

ACTOR UNDERWOOD IS PEEVED BY ADMIRER; ASKS POLICE FOR HELP

Former Portland Player Says Beautiful Woman Makes Life Unpleasant for Him

Los Angeles, Cal., Oct. 4.—A pretty woman, a bouquet of flowers and a sweetly scented note have caused Frank Underwood, stage director at the Morocco theatre, to ask the city prosecuting attorney's office for a complaint against Mrs. Alice Lee Logan, of San Francisco, whom he charges with "admiring" him.

Mrs. Logan visited a local newspaper office to make her reply. She is a striking brunette with an exquisite figure. "I know Mr. Underwood and quite well in Oakland," Mrs. Logan said. "One day he came to me and said that he was being kidded and annoyed by his fellow actors because of my constant attentions. At his request, I did not go to the theatre, then he came to Los Angeles. Then he came to Los Angeles. And I followed. I wanted to be near him, but really I did not want to annoy him. I am surprised that he made this complaint, and until he tells me that he did so I will not believe it. I placed him above the ordinary mortal, and if he made this complaint, then my idol's feet are clay.

"All my friends knew that I was an admirer of Mr. Underwood. There was no secret about the affair. "If Mr. Underwood has willingly made this complaint against me, I may hire an attorney and file a cross complaint." Underwood says Mrs. Logan's attentions "got on his nerves" and asks that she be restrained from admiring him publicly. Underwood is married.

Franklin Underwood was leading man in the Baker stock company of this city the season of 1905-1906. From here he went to Spokane.

PIERCE COUNTY PIONEER SOCIETY WILL MEET

The Pioneer Society of Pierce county, Wash., and the survivors of the first direct immigrant party into the Puget Sound country, known in those days as northern Oregon, will be held next Wednesday at the Pacific Lutheran university at Parkland, Wash.

The first party included about 170 persons from eastern states which entered the country just 60 years ago, going into western Oregon through the Nah-Chess pass, 25 miles north of Mt. Tacoma.

The ceremonies next Wednesday will include the unveiling of a monument commemorating the occasion, at which addresses will be given by Judge John Arthur of Seattle, George H. Himes and John W. Baker of Portland. There are 31 survivors of this party, seven of whom live in Oregon. They are Mr. Himes, Mr. Baker, Mrs. Gertrude DeLin, Mrs. F. A. Knapp, Mrs. L. B. Bartlett, Prof. L. H. Baker, all of Portland, and A. G. Alken of Marshfield.

DISCOVER TRAIL TAKEN BY FLEEING ROBBER

Discriminating burglars who, on Friday night looted the home of Franklin E. Fuller, vice president of the Portland Railway, Light and Power company of cut glass, silver plate and art needlework, fled toward the southeast, according to a clue discovered yesterday. This clue is a pair of field glasses belonging to the Fuller household which was picked up near the Skyline terrace, 100 yards southeast of the house on Spring street.

The burglars evidently dropped the binoculars as they fled. So far that object is the only one recovered from the loot.

"It looks as if the thieves were picking up articles for their own homes," said Mr. Fuller last night. "They certainly selected things they would have a hard time to dispose of, at least in Portland. I rather admire their taste, because the things they took were the things about our home we prized most highly."

URNS OVER FEES FOR CITIZENSHIP PAPERS

County Clerk Coffey has turned over to the county treasury as his share of the fees for citizenship papers for September the sum of \$577, of which \$43 was for declarations of intention to become citizens and the rest for final papers. He also turned over \$128.25 from interest received on daily balances on county funds. This makes a total of \$695.25 for the month. During the nine months he has been in office, lacking six days in January, as he took office on January 6, Mr. Coffey has turned over to the county \$159.67 from interest and citizenship papers. Prior to Mr. Coffey's administration this money was pocketed by the county clerk as a perquisite of the office. During the same nine months, Mr. Coffey's salary has been \$2750. Thus he has turned into the treasury \$402.67 more than his salary for that time.

