

ARMY, NAVY READY TO COMPEL PEACE IF ORDER IS GIVEN

Wilson Has Decided Huerta Must Go and Either Intervention or Support of Carranza Will Be Announced.

LIND TO MAKE FINAL PLEA WITH DICTATOR

President Holds Up Announcement Until Mexican Congress Meets, Saturday.

(United Press Leased Wire.) Washington, Oct. 30.—Army and navy were held in readiness today for Mexican service on the shortest notice. President Wilson hoped they would not be needed, his advisers said, but had instructed both departments to be prepared.

The chief executive, it was explained, had decided positively that Huerta must go and agreed with those who hold that the present intolerable conditions in Mexico must be met immediately.

Outside pressure in favor of American intervention to restore order has been of the strongest. Foreign diplomats in Mexico City have assured their governments that they see no chance of peace unless the United States uses force.

The president, it is said, was for the first time considering this view seriously.

John Lind, his emissary in Mexico, was planning a final effort to deal with Huerta, it was stated. It was taken for granted that he would renew his suggestion of an armistice between the Mexican and factions and a general election, safeguarded by the civil authorities.

In the meantime the powers are reluctantly upholding America's non-intervention policy.

If Lind meets with another rebuff, it was said the president would decide immediately whether to use America's armed forces to restore order, or to recognize the rebel leader, General Carranza, as head of a de facto government and permit him to import arms.

The chief objection raised to the latter course is that it would be tantamount to recognizing Huerta as the legitimate government.

GOVERNOR'S SECRETARY NOW IN WASHINGTON

Miss Fern Hobbs.

GIRL AMBASSADOR TO WASHINGTON IS DOING OREGON MUCH GOOD

Miss Fern Hobbs, Governor West's Secretary, Makes a Hit at National Capital.

(Washington Bureau of The Journal.) Washington, Oct. 30.—Miss Fern Hobbs is learning of some of the things which prevent a congressman from getting action on things he would like to have done for his state. For instance, when it came to matters relating to public lands pending before the house, she discovered that there was not a quorum of the public lands committee in the city and that there was small prospect that a quorum could be got together during the present session. Unless the committee will act on such matters the house will not even consider them, even if the embargo on general legislation could be lifted.

This is merely one item; but there are other things that the governor's special representative can do, and is doing. She is seeing bureau chiefs and department heads regarding important matters which the governor wishes to see advanced, and she is accomplishing good by her work. She has been in consultation with the various members of the delegation here and has learned much regarding the status of various measures. The senators and representatives have all shown a cordial willingness to give Miss Hobbs all the aid and to extend her every courtesy in their power.

It might be remarked here that there is nothing but good feeling and cooperation among the members of the delegation. The two senators are personally very friendly and work together very harmoniously. Each seems always ready to second the efforts of the other and to share credit for whatever may be accomplished for Oregon. The representative is in control.

General Diaz is being treated practically like a prisoner on the Louisiana. It is said he is not even allowed to receive visitors without a special permit. It was understood that the president was taken to make it impossible for anyone to suspect that he was allowed to make an American vessel a refuge from which to plot in safety against the Mexican government, even with Huerta at the head of it.

John Lind, the president's emissary, was preparing a complete report on the situation.

AXE FALLS ON HEADS OF TWO EMPLOYEES IN HEALTH DEPARTMENT

Anderson and Keith to "Go"; Lane and Dr. Ballard Fill Vacancies.

Two employees of the city health department are to be discharged tomorrow and their places will be taken by John C. Lane, soap box orator, and Dr. Charles A. Ballard. Lane was given the position by Mayor Albee and a letter notifying him of the appointment was sent to Lane this morning by Health Officer Marcellus.

The two to be let out are John M. Anderson and "Buck" Keith, Rushlight appointees, who have held positions in the department for a number of months. Anderson has been known as a sanitary inspector, while Keith was formerly market inspector having charge of the front street commission houses and market men. He was recently transferred from the market division to a position of sanitary inspector with a reduction in salary.

