

# KATE AND KARL SHOW MOTHER THE SNAKE

# WILLIE'S SCHEME DIDN'T WORK THE WAY HE THOUGHT IT WOULD

DEAR TOMMY: I invented this scheme for our butcher, whose horse runs away every time he gets a chance. He had one bull, and the first time we tried it the horse started to run. It stopped him from running, all right; but he started in and knocked the front of the wagon into splinters!

Yours, etc., WILLIE
