"NAGS" "PANNED" BY SUPREME COURT JUDGE

Burnett Blames Both District Attorney Ivanhoe and Mrs. Ivanhoe for Trouble.

Salem, Or., Nov. 11.—Declaring that neither District Attorney F. S. Ivanhoe of Union county nor his wife came into court with clean hands, Justice Burnett read them a lecture in an opinion handed down today by the supreme court, revoking and dismissing the suit brought by Mrs. Ivanhoe to compel her husband to contribute to her support. In the circuit court, while the findings of the judge show that both persons are to blame for their unhappy marital relations, the court entered a decree making an allowance to the wife of much less than she claimed, and both appealed. The record shows that for many years the couple have had domestic trouble, and in 1910 the district attorney left his wife. The supreme court opinion points out that the findings of the lower court show that she was at fault by her nagging and insinuations that her husband associated with low women, while he would not admit to such conduct and abuse his wife. "It is not the purpose of this opinion to burden the reports with a rehearsal of the testimony," says Justice Burnett. "It is sufficient to say that it amply supports the findings quoted. The record fairly seethes with anger long pent up, and the parties seem to have made this litigation a mere pretext to vent their wrath against each other. Neither of them comes into court with clean hands as required by one of the standard maxims of equity. Of the plaintiff would enforce one of the incidents of the marriage relation against her spouse she must show that she is not wanting in the loving kindness due from wife to husband as an essential part of that relation, and which common experience shows to be woman's most potent influence in the control of the sterner sex. In brief, where both parties are at fault, equity will leave them where it finds them."

TOY BOY TESTIFIES AGAINST 'TILLCUM'

Circumstantial Evidence Is All Employed and President Eccles Getting Together for Better Understanding.

(Special to The Journal.) Pendleton, Or., Nov. 11.—Toy Boy, bosom friend of Columbia George for many years and his associate in the murder of Anna Edna, more than a decade ago, turned against his tillicum this morning, and in the closing hours of George's trial for murder of Timot gave evidence that tightens the net about George. He was called in rebuttal by Prosecutor Johnson to impeach the wife of the accused. Toy testified that a week after the discovery of the crime, George's wife came to him and in the presence of his father, offered him a saddle or \$100 if he would buy him a bottle of the bottle of alcohol from which he, her husband and others had been drinking on the morning of the crime, and which was later found near the body. He testified that Jennie Vannell, one of the defense's strong witnesses, also came to him with a request not to tell of the alcohol. The defense rested last night with submission of defendant's story, which in the main was a series of denials of testimony against him. He admitted having been to the Blinn ranch, but denied having seen Timot at all on that day. The feature of the defense's last day was the apparent abandonment of theories set up in the opening argument and the bringing of new ones. By testimony the defense sought to create the hypothesis that Columbia George's first wife, Mrs. Jacobs, committed the crime. George lived with his first wife about a year after he was pardoned from prison and Timot lived in the same house with them. Defense holds it is common gossip that Timot separated them and brought George and his present wife together. Thus, the defense has shown that she had been living near the scene of the murder, but failed to establish that she was there that day. The prosecution today in rebuttal developed the fact that Timot was in Pendleton and at Cayuse all day. The case is about to go to the jury.

RAILROAD COMMISSION APPROVES BLOCK SYSTEM. Salem, Or., Nov. 11.—The State Railroad commission today approved plans for pole line construction for the installation of an automatic signal system for the Dumoulin-Wahala branch of the O-W. R. & N. Co. This action of the commission is the result of recommendations of the commission, following an accident on the branch last February. After an investigation of the accident the commission found that it would have been prevented if block signals had been in use. A freight and a passenger train came within a few feet of collision. The new block signal system will extend from Umatilla through to Spokane, 184 miles, 21 miles of this line being within the state of Oregon.