Both Anderson and Keith were asked by Dr. Marcellus some time ago to turn in their resignations to take effect November 1, but so far neither had done so.

In Anderson's place is to be put Lane, who gained considerable notoriety in recent campaigns as a soap box orator. From a box at Broadway and Washington streets prior to the city primary election, Lane fought the commission charter. Lane stoutly maintains that the fight he made against the charter was not instigated by anyone other than himself. He denies that he received compensation from any source for the talks he made against the charter.

Lane has stated the mayor promised him any position he wished under the administration for "services rendered" in the mayoralty campaign.

Mayor Albee said this morning that he was giving Lane a position in the health department, conditional on his efficiency. He states that Lane is deserving and entitled to the position. This is the second soap box orator the mayor has appointed since taking office. The first was Julius Knispel, who lost his position at the Linton rockpile when it was taken over by the county.

Dr. Ballard formerly had charge of the sanitary department for the Northwestern Electric company at its plant at White Salmon, Wash. He is to be given the position of acting chief sanitary inspector, which position is to be made permanent after January 1.

WRECKS STREWED ALONG COAST OF NORTHERN AFRICA

A Greek, a German, a French and an Italian Steamship Known to Be Pounding to Pieces on Moroccan Rocks.

MOUNTAINOUS SEAS MAKE RESCUE HOPELESS

Coast Towns Suffer Heavily From Hurricane and Loss of Life Is Large.

(United Press Leased Wire.) Casa Blanca, Morocco, Oct. 30.—Many were reported dead today in four disastrous shipwrecks on the Moroccan coast.

There was a terrific hurricane along the north African coast last night. Today the seas were still frightful. It was almost impossible accurately to estimate the number of drowned and of dead and injured on shore. Many coast towns suffered severely.

The Greek steamship Missolonghi and the German steamship Martini were known to have been lost and it was believed all on board them perished.

The Spanish steamship Lyria and the French steamship Carabella were ashore and pounding to pieces on the rocks today.

It was impossible for rescuers to reach those on the stranded ships, on account of the mountainous seas. Men could be seen clinging to the rigging of both vessels.

PITY THE POOR TONSORIAL ARTISTS!

PORTLAND MEN WILL BOOST GOOD ROADS IN CLATSOP COUNTY

Party Leaves on Special Car for Astoria and Seaside—Others Picked Up on Way.

Headed by Julius L. Meier, president of the Columbia highway commission, and Samuel Hill, Governor West's personal representative in the good roads movement, a party of nearly 50 Portland men left this morning for Seaside and Astoria to boost for the \$400,000 Clatsop county road bond issue to be voted upon next Tuesday.

The party left the North Bank station in a special observation car and stops will be made along the way to pick up other boosters. The first meeting will be held at Seaside, the train reaching there at 1 o'clock. Luncheon at the Hotel Moore will be followed by the big gathering at 3 o'clock. Mr. Hill and Frank B. Terrace of Seattle will be the speakers.

Returning to Astoria, the party will attend a meeting at the Astoria opera house at 8:30. Mr. Terrace of Seattle and Mr. Hill will speak, and Dr. Alfred Kinney will preside.

The Portland contingent will return on the steamer Harvest Queen, which has been chartered especially for the trip, and will reach Portland between 6 and 7 o'clock tomorrow morning.

Clatsop's proposed bond issue is designed to cover not only the portion of the Columbia highway between Westport and Astoria, thence to Seaside and

FIRMS GIVEN A MONTH TO GET LICENSE, UNDER THE INCOME TAX LAW

Collector Milton A. Miller Receives Instructions From Department Chief.

A one month's extension of time for corporations, firms or persons doing business that brings them under the provisions of the new income tax law, has been granted for taking out necessary licenses from the collector of internal revenue.

