W. D. Fenton Chairman of a Committee of Ten Named Today.

Voting unanimously to fight any effort to change the name of Broadway on the west side back to Seventh street the Broadway Improvement association held an enthusiastic meeting yesterday afternoon in the Commercial club build-

President J. C. Beck presided, and, on authorization of the association, today appointed the following committee of 19 to wage a campaign against any change in the name of the thoroughfare: W. D. Fenton, chairman; H. L. Pittock, C. S. Jackson, T. B. Wilcox, T. Scott Brooke, J. B. Yeon, A. S. Benson, R. W. Hoyt, W. D. Morgan, Robert Strong and D. J. Malarkey.

Among other things, the committee will confer with the city commissioners in regard to the ordinance championed by Commissioner Brewster, providing for the change of name.

S. Benson Opposes Change. At the meeting a letter from S. Ben-son was read. Mr. Benson, who owns the Oregon hotel property on Broadway, said in effect:

To surrender the name Broadway on the west side because the postal au-thorities have encountered small difficulties in finding street locations, he said, would be absurd.

Yesterday's meeting followed one held Thursday by the Theatrical Managers' association when that organization unanimously decided to use the name "Broadway" under any and all circumstances. Hotel managers, representing approximately \$5,000,000 in hotel properties on Broadway, will soon meet and formally protest the proposed change.

Denouncing the proposed change as ridiculous and a step backward in the city's progress," a number of them voiced their opinions in regard to the matter today, and advanced various propositions by which any tangle re-sulting from house numbering on the east and west sides could be straightened out.

Among the schemes proposed is one that provides for the renumbering of Broadway on the east sfde, and another which would result in calling the street North Broadway north of Ankeny to the Broadway bridge, and append the prefix "South" for that portion of the street south of Ankeny, The latter proposition has the sanction of the Broadway Property Owners' association, if no other way can be found to end

The two commit-tees held a joint meeting and adopted resolutions expressing unalterable position to the ordinance then before position to the ordinance then before the council, providing that Broadway on the east side should be known as "East Broadway." At the same time the committees came out in favor of the scheme of renumbering the houses east of the bridge approach, so there could be no duplication of numbers on the east

and west sides.

By adopting this plan, it is pointed out that all necessity of using the pre-fixes, "East," "South" or "North" would be done away with, and the street would be known as Frondway its arise length. be known as Broadway, its entire length, just as intended when the change was made.
