It was decided at the meeting to have a parado of vehicles only. A committee consisting of A. L. Barbur, J. Fred Larson and R. H. Brown was appointed to confer with automobile owners and others in order to secure vehicles for the event. Instead of marching, members of the various orders and organiza-tions that will take part in the parade

will ride. In addition to the chairman of the day, George L. Baker, short talks will be made by A. L. Barbur, J. H. Nolta, J.

Finley and others. Every one of the 150 or more members the Knights and Ladies of Security who attended the "bridge" meeting at East Alder and East Sixth streets last night gave indorsement of the project when Mrs. Abiguil Scott Duniway, L. M. Lepper and G. D. Young finished talking about it.

Letters indorsing the bridge have

been received by the general committee from Rose City camp, M. W. A., and the Portland division of the United States Association of Postoffice Clerks. One of the features of the banquet which will close the festivities of "Bridge day," November I, will be a miniature bridge, set right on the table. Across this bridge will run an electric car. DEGENERATE SUSPECT IS UNDER ARREST

Positively identified by three children as the man who entered the Frazer De-tention Home early on the morning of September 16, William, alias "Spot" Smith, a mechanic, is in the county jail pending further investigation. In addition to the identification by the children, the man is partially recognized by Miss Nellie Gaffney, assistant matron at the home, and H. N. Frager.

Deputy Juvenile Officers Jefferies and Firher arrested Smith yesterday afternoon at the home of Andy Wambold, 1382 East Irving street. They took him to the detention home and Annie Clancey and Mary Madrona, two girls, each about 14 years old, positively identified him as the man who had come into the dormitory and attacked them. Miss Gaffney declared that Smith appeared to be the man whom she had peared to be the man whom she had defied on the morning of the intrusion. This morning Smith was identified by Chauncey Butler, 14 years old, whom had awakened and questioned in regard to the location of the girls'

A rifle was stolen from the home of Andy Wambold September 15, the day before the invasion of the home. The rifle was identified by the Butler boy and Miss Gaffney.

He smokes cigarettes incessantly. The officers believe he is a drug fiend.
The same man is supposed to have entered the Detention home later in the morning, to have broken into the Boys' and Girls' Aid society home and to have attempted to enter the House of the Good Shepherd.

MANY MAKE CHANGES IN THEIR REGISTRATION

The Progressive party apparently lost numerous adherents during the registra-tion for the coming special election in November, according to the deputy county clerks in the registration department by changes of party affiliation on reregistration. Among the new registrations the lack of Progressive party af-filiates was also noticeable, it is said. The majority of registrations were Republicans. Checking of the registrations is now under way.

During the past two weeks it is es-

timated that at least 2010 people either registered for the first time or made changes in residence or party. At least 500 more signed the books prior to that and since the June city election. From Gresham came a large number of registrations, estimated at over 300, attracted it is supposed by the local option question which is to be voted upon there. Women and young men registering for the first time made up a large majority of new registrations at this time.

BUDGET COMMITTEE PUBLIC ENTHUSIASM CUTS ABOUT \$459,000 OFF 1914 ESTIMATES

Pruning Process to Continue; \$600,000 Reduction in Figures Is Aim.

Approximately \$459,000 has been cut by the budget committee from the budget estimates of the various city departments for 1914. The entire amount to be cut to get the estimate so that the tax levy will be the same as last

year's is more than \$600,000.
According to figures compiled Deputy City Auditor Grutze, to keep the tax levy down to 7.7 mills of last year, the budget will have to be trimmed to \$2,371,000. The assessed valuation of property within the city, including franchises of public service corporations amounting to \$741,677, is estimated at \$308,000,000. This morning the budget committee spent some time figuring the amount the city will receive from a 7,7

tax levy. The committee also discussed the advithin the specified time.

Yesterday afternoon the committee clipped about \$4000 from the estimate for the city attorney's office, which in cluded salary cuts of stenographers and supplies. While no action was taken on the \$5000 proposed salary for the city attorney instead of \$2400, two deputies were increased from \$185 to \$200 month and three were raised from \$125 to \$150 a month.

Patrolman Gould, who has been selve ing as process server, was ordered back to the police department and a \$900 s year man was allowed in his place. One position in the police department was ordered cut so that Gould could resume his duties on the force. The position of an assistant city attorney at \$3600 a year, requested by Commissioner Brewster, was eliminated at the suggestion of City Attorney La Roche. Under the new arrangement the cost of the legal department will be \$2000 less than last

The committee also chopped several thousand dollars from estimates for the fire department, bringing the total cut for all departments to about \$459,000.

New System Proposed by Budget Committee.

Instead of a \$25,000 police telegraph and signal system as proposed by Mayor Albee for the new police station when completed, the city is to have an arc light signaling system if the plans of the budget committee proposed this morning are followed. The system, which would, using telephones and arc lights, cost about \$2500, is an idea of Municipal Purchasing Agent Wood.

The members of the budget commit-tee looked upon the new system with alison et al, appellants; appealed from approval, and as a result Mayor Albee's estimate for the \$25,000 signal system was clipped from the budget and
