LOCAL POTATO TRADE IS FIRM BUT CENTRAL; WEST RATHER WEAK

Market on Coast in Good Shape, but Market Shows More Activity With Two Carloads From Medford Arrive Interior Points Which Ship to East of Rockies Will Be Affected By Recent Decline There.

Today's Produce Trade.
Egg market very firm.
Chicken trade slow.
Butter not so firm.
Cheese movement good.
Tokay grapes are firm.
More activity in hops.
Sugar price down 10c.
Veals and hogs weaker.
Potato trade firm.

While the market for potatoes is firm ally and up and down the coast, re is a weaker feeling in the trade west and eastern centers

Local conditions are such that it is uite probable that the present strength the coast trade will be continued though interior points which depend pen the middle west for the marketing f the bulk of their product will be affected which ever way the latter secons goes.

tion goes.

All doubt of the extreme shortage of the river potato crop of California has passed with the receipt of latest information from that section. With the acreage just about half that of last year and with an output per acre that is about a third less than a year ago, the outlook is for a rather short output there.

there. There is one strong redoeming feature in the California potato crop this season. The quality of the river stock is said to be unusually favorable. For that reason the California trade has been less inclined to purchase Oregon stock at extreme figures except when extra select quality was offered. The situation at the moment looks as if good prices will continue to rule for potatoes here, but there is little likelihood that a very heavy advance will be forced in the price.

EGGS ARE VERY FIRM

Vary firm tone is showing in the local egg trade and prices are being held stiff at the extreme mark for best quality. Receipts of local ranch are limited and even at the high price the trade's requirements are not taken care of.

VEALS ARE RATHER WEAK

Market for country killed calves remains very weak in the Front street district. Esceipts are heavier and some supplies have been carried over by leading receivers for several days. The extreme top today is 14c a pound. SUGAR DOWN A DIME AGAIN

Refined sugar prices are down another dime per hundred pounds in the local market today. The situation in the east since the recent drop of 25c has been very weak. All grades are affected by today's price lowering.

CAR TOKAY GRAPES ARRIVES Another carload of Tokay grapes from the south was unleaded on the local market today. The price was firm at \$1.25 per crate and there was a good movement. The season for Tokays is ending very tast in the south.

CANNED SHRIMPS ADVANCED

A very sharp advance is reported in the price of canned shrimps by local wholesmic grocers. The rise is 15c for 1s and 30c for 2s. The advance is due to the very short catch occasioned by storms off the guit.

BRIEF NOTES OF THE TRADE

Chicken market is quiet at former prices.

Country killed hogs are steady to weak with some reporting a sluggish movement at prevailing prices.

Some very fancy Winter Banana apples from White Salmen have arrived with three tier extra fancy quoted up to \$3.25 a box.

Peach market is quiet with prices easier. The trade's wants seem to have been filled.

Some of the lower grades are selling at 36 G 28c, but the quality of the crop as a whole is the best harvested for several years, thanks to the energetic work of the state agricultural department. It is generally conceded that two-thirds to three-quarters of the crop has already been bought up. Business on the local market has continued very quiet. A moderate quantity of 1913 hops arriving and most of them are billed out to brewers. Exporters have been looking for 1212 Pacifics around 21 G 23c and a lot of 800 bales of 20-year-old hops was sent to London this week. English mail and cable advices are firm at about 45c; estimates of the crop have been reduced to 140,000 to 260,000 hundredweights. PRUNES GOING TO LONDON

Eugene Fruit Is Finding Good Demand in the Metropolis; Some Already Shipped.

Eugene. Or., Oct. S.—London offers a market for Lane county dried prunes. Six carloads of the fancy pack of the Eugene Fruit Growers' association will be shipped to the metropolis of the world this fall, one carload having already been sent and another one will be started this week. The fancy pack of the local association finds a ready market anywhere, and the highest price is obtained. The pack this year will be \$30,000 boxes, according to the estimate of J. O. Hoit, manager of the association. The entire crop of Lane county is being handled this year for the first time.

Union, Or., Oct. 9. — Union shipped seven cars of prunes to eastern points Saturday last and it is estimated that the entire season's shipment of 50 cars will be completed by Saturday, October 18. The gathering and shipping of this crop has been under the supervision of F. V. Martin, northwestern agent for the Earl Fruit company, to whom all shipments are consigned. The shipment this year is the largest in the history of this place, employing a large force of pickers and packers.