Word to this effect was received in a telegram from the chief of the department at Washington, D. C., by Collector Milton A. Miller this morning. The law was to go into effect November 1, but under the provision stated in the telegram it will not go into effect until December 1.

After that date any one affected by this law who does not secure the necessary license is deemed guilty of a misdemeanor, and for each offense is subject to a fine of not more than \$5000 or imprisonment for a term not exceeding one year, or both.

The provision of the income tax measure which sets this out is as follows: "All persons, firms or corporations undertaking as a matter of business or for profit the collection of foreign payments of such interest or dividends by means of coupons, checks or bills of exchange, shall obtain a license from the commissioner of internal revenue, and shall be subject to such regulations, enabling the government to ascertain and verify the due withholding and payment of the income tax required to be withheld and paid as the commissioner of internal revenue, with the approval of the secretary of the treasury, shall prescribe; and any person who shall knowingly undertake to collect such payments as aforesaid, without having obtained a license therefor, or without complying with such regulations, shall be deemed guilty of a misdemeanor, and for each offense be fined in a sum not exceeding \$5000, or imprisoned for a term not exceeding one year, or both, in the discretion of the court."

MRS. EATON INNOCENT OF ADMIRAL'S MURDER SAYS JURY'S VERDICT

Widow Awakened at 5 in the Morning to Hear the News; She Is Penniless.

(United Press Leased Wire.) Plymouth, Mass., Oct. 30.—The jury in the case of Mrs. Jennie May Eaton, accused of murdering her late husband, Rear Admiral Joseph Giles Eaton, retired, by poisoning him, returned a verdict of acquittal at 4:10 a. m. today.

The Eaton jury had been out since 7:45 last night. Just about daylight a rapping from inside the jury room door summoned a bailiff. The foreman told him a verdict had been reached. Judge Aiken arrived in a few moments. The jurors filed from their room and the spectators, of whom a crowd had gathered in the court room all night, openly sympathizing with Mrs. Eaton, craned their necks to hear and see.

As the verdict of acquittal was announced, Mrs. Eaton was seen to weep.

WILL TRANSFER DIAZ AT SEA TO AVOID HIS CAPTURE BY HUERTA

Admiral Fletcher Ordered to Place Fugitive Upon Mail Steamer After It Sails.

(United Press Leased Wire.) Vera Cruz, Oct. 30.—In answer to his message explaining the risk General Diaz will run of arrest at Tampico if transferred here to a commercial steamship, Admiral Fletcher today received instructions from Assistant Secretary of the Navy Roosevelt to send the fugitive from Vera Cruz on the cruiser Tacoma and transfer him at sea to the northbound New York-Cuba mail steamship after it had left Progreso, its last Mexican port by call. All danger of his arrest and imprisonment will be thus avoided. Diaz himself will decide whether to leave the mail steamship at Havana or go on to New York.

Admiral Fletcher notified the government by wireless that he could not send General Felix Diaz north by an American commercial vessel, inasmuch as all of them touch at Tampico, where Huerta is in control.

General Diaz is being treated practically like a prisoner on the Louisiana. It is said he is not even allowed to receive visitors without a special permit. It was understood that the president was taken to make it impossible for anyone to suspect that he was allowed to make an American vessel a refuge from which to plot in safety against the Mexican government, even with Huerta at the head of it.

John Lind, the president's emissary, was preparing a complete report on the situation.

SYMPHONY ORCHESTRA TO GIVE FREE CONCERT TOMORROW FOR BENEFIT OF SCHOOL CHILDREN

Pupils of 6th, 7th, 8th and 9th Grades on West Side, a Number From East Side and From Denominational Institutions Invited to Attend.

The Symphony orchestra's special concert for 5000 school children will be given in the Gipsy Smith auditorium tomorrow morning at 10 o'clock. Pupils of the sixth, seventh, eighth and ninth grades of west side schools and a number from the east side are to be allowed to attend, accompanied by their teachers. Five hundred pupils from the parochial schools and the music students from St. Helen's hall will also attend.