OLD FIRE BELL WILL RING OUT HAPPINESS

Salem, Or., Oct. 4.—The old bell that rang from the tower of Waller Hall for many years and which since the fire of 19 years ago has rested in the fourth floor hall of the building, will be removed by the students and placed in a tower erected by them on the campus. The bell will be used to celebrate victories and during other student festivities.

PORTLAND GOOD ROADS BOOSTERS MARVEL AT BEAUTY OF HOOD RIVER VALLEY

Squadron of automobiles lined up in welcome to Portland visitors.

Hood River, Or., Oct. 4.—Probably a more enthusiastic or more satisfied crowd of sightseers never visited Hood River than the delegation of Portland "Good Roads Boosters," which was entertained here last Tuesday. Upon arrival at the Hood River station the visitors were met by a reception of Hood River citizens, including Mayor Blanchard. First there was an automobile trip over the western part of the city, where the visitors marveled at the beauty of the view of the river and Columbia gorge. Then there was a visit to Eggermont, and

to other sections where the orchards burdened with their splendid crops are at their best. There was a dinner and a program of addresses, one of the most interesting of which was by Samuel Hill, illustrated by a set of his wonderful stereoscopic slides.

The visitors left with nothing but words of praise for Hood River and its citizens. Those in the party were: Samuel Hill, Rufus Holman, D. V. Hart, W. L. Lightner, A. C. Spencer, H. L. Bowley, H. L. Keate, H. L. Pittcock, C. E.

Jackson, J. B. Yeon, Paul Wessinger, Julius L. Meier, Frank Tarran, A. S. Benson, S. Benson, J. B. Middleton, Guy Talbot, W. E. Coman, Frank Ransom, Bert McKay, John Beall, F. W. Isherwood and John P. Hartmann, chairman of the state highway commission of Washington.

WOMAN'S PRESS CLUB HOST AT LUNCHEON

Mrs. Simms of Woman's Home Companion Is the Guest of Honor.

Under the auspices of the Woman's Press club a very delightful luncheon was given at the Hazelwood yesterday afternoon, the honor guest being Mrs. Simms, a representative of the Woman's Home Companion, who is making a tour of the west in the interests of the crusade for better babies, which the Companion is carrying on. Covers were laid for 21.

Short addresses were made by all present. Mrs. Simms' remarks were of especial interest, inasmuch as she paid Oregon and her "Better Babies" movement a very high compliment, saying that the Portland child who carried off the grand sweepstakes at the Salem fair would be made famous through the Woman's Home Companion. Mrs. Shannon Monroe was another of the interesting speakers as was also Dr. Robert J. Hall, who has interested himself in the movement, and in the "Parents' Educational Bureau" of Portland. In the afternoon Mrs. Simms was shown over the city and in the evening she left for California.

Those for whom covers were laid at the luncheon were: Mrs. Simms, Mrs. Colista M. Dowling, Mrs. O. M. Plummer, Mrs. Lucia Weston Addison, Mrs. Dora Dean McCutcheon, Mrs. Thomas Hawkes, Mrs. Shannon Monroe, Miss Vella Winner, Mrs. Frank J. Durham, Mrs. Edith K. Holmes, Mrs. Edna Lynn Bost and paragon, Mrs. Elizabeth Simms, Mrs. Robert J. Hall, Mrs. Elizabeth Goddard, Elizabeth M. Story, Frances E. Gotshall, Dr. Katherine D. Myers, Dr. Elizabeth E. Smith, Mrs. A. H. Burkholder, Dr. Mae H. Cardwell, Margaret T. Monroe.

COL. THATCHER TALKS "GOOD ROADS" AT FAIR

Laidlaw, Or., Oct. 4.—The third annual west side fair was held here during the week and was a big success. The exhibits were exceptionally good and there were plenty of them. The new fair building was not quite completed, but sufficiently so that the fair was held in it. Among the exhibits were wheat, oats, barley, corn, flax, alfalfa, clovers of all kinds, potatoes, turnips, cabbage, kale, Simms, Mrs. Robert J. Hall, Mrs. Elizabeth Goddard, Elizabeth M. Story, Frances E. Gotshall, Dr. Katherine D. Myers, Dr. Elizabeth E. Smith, Mrs. A. H. Burkholder, Dr. Mae H. Cardwell, Margaret T. Monroe.