BUCKAROO BESTED BY SADDLE HORSE. Condon, Or., Nov. 11.—Edgar McGillivray, one of the buckaroos of this section, was quite seriously injured a few days ago by his saddle horse. His horse, ridden the animal to Ferry Canyon, and when he dismounted he threw the bridle reins over the horse's head. The frightened horse reared and struck McGillivray on the shoulder, knocking him down, and then jumped on him. One hoof struck McGillivray on the upper jawbone, breaking it, and knocked out several teeth. The buckaroo was unconscious for some time, but is getting along nicely at present.

DON'T LET YOUR HAIR SPOIL YOUR GOOD LOOKS. Take the right care of your hair, and instead of spoiling your good looks, it will improve them. You can't beautify your hair with barrettes, ribbons and such things. Knick-knacks make homely hair look even worse, because the contrast shows off its ugliness to greater effect. If you want beautiful hair—soft, silky, wavy and glossy—use Harmony Hair Beautifier, a dainty-liquid hair dressing. Use it also if you want your hair to go into place—in wavy, graceful fashion—more easily, and stay there you put it. It overcomes the unpleasant odor with a delightful rose fragrance. Very easy to apply—simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change color of hair, nor darken gray hair. Cleanses scalp and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately softens to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes but a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet cleanliness. SUMPTER VALLEY STRIKE NEARS END

Employees and President Eccles Getting Together for Better Understanding.

Baker, Or., Nov. 11.—Progress indicating an early settlement of differences between the company and the employees of the Sumpter Valley railroad was made yesterday at a conference, attended by President D. C. Eccles of the road, who arrived Saturday to assist in straightening out the tangle. At the session last evening an agreement was reached between the company and the engineers, which stipulates the latter from the situation. This morning the troubles of the firm were taken up. Road officials and strike leader Robert McIntyre, vice president of the Brotherhood of Railroad Trainmen, are optimistic for an early settlement of the whole matter. The engineers were reinstated with the company by an agreement covering a period of one year.

COURT REGARDS MEN LARGELY TO BLAME. Bessie Day, the first to be given a hearing of the five arrested at the Oxford hotel Sunday morning by Sheriff Word and his deputies in warrants issued by District Attorney Evans, pleaded guilty to a charge of vagrancy before District Judge Jones this morning and was fined \$5 which she paid. The others are out on \$250 cash bail each. Judge Jones said that he had no desire to give a heavy sentence to women arrested under the circumstances of this case, but that the men in the cases were the ones to be punished. John Parker will be given a hearing on November 22. George Simpson, Bessie Wise and Elsie Warner will be tried next week.

REPRIEVE IS NOW HIS ONLY CHANCE

Chief Justice McBride Refuses to Grant Hansel Stay of Proceedings.

(Salem Bureau of The Journal.) Salem, Or., Nov. 11.—Chief Justice McBride today refused to grant a stay of proceedings in the case of Oswald C. Hansel, sentenced to be hanged next Friday for the murder of Judge Frank J. Taylor in Astoria. The case was presented to the supreme court on appeal from the decision of the circuit court refusing to grant a stay of execution, so that an appeal might be perfected. This means that Hansel will be executed on the appointed day unless a reprieve is granted by Governor West. Attorney George Arthur Brown, of Portland, who has been representing Hansel since the beginning of an effort to have his case appealed to the supreme court, has an appointment with the governor for tomorrow morning, when he will make a showing to the governor in the hope of obtaining a reprieve of 30 or 60 days. He will urge a reprieve on the ground of allowing time for Hansel chance to get his property rights

straightened out for the benefit of his young daughter. It is alleged that the lawyers who represented Hansel in the lower court induced him to sign away property in excess of reasonable attorney fees. The governor has repeatedly stated that in this case, he will not interfere with the execution of the death penalty.

Grandma Never Let Her Hair Get Gray. Keep her locks youthful, dark, glossy and thick with common garden Sage and Sulphur. When you darken your hair with Sage Tea and Sulphur, to one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 60 cents you can buy at any drug store the ready-to-use tonic called Wyeth's Sage and Sulphur Hair Remedy. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears and, after another application of two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years young. (Adv.)