The concert is free to the children, and none but pupils and teachers will be admitted.

The Symphony orchestra's offer to give the concert was taken advantage of through the efforts of the Portland Recreation league, in cooperation with the superintendent of schools and the commissioner of public affairs of the city. The Recreation league has prepared a bulletin for the children that will aid them in getting a better understanding of music. Parts of this bulletin read as follows:

"The first number on the program is the Symphony No. 5, E-minor, by Peter Ilyich Tschaiikowsky, the greatest composer of modern Russia. His works are largely operas and symphonies. A symphony is a sonata for orchestra. It is the highest form of musical composition. Tschaiikowsky was a pupil of Rubinstein. He died in 1893. The symphony orchestra's offer to give the concert was taken advantage of through the efforts of the Portland

PARTY OF PORTLAND MEN ON WAY TO ASTORIA AND SEASIDE TO BOOST ROAD BOND ISSUE

SUIT CHALLENGES THE SULZER IMPEACHMENT

Action Filed in U. S. Court of Appeals Attacks Tammany's Order.

(United Press Leased Wire.) New York, Oct. 30.—A suit to test, and one which may invalidate the impeachment of William Sulzer as governor of New York, was filed in the United States circuit court of appeals today. W. H. Moore was named as plaintiff.

Attorney John Leary, representing Moore, filed the suit papers. He said the action was based on the contention that the state senate was not authorized to impeach Sulzer for acts committed prior to his taking oath as governor.

Governor Glynn and the members of the impeachment court were named as defendants. The petition also alleged that "New York state is ruled by an invisible government, dominated by two or three men," in violation of the federal constitution.

It also alleged that millions of dollars authorized for good roads were appropriated by those controlling the "invisible government."

WHO WOULD BORROW A FINE BABY BOY?

Who would like to borrow a baby for a month? Surely there is in Portland some over-quiet, babyless home in need of the music of a baby's gurgle and the sunshine of a baby's smile.

Any such may be supplied by applying to Mrs. Thoroman at the Associated Charities, necessarily "patented" case has just come to the notice of the Charities and it is in the interests of this that the cooperation of the public is asked.

The mother of a large family of children is being sent to St. Vincent's hospital today for a month's treatment. The family is in destitute circumstances and the older children have been placed in institutions temporarily, but every baby home in Portland is full to overflowing and not a single place can be found where little 5-months-old Jim can be cared for and it is for him that the Charities is making this appeal. Jim is a healthy little fellow and above all a "good" baby, being happy and contented anywhere.

The father of this family was a wife deserter, but he was recently brought back. He is penitent now and expects to plead guilty and when given a chance return to his family, so it is felt that a little help is given just now the problem of the family life will be almost solved.

EXPERTS THE SAME IN RUSSIA AS AMERICA

Kieff, Russia, Oct. 30.—The taking of expert medical testimony continued today at the Mendel Bellis trial. The prosecution's witnesses uniformly upheld the theory that Andrei Muschninsky, the 12-year-old boy whom Bellis is accused of killing, was the victim of a crime answering the description of the alleged "ritual murder." Those for the defense held the opposite view, adding that two persons must have been concerned in the butchery, that the hairs found on the boy's clothing were evidently from a man's beard and that they were not of the same color as Bellis'.

PLOT TO ASSASSINATE HUERTA IS DISCOVERED

Mexico City, Oct. 30.—Police arrested several men last night on the strength of an accusation that they were implicated in a plot to assassinate President Huerta, and today the police were ransacking the capital for other suspects.

S. F. Police Chief Acquitted

San Francisco, Oct. 30.—The police commissioner called a halt on the hearing of charges against Police Chief White and acquitted him.

A competent male stenographer wanted, salary \$75 a month. This ad appears today under "Male Help Wanted" — Many such opportunities are published daily.
