\$60,000 Stock WOMEN'S Coats, Suits Dresses, Waists, Skirts and Furs

Every Garment in this monster stock will be placed on sale at prices never before attempted in this city. Eager manufacturers with their persuasive price concessions (caused by the new tariff revision) have tempted us to over buying, then the continued warm weather, of course, induces a slackened condition, in fact we frankly admit that we have over-estimated conditions and our stock rooms and selling space is filled to overflowing with the very newest seasonable merchandise and we must clear the stock. An honest confession is good for the soul, so we prefer to take our medicine now, rather than later.

Sale Starts Friday Morning November 14th at 9 o'Clock
AND WE ESTIMATE JUST NOW THAT WE CAN TRIM THE STOCK DOWN TO NORMAL IN 15 DAYS OF PRICE CUTTING

These Suits are every one a new Fall style, modeled in cutaway, blouse and kimono effects. Tailored of wool poplins, eponge, broadcloth, English serges, diagonals, mixtures and Bedford Cords. The colors are the latest.
