

WHITE SALMON NOW FULFILLING PROPHECY OF EMPIRE BUILDER

Valley on North Side of Columbia Progresses Along Model Lines.

White Salmon, Wash., Oct. 18.—On the banks of the Columbia river will live the highest type of civilization in this country, once said James J. Hill. By the rapid increase in population the White Salmon valley is fulfilling this prophecy. The White Salmon district occupies the north-half of the valley between Mount Hood and Mount Adams. The Hood River valley occupies the south half of the valley between the two mountains. The White Salmon valley is 35 miles in length and contains 378,480 acres, half of which is the finest fruit land in the world. The remainder is timber and dairy land. The men who are making their homes in the valley are for the most part retired business men and manufacturers from the middle west and east. Also a number of Portland men have orchards here.

The soil is red silt and volcanic ash and is the same soil which produces the famous Hood River apples. Seven billion feet of merchantable standing timber tributary to this outlet is a conservative estimate by cruise. Eight milling companies are doing a good business. The Northwestern Electric company with a 20,000 horse power plant and power plant is situated three miles up the valley on the White Salmon river. At the upper end of the White Salmon valley are the Trout lake and Camas districts, which are rich in grain and dairy sections. Trout lake is beautifully situated on the upper White Salmon river and is a favorite summer resort. A large drainage project has added 8000 acres of rich soil to the Camas valley and an irrigation district has been created to bring its bench lands into tillable form.

The White Salmon valley is served by two boat lines and the S. P. & N. railroad and has ferry connections with Hood River. White Salmon Prosperous Town. White Salmon and Underwood are the stations by which one enters the valley. The town of White Salmon is a prosperous town of 800 inhabitants situated on the bluff overlooking the Columbia river and with a view of some of the most magnificent scenery in the world. It is well supplied with up to date mercantile establishments, and has a prosperous and growing fruit industry. The White Salmon schools are among the best in the state. There are 155 pupils entered in the grades and 68 in the high school. The high school which is accredited in manual training, training and domestic science, corps of teachers is employed in the schools, and they are all working toward a formation of a parent-teacher organization. The making of White Salmon a "Community Center" and the widest use of the school grounds and buildings, to this end.

An astronomical clock in Germany is so perfectly constructed that its errors amount to only one second in more than 15 years.

Go Pimples—Come Beauty
This is What Happens When Stuart's Calcium Wafers Are Used to Cleanse the Blood of All Impurities and the Skin of Eruptions.

If you want a beautiful complexion stop using cosmetics, salves, lotions, etc. They simply clog the pores and prevent them from doing their natural and normal duties. If you stopped up all the pores you would actually die in a few days.

There is no sense in being longer humiliated by having pimples appear in public with a pimple-covered, blotched face—a face that makes strangers stare and your friends ashamed. Stuart's Calcium Wafers will drive all blemishes away and make your face a welcome instead of an unwelcome sight. You'll no longer be a slave to pimples, acne, blotches, liver spots, boils, eczema, tetter or any skin eruption.

Nowadays, when you see a real beauty, the chances are Stuart's Calcium Wafers wrought that wonderful change. It takes only a short time, even with very bad complexions—the kind that are disfigured with rash, eczema, boils, blotches and liver spots.

Stuart's Calcium Wafers cause the skin pores to breathe out impurities. The lungs burn up a great amount, but Nature imposes upon the skin the larger burden. Every tick of the clock means work, work, work for these wonderful Wafers. And every instant new skin is forming, impurities become less and less, the pores are reinvigorated, and soon such a thing as a pimple, blotched or any other eruption is impossible. You marvel at the change.

The soft, rosy tint love-taps the cheeks; the neck, shoulders and arms show the health of youthful skin—in fact, you just can't help having a beautiful complexion if you use Stuart's Calcium Wafers.

They are put up in convenient form to carry with you, are very palatable, and are sold by druggists everywhere, at 50 cents a box.

For a Pimple or Other Skin Eruption Left-I Used Stuart's Calcium Wafers.

There is no sense in being longer humiliated by having pimples appear in public with a pimple-covered, blotched face—a face that makes strangers stare and your friends ashamed. Stuart's Calcium Wafers will drive all blemishes away and make your face a welcome instead of an unwelcome sight. You'll no longer be a slave to pimples, acne, blotches, liver spots, boils, eczema, tetter or any skin eruption.

Nowadays, when you see a real beauty, the chances are Stuart's Calcium Wafers wrought that wonderful change. It takes only a short time, even with very bad complexions—the kind that are disfigured with rash, eczema, boils, blotches and liver spots.

WHITE SALMON AND ADJACENT VALLEY, RICH IN AGRICULTURAL, TIMBER AND POWER RESOURCES

AMERICAN ACTOR IS HONORED BY DEGREE OF DOCTOR OF LAW

F. R. Benson of Shakespearean Historic Fame Gets a Token From Montreal.

The first actor to receive the degree of doctor of laws from any English or American university is F. R. Benson. He and Sir Gilbert Parker were honored by this degree on last Monday by McGill university of Montreal, the leading educational institution of the Dominion of Canada. On the same day, Mr. Benson, acting manager of the Stratford-upon-Avon Players, began his first American tour in that city. He brings with him to this country 40 actors who have been associated with the production made at the Shakespeare Memorial Theatre in Stratford during the past 10 years. On these occasions all of the leading lights of the English stage have appeared with Mr. Benson and company at one time or another, including Sir Herbert Tree, Sir J. Forbes-Robertson, Miss Ellen Terry, Martin Harvey and a host of others.

On this American tour he will be seen in 10 of Shakespeare's plays. He will visit nearly 40 of the largest cities of the United States and Canada, and will be in this country until next June when he and his players return to England to prepare for the annual festival at Stratford.