Price Changes Are Small and Trading Is Slow; Wells Fargo Earnings Decrease.

New York, Oct. 9.—There was a very quiet tone in the stock market today, with the closing generally a few fractions better than yesterday. Canadian Pacific was an exception, with a loss of 2% points. The directors of Union Pacific held a meeting today, but no announcement of melon cutting was made. American Smelting & Refining company reduced the price of lead from \$4.50 to \$4.50 today.

Wells-Fargo net revenue for the year ended September 30 was \$2,016,025, a decrease of \$524,822.

for the May Today.

Chicago, Oct. S.—Spread of prices in the wheat market today was very narrow. Market opened under pressure with a loss of '4c each for December and May. The latter option continued weak and closed after gaining half of the early loss, while the December regained the entire decline.

Foreign markets continue sluggish. Broomhall cabled from Liverpool that wheat was easier on easier American cables, free Russian and Canadian orders and better weather reports from Argentina and expected liberal world's shipments. These were the incentives for the depression.

Argentina estimated shipments this week: Wheat, 640,000 bushels; corn. 4,250,000 bushels.

PLAYMATE OF GIRL

Municipal Judge Stevenson this morning told Mrs. L. B. Robinson of Lents she could keep her dog and have her own time in which to get a license.

The little dog had been the playmate of the woman's baby, who had died recently. Unusual interest attaches the dog to the bereaved mother, who told the judge it was the last plaything for which the child cared.

"Til get the license, judge."

cians was explained this morning in the municipal court by Or-ville Payne, a confirmed user of mor-phine. Payne told the court he recently secured a prescription from Dr. T. A. Scott at Third and Burnside streets and

ernoon addressed the Portland presbytery, asking the presbytery for its indorsement of the institution and of the
work that is being done there. The
vote was unanimous and hearly. The
appropriation of the last legislature to
the university was also approved.
The meeting yesterday afternoon was
taken up with handling routine business
of the presbytery and adjournment was
taken at a cclock. In the evening many
members of the assembly attended the
banquet given by the young men of the
First Presbyterian church at the church
house and participated in the program.
At this banquet, Rev. John H. Boyd,
pastor of the First church, outlined the
plans for the winter work of the young
men of the church.
A class for the study of civic rights streets.

Judge Stevenson advised a thorough investigation of the methods of securing the drug. Attorney Plowden Stott told the court he would present the matter to the medical board.

Payne said he went to the office of Dr. Scott three weeks ago for a prescription for the drug. The physician had him wait for two hours, he said, as the physician wished to be sure the fiend would not inform against him. Finally a permit was given, upon which fiend would not inform against him. Finally a permit was given, upon which Payne secured \$2 worth of morphine. Payne says he paid Dr. Scott \$2 for the prescription. Later Payne returned to the physician for a second permit which, he said, readily was granted.

Payne also told how he purchased \$4 worth of morphine 10 days age from M. Golden, drug clerk for the Clemenson Drug company. Golden, who was arrested, pleaded guilty this morning. He will be sentenced this afternoon.

men of the church.

A class for the study of civic rightcousness was organised and will ment
every Sunday immediately after the
regular morning service. "It is to be
an open forum of practically applied
Christianity," said Dr. Boyd in describing the class. It was also decided to
make a census of the social forces of
Portland and to that end will investigate
the schools and playgrounds to determine the extent of uplift work that is
being done. The committee to do this
includes W. S. Dinwiddle, C. P. Bradshaw, Fred H. Strong, Forest Fisher,

AUTHORITIES DEPORT A DIAMOND THIEF

Pardoned on condition that he never return to the United States under penalty of serving his full sentence, Herbert Duplissie, who was serving time in the state penitentiary for the diamond robbery at the Palace jewelry store on Washington street three years ago, was deported last night to Vancouver, B. C. by local immigration officials.

At the time Duplissie and a companion robbed the jewelry store at noon, he was cutting meat in a nearby cafeteria and as he was due to go to work at 12 o'clock he slipped into the eating place as soon as the robbery had been committed and went to work, escaping detection until his companion was caught and informed on him.
