ST. JOHNS COUNCIL ADDS CAPLES TRACT TO PARK SITES LIST

Final Decision Will Be Left to Voters; Cost of Street Lights Reduced; Chemical Truck.

St. Johns, Or., Oct. 23.—In response to a petition with 311 signatures, the council at its meeting Tuesday night added the Caples tract to the four park sites under consideration. The recent selections by the park committee not being final, it is possible that more sites will yet be added, but the final decision upon them all will rest with the voters.

Approximately \$40 per month will be saved to the city by the announcement at the council meeting that the Portland Light & Power company will reduce its monthly charge for each of St. Johns' 110 arc lights from \$4.60 to \$4.20. This is in accordance with the company's contract, which promised equalization of St. Johns' charges with Portland charges whenever Portland charges should be reduced.

A new \$10,000 automobile combination chemical wagon and hose cart has been asked for by a committee of the volunteer fire department, of which W. E. Ashby is chairman. LOCAL DRUGGIST MAKES MANY FRIENDS

HILLSBORO WORRIED OVER ELECTION LAWS

Voters Have Not Yet Determined Status of Local Option Situation.

Hillsboro, Or., Oct. 23.—There is a question as to whether there will be a special city election in Hillsboro November 4 for the purpose of voting on the saloon question. Two ministers in this city started an agitation to hold a special election in Hillsboro, and petitions were circulated, resulting in the required number of signatures being obtained.

The county court ordered the election held, but the problem of who shall appoint the judges and clerks of the election has since arisen. Answering a question put to him by the council as to whether the city of Hillsboro should appoint these officers, City Attorney Barrett said in his opinion they should be appointed by the county board, and not the council.

The Hillsboro election called for November 4 does not come under the regular city election laws, he said. There is no provision in the charter of the city which allows a special election at any time other than a regular election, and this election is not brought under the provisions of the charter, but under the provisions of the local option law as modified by the home rule amendment. Under this amendment, the city is made a separate division of local option territory and within its limits is subject to the provisions of the local option law of the state of Oregon.

In the opinion of the city attorney, in order to have a legal and effective local option election in Hillsboro, the petition must be presented to the county court, the county clerk makes the order of election, the county clerk issues the notices, the sheriff must post the notices, and the election should be conducted by judges and clerks appointed by the county court under the provisions of the local option law.

If the election is held with the regular city election, under the provisions of the local option law, the city recorder would place the question upon the official city ballots and the election would be conducted by regular city election workers.

The whole affair is in a muddled condition, a number of laws governing the election in Hillsboro, the petition must be presented to the county court, the county clerk makes the order of election, the county clerk issues the notices, the sheriff must post the notices, and the election should be conducted by judges and clerks appointed by the county court under the provisions of the local option law.

The citizens of Hillsboro have been taking a keen interest in the election, and 983 voters, which includes a majority of those in the city, have registered.

Should a decision be held, it is likely that the dry element will begin immediately to work to close the saloons at the next regular city election next fall.

NEW STRUCTURE TO BE BUILT AT MILWAUKIE TO HOUSE POSTOFFICE

Location Will Be on Streib Property; Commercial Club Now Corporate Body.

Milwaukie, Or., Oct. 23.—As announced from Washington Tuesday, the Milwaukee postoffice will move December 1 to a modern brick and concrete building to be constructed on the north side of Monroe street, between Front and Main, adjoining the First State bank of Milwaukie. This property, 60 by 60, has been leased for two years from Philip Streib, and will be furnished at a cost of \$1800.

As Milwaukie's postoffice has been growing fast and is now a third class office, paying a salary of \$1400 annually, new and larger quarters were needed, and work was started immediately under the direction of Inspector Clemens, of Portland.

The Streib property, which is now partially occupied by a bell tower and a garage, was selected from four sites offered, two on Main street, near Washington, and two on Monroe, near Front. It is located near the main business section of the town and half a block from the station, in line with the postoffice department's policy of locating new postoffices near railroad stations to facilitate quick handling of mail. Milwaukie has five deliveries of mail daily, and two rural free delivery routes. The establishment of a third R. F. D. route is being considered.

The appointment of a new postmaster will probably be announced soon. The present incumbent, Ralph W. Gantner, Republican, whose term expires April 1, 1914, has circulated no petition for reappointment to the two Oregon Democratic senators, although his friends have petitioned to that effect to the

GRANDMA USED SAGE TEA TO DARKEN HAIR

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss, thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, or if it is thinning and falling. The Sage and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of mess.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.
