FORGIVE HUSBAND  
Believed Probable That Mrs.  
Coates Will Not Prose-  
cute This Time.**

(Special to the Journal.)  
Rosesburg, Ore., Oct. 12.—It is probable that when the Robert Coates and Miss Lillian B. Carter, charged with a statutory offense, opens tomorrow morning, a motion to dismiss the case, following Mrs. Coates' signature, will be presented. Coates and his wife, who followed her husband and Miss Carter to Rosesburg and caused the arrest, left together last night for Portland. Coates will return tomorrow to be present at the trial. It is said that the departure of the two together signifies a reconciliation, and that the wife will endeavor to have the case dismissed. Miss Carter remained in her room today and refused to be seen. Coates was released from custody under \$1000 bail, and Miss Carter under \$1000.

Coates is a wealthy resident of Aberdeen, Wash. He says this was his first trip in Miss Carter's company, and that he will fight the case. Mrs. Coates accused her husband of being familiar with Miss Carter for several years, and declared she would shoot both if she ever found them together.

Lillian B. Carter, who was arrested Saturday in Rosesburg, carried on a real estate business in Portland during the summer months and had headquarters for a short time at 417 Medical building in the office of Dr. C. O. Boyer, but she was never an assistant to the doctor. As an accommodation, the doctor allowed Mrs. Carter the use of the telephone. She was a student at the University of Puget Sound, Tacoma, when Dr. Boyer was dean and it was there she became acquainted with Dr. Boyer. She has not been at his office since September. Miss Carter was formerly in the realty business in Tacoma.

**FIRE LADIES' RENEW  
REQUEST FOR ONE DAY  
OFF IN EVERY FIVE**

Committee of Firemen Today  
Makes Formal Plea to  
Mayor Albee.

Portland firemen are again asking that they be given one day of rest in five instead of one in eight as at present. This morning four members of the fire department, comprising a committee, presented the request to Mayor Albee. The firemen say that in other cities the members of fire departments have more time of each month, and as they are confined to their work 24 hours during the day they are entitled to more time off. The mayor told them that while he had not gone into the matter, he thought that one day in eight was not enough. He took the matter under advisement with the promise that an investigation would be made and an attempt to place the department and the hours of duty on a more equitable basis.

"Today, everybody has faith that dredging will do at least a great deal of good, as witness ships drawing 26 feet of water and at high tide, even when there is a nasty sea. This never has been done before."

"The Chinook began dredging June 19 and up to the present time has only been able to work about 40 double shift days. She will hang about the bar until November 1, but will not likely get more than five to 10 days work in."