PETER J. SUHL DISAPPEARS; FOUL PLAY IS FEARED

Pendleton, Or., Oct. 4.—Mystery surrounds the disappearance of Peter J. Suhl, prominent Helix farmer, and suspicions of foul play are entertained by his relatives and the officers. He came to Pendleton last Monday, secured \$400 from the bank, sent a \$200 money order to a sister in Iowa and then disappeared. Inasmuch as he had considerable money on him at the time, it is feared he might have been waylaid. Another theory is that he wandered away during a period of irresponsibility. He suffered a sunstroke last summer and is said to have acted queerly at intervals. There is no known reason why he should have left without notifying his family.

MAYOR BLANCHARD OF HOOD RIVER TO RESIGN

Hood River, Or., Oct. 4.—E. O. Blanchard, cashier of the First National bank, who has served one year as mayor, has tendered his resignation as mayor and the same will be presented to the city council at its next regular meeting. Mr. Blanchard had another year to serve. He is resigning at this time to permit the nomination of a successor at the primaries. A. C. Staten, who has been a member of the council for several years, and who is at present president of the council, is being mentioned for the office.

Plan Bunker Creek Mill

Centralia, Wash., Oct. 4.—Charles Wakefield, a mill man of Lewis county, will immediately begin the erection of a sawmill on Bunker Creek. The new plant will have a daily capacity of 150,000 feet, a contract having been made with the Hill Logging company to do all of its cutting. The mill will be built so that its capacity can be increased at any time.

Talk Machine Price Cut

The rules of talking machine manufacturers prohibit the selling of instruments for less than actually established prices but nevertheless the purchasing power of an institution like Filbert Music, Tacoma, managed to secure advantages which are being offered on page 14, section one, this issue, under the heading, "It Takes Music," etc. (Adv.)

PLANS MATURED FOR WASCO COUNTY RODEO

At left—J. L. Kelly, president of Wasco County Fair and Rodeo, and Judd L. Fish, secretary, in official Rodeo costume.

The Dalles, Or., Oct. 4.—The Wasco county fair and rodeo to be held in this city October 8 to 11, promises to excel any similar event of former years. Preparations are being made to entertain record crowds and the city is being put in gala attire by professional decorators. The fair association has for its management the leading business men of the town and county. Almost every town in the county is represented in the industrial exhibits. The officers of the fair association are: J. L. Kelly, president; M. Z. Donnell, treasurer; Judd S. Fish, secretary. Acting as their assistants during the fair will be committees headed by the following chairmen: F. L. Houghton, The Dalles, poultry; J. T. Adkinson, Boyd, horses; A. A. Bonney, Tygh Valley, cattle; W. K. Ketchum, The Dalles, sheep; J. D. Whitten, Kingsley, swine; Bert Emerson, Wrentham, cereals; J. M. Carroll, Mosier, fruits and vegetables; E. C. Pease, The Dalles, department of boys and girls; county schools, Superintendent Clyde T. Bonney and Professor Henderson.

PLAN DIRECT LINE FROM THE DALLES TO BEND

Bend, Or., Oct. 4.—A direct telephone line from Bend to The Dalles, giving better connection between Central Oregon towns and Portland, was announced here this week by Prescott H. Coolidge, general commercial superintendent of the Pacific States Telephone & Telegraph Company, Portland. Accompanied by C. H. Moore, president of the Portland Ad Club, Mr. Coolidge was here on route to Klamath Falls. He said that the line would probably go down the Deschutes canyon following the route of the railroads. Mr. Moore said he desired to arrange an excursion of Portland Ad Club men to Bend next spring.