His Fame for Work. Mr. Benson was given his L.L.D. degree on three counts viz.—on his ability as an actor, his work for the Shakespeare Memorial Theatre and his development of so many of the leading actors seen on the English stage. He has been a director of the Memorial Theatre since 1888 and has produced there 34 of the 36 plays attributed to Shakespeare. These plays he has taken on tour through the provinces and to London and has roused a new appreciation of Shakespeare's works throughout the United Kingdom.

It would be difficult to name six well known English actors who have at Oxford university that he determined to become an actor, and some encouragement that he received from Sir Henry Irving over an amateur performance confirmed his purpose. The year that he graduated from Oxford he was in Irving's production of "Romeo and Juliet," playing the part of Paris. The following year he organized his own company and went to the provinces. Three years later he became director of the annual festivals at the Memorial Theatre, in the town of Shakespeare's birth.

The esteem and admiration in which he is held by the men of his own profession in England was shown on the eve of his departure for America. A luncheon was tendered him by the leading men of the day in the arts and the stage and other professions. Among the speakers were Sir Herbert Tree, the archbishop of London, Sir Squire Bancroft, Henry Ainley and Sir Johnstone Forbes-Robertson. Sir Sidney Lee acting as toastmaster, expressed of good cheer came to him from all over England, and none was more appreciated than the greeting from the United States ambassador, who said: "To so noble a student of Shakespeare and to all lovers of the drama, I think no more."

Theatrical News-Notes

"The Strange Woman" a new play by William Hurlbut with E. F. Johnson in the leading part, opened at Atlantic City, N. J.

Jane Cowell, now starring in "Within the Law," will be seen at the theatre in a play based on an international marriage, by Margaret Mayo, author of "Baby Mine."

"The Romance of Billy Goat Hill," in which May Buckley is starring, is to be overhauled. The author, Mr. Parker, and the manager, Leo Morrison, have gone to Columbus, Ohio, for that purpose.

The Shuberts announce four plays that they have now in rehearsal for speedy production. One is "Paradise," the play based on a Chinese legend that Percy MacKaye has rewritten from various German and English versions; and the other three are comedies of the life of the hour—"Miss Phoenix," by Albert Lee and "A Modern Girl," by Ruth Richardson. The fourth play, which is by Miss Crother, has not been named yet.

Top, left to right—Business street in White Salmon; electric power plant near White Salmon. Bottom—Grammar and high schools, White Salmon.

Interesting experience could come than to see the most intelligent and earnest and even acting of this company." "Endowed by British Empire." This present tour of the Stratford players is under the direction of the board of governors of the Shakespeare Memorial Theatre—the only endowed theatre in the British empire, and generally regarded as the probable beginning of the proposed national theatre for England, if that institution ever takes root. In many respects it is the most ambitious tour ever undertaken by a visiting Shakespearean company. They not only propose to present 16 plays, but they are prepared to give them in 16 successive performances. This is an undertaking which, it must be admitted, would take the breath of any American producer. With the Stratford players "the play's the thing." Though their scenic equipment is heavy enough to require four baggage cars to carry it, they do not "smother" Shakespeare with scenery. But their costumes and properties are historically correct in every

FREE FREE FREE AN OPPORTUNITY FOR ALL THIS BEAUTIFUL \$400 JESSE FRENCH PIANO

Will Be Given Away Free to the Person Sending us the Largest List of Complete Words Found in Webster's Dictionary Made From the Words "Reed-French Piano"

OUR NEW STORE
Our idea is to draw attention of the public to our new store, Tenth and Stark streets, and the fine line of Pianos that we carry.
Many other fine premiums will be given for second best list, third best list, and so on.
Put on your thinking cap and send in a list. Some one will get these prizes—why not you? So get busy! Make your list and send it in right away. Free to everybody. We want everyone who would like a fine Piano or Player Piano to enter this competition.
A little study and numberless words will come to you. Send in your list right away—it might be the one to win the piano.

All Answers Must Reach Our Store Before 6 P. M., October 28, 1915. THE FREE PRIZES

detail, having been censured by the Chinese hierarchy. It has been determined by the management of the American tour to pass New York by on the other side. The present taste of theatre-goers of the metropolis seems to run rather to plays of a yellow hue than to the dramas of Shakespeare. If this tour proves to be as successful as the one of 1914, it is quite likely that it will be repeated in the course of two or three seasons.

DR. SUN SAYS HE WAS NOT ARRESTED AT KOBE
(United Press Service Wire)
Tokio, Oct. 18.—Dr. Sun Yat Sen, who was first provisional president of China and is now a refugee on account of his connection with the recent uprising against President Yuan Shi Kai, found at his home here today, denied that he had been arrested in Kobe, charged with embezzlement.
The story was that the doctor was accused of having made away with 2,000,000 taels, or about \$1,500,000 of the money he raised from China, all over the world, to finance the revolution. It was said Yuan Shi Kai was trying to secure his extradition from China, where his head quarters would be.

HOOD RIVER CARNIVAL COMES TO EN
Hood River, Or., Oct. 18.—A fine and pleasant weather carnival spirit is in the air for the past week. The Hood River carnival, which has been well attended, is the last day of the carnival. The round of pleasure will be wound up by a free stage dance to be held on the main thoroughfare of the city.

Dr. Harvey Wiley Says Northern Pacific Meal Service Stands 100%

A Seattle paper quotes him: "You have one of the best illustrations of what can be done in feeding people along the right lines with the right kind of food here in the Northwest in the dining car service of the Northern Pacific Railway. The food served and its preparation should be a model for every railroad and hotel in America. It is superior to anything I have ever found in a public eating place."
