. The playground near the incinerator is to be regraded and furnished with new apparatus in time for the opening next summer.

Named Deputy Sealer

John T. Canright was appointed yesterday from the civil service eligible list to the position of deputy sealer of weights and measures. He takes the place of B. F. Jones, a Rushlight appointee who was not under civil service, having been appointed pending examination. Mr. Canright took up his new duties yesterday.

Auto Tractor Comes Tomorrow

The tractor purchased by the city for installation on fire engine No. 1, will arrive here tomorrow and work will start immediately at the municipal shop to place it on the engine. The tractor is placed on the front end of the engine making an automobile out of what was formerly drawn by horses. This when installed will be the first of its kind in Portland. The new machinery cost about \$5000.

City Milk Inspector Resigns

F. G. Stiller, city milk inspector who was appointed under Health Officer Marcellus, resigned his position yesterday. No reasons for the action were given.

Revision of Schedules Asked

Locomotive engineers and firemen on the railroads west of Chicago will soon ask the railroad companies to revise their schedules of wages, according to an announcement made by representatives of railroad labor organizations.

FOSTER ON BOARD OF SIMPLIFIED SPELLING

Head of Reed College Is One of Five Educators Recently Selected.

President William Trufant Foster of Reed college, Portland, has been made a member of the simplified spelling board, according to announcement just made by the executive committee of the board from New York City. Five new members have just been selected, the others being John Burroughs, author and naturalist, West Park, N. Y.; George W. Cable, author, Northampton,

Mass.; Cass Dunning, mechanical engineer, New York; and Professor Irving Fisher of Yale university, New Haven, Conn.

"The election of these men to membership in the simplified spelling board marks the progress which the cause of simplified spelling has made in the literary and scientific world," the committee declared in its announcement of the election. "Besides eminent men of letters, the board includes among its members 14 university professors, four university presidents, six presidents of normal schools and two superintendents of education. Not only do these scholars and educators approve the use of simplified spelling, but simplified spellings are now officially used in the catalogues, circulars and correspondence of some of the institutions of learning with which they are connected and some members are using simplified spelling in their books."

President Foster has introduced simplified spelling into the publications of Reed college and has used it in his own correspondence for some time.

REALTY MEN WILL BOOST BAR CHANNEL

Business Men to Attend Luncheon in Support of Important Project.

With three slogans—"Deep water to the sea," "Team work and triumph," and that of Portland, "Where water grade meets ocean trade," as texts, the Realty board and Progressive Business Men's club are preparing to entertain 400 business men at their joint luncheon in the main dining room of the Portland Commercial club tomorrow at noon.

The speakers are to be President Alva

H. Averill of the chamber of commerce; C. S. Jackson, acting president of the Commercial club; Dr. Alfred Kinney, chairman of the ports of Columbia committee, and former Senator Jonathan Bourne Jr.

"Because of the length and importance of the program, we shall begin at 13 o'clock sharp," announced Secretary F. L. Purse of the Portland Realty board.

"There never was a time when a support of the cause of Portland's port of the channel for 48 feet on the bar and 25 feet in the channel could be more significant," observed President Shadrach Dean Vincent of the Realty board.

thing or somebody was swarming sheepishly terrible in the bushes about the square resulted in Haley being sent out to arrest the culprit. He did, but not until after a terrific fight. Fully tipped three pieces of flesh from Haley's right hand, brought the blood from a wound in his nose and tore a chunk of flesh from his lower lip.

As Haley left for the hospital, a final shot.

"If it hadn't been for yer color, yer scallawag, I'd a wrong yer back."

Strike of Electricians Settled

The strike of the electricians under the control of the office of public works in London, England, which followed a strike of house painters and decorators, has been settled. The electricians involved included those employed in Buckingham and St. James' palaces, the general postoffice, the tower of London and many other official buildings.