Night School at Hood River

Hood River, Or., Oct. 4.—Hood River will have a free night school in connection with the Hood River high school. The several literary and commercial branches will be taught. It is expected that about 60 students will enroll in the night school courses.

WILSON CARES FOR BOY RUN DOWN BY HIS CAR

Washington, Oct. 4.—President Wilson late today personally aided in caring for a 15-year-old messenger boy who was thrown from a bicycle and injured by his automobile. The president sent Dr. Grayson, his personal physician, with the boy to Providence hospital in the secret service car. Secretary Tumulty issued a statement at the White House stating that the boy, an employe of a messenger service, swerved directly in front of the president's car to avoid stones thrown at him by other boys, and that the automobile was going very slowly at the time of the accident. The president directed Dr. Grayson to act with the hospital physicians in caring for the youngster.

15,000 POUNDS OF POWDER IN BLAST

Huge Pile of Rock Dislodged at Kelly Butte for Use of the County.

Enough rock was dislodged at Kelly Butte yesterday to keep the prisoners busy for the next two years when County Superintendent of Machinery, William Hatchel touched an electric button that exploded 15,000 pounds of black powder, blowing rock contained in a space fully 90 feet high and about 50 feet in width down in the inclosure around the butte. Sheriff Word had the prisoners taken under guard about one-half mile from the scene of the blast and stationed on top of a large knoll out of the danger zone. George E. Williams, representative of a powder company, directed the loading of the giant tunnel. The county officials are greatly pleased with the results of the explosion. So perfectly was the powder placed that not a rock was blown from the stockade that surrounds the prison yard.

Mr. Hatchel had three sticks of dynamite set off one minute before the main blast in order to warn every one of it. When the electric button was pressed the whole face of the cliff moved out about six feet and dropped down, causing a muffled roar and making the earth in the vicinity tremble for a moment. County Commissioner D. V. Hart and County Surveyor Holbrook were present with several county employes to witness the blast.

UNDERWOOD WILL RUN FOR THE U. S. SENATE

Majority Leader Says Tariff Finishes His Work in the House.

(United Press Special Wire.) Washington, Oct. 4.—Formal announcement of his candidacy for the senate to succeed the late Senator Johnston of Alabama was made tonight by Representative Oscar Underwood. He will make the race against Representative Clayton and Hobson for the long term of six years beginning March 4, 1915. "With the enactment of the tariff bill, I have completed the work in the house that has been my ambition to accomplish," the house majority leader said. "Before retiring from public life I should like to have the honor of representing the people of Alabama in the senate of the United States."

Tells How to Do It

The best way is to look everywhere for the best player piano to be had at whatever price you wish to invest, then come to the big piano house where the exact same grade and quality will be found for just about 50 per cent less and the player pianos being sold for banker credits can be had for exactly half price. It's almost too good to be true, but it's true—that's why so many people are buying here each day. See announcement page 12, section one, this issue, under heading, "Music in the Home," etc. His Snap. "I'm sorry, I'm tired!" "There you go! You're tired! Here I be a-standin' over a hot stove all day, an' you workin' in a nice cool sewer!"

WHO WANTS TO BUY A FAIRLY GOOD SHIP?

Now Is the Time to Bid on the Glenesslin, Stranded Off Oregon Coast.

(Special to The Journal.) Astoria, Or., Oct. 4.—E. M. Cherry, Lloyd's agent here, has been instructed by the owners of the British ship Glenesslin to sell the vessel as she lies on the rocks near Nehalem river, together with all tackle, apparel, furniture and ship's stores. The offer is a result of recommendations by Captain Veyser, Lloyd's surveyor, who held a survey on the ship yesterday. Reports that the vessel is breaking up are without foundation, it is said here. The ship lies in a cove and is listed about 20 degrees. It can be reached about two hours after high water. It is estimated that the movables of the Glenesslin are worth at least \$5000 and the hull about the same, for junk. Sealed bids are to be received by Mr. Cherry until Tuesday noon.
