FRUIT GROWERS GETTING BEST RETURNS FOR CROPS FOR MANY YEARS GENERAL STRIKE IS

TURKEY SHIPMENTS TO THE NORTH ARE HEAVY FROM LOCAL MARKETS

Receipts Are Increasing and Outside of the Northern Demand the Call Is Extremely Limited; Big SOME IMPROVEMENT Supplies Are Due to Come.

Today's Produce Trade.

Egg market firmer. Chickens very quiet Butter situation unchanged. Big fight for butterfat Turkey shipments north. Artificial hop prices. Veal market improved. Country hogs rule steady.

Small potato movement. .

Heavy purchases of turkeys are being made by outside interests for shipments to the north, although so far as can be ascertained nothing above 23c a be ascertained nothing above 23c a pound is being paid for fancy dressed birds. Errye & Co. of this city alone sent a half ton of dressed birds to the northern markets during the last 24 hours. They were the heaviest purchasers along the street.

In a limited way sales of turkeys are reported along the street as high as 24c a pound, but big lots cannot be moved at this price at present.

Receipts are increasing and those that want to unload are compelled to accept

Receipts are increasing and those that want to unload are compelled to accept the lower figures. Those that have only a few birds to sell are sometimes in a position to force the top value. Big snipments of turkeys are due in the local market Sunday and Monday, when the price will be formally set for the Thanksgiving trade. In all probability, there will be a fiberal increase in offerings over last Thanksgiving, because the birds at this time are said to be in a better condition than then.

What will be the ultimate price for Thanksgiving turkeys none are able to state at this time with any degree of accuracy, but it will likely be within a cent or two of present values.

EGG MARKET HOLDING FIRM

Prices in the Front street market are holding very firm for eggs, although no further change in values is noted. Reccipts are not quite so heavy as they were a lew days ago, and there is again talk of a further advance in the price.

CHICKEN TRADE IS VERY SLOW

In the chicken trade the market is rather inactive with receipts piling up along the street. Buyers are still jockeying with the market in an effort to force values down, a course generally expected at this time of the year.

A few small lots of dressed geese have arrived, but buyers are not taking them at ise a pound.

VEALS ARE SLIGHTLY BETTER

Market for country killed calves i slightly better and for extreme top stuff values are holding firm at 131/20 a pound. There is a Bleady tone in the a pound. There is a steady tone in the trade for dressed hogs, but prices are unchanged.

SPANISH ONIONS, ARE NOW IN

First arrivals of Spanish onions for the season were reported on the local market today by Levy & Spiegl. The snipment was a small one and came from Spain. The demand was good and the stock was quickly cleaned up at 6c a nound.

JAP ORANGES QUOTED LOWER

Lower prices are being named for Japanese oranges with heavier ship-ments from the orient. Quite liberal stocks came forward yesterday after-

Rather quiet tone is shown in the

Weather bureau sends the following notice to shippers:

"Protect shipments as far north as Seattle against minimum temperatures of about 42 degrees; northeast to Spokane, 35 degrees; southeast to Boise, 30 degrees; south to Ashland, 36 degrees. Minimum temperature at Portland to night, about 42 degrees."

PRUNE PACKING IS ENDING

Operations at Newberg Almost Finished for Season; Better Quality Fruit Now Shown.

Newberg, Or., Nov. 20.—The packing of prunes is drawing to a close. An im-

Money; Shipments Are Quite Heavy at Monmouth.

ments from the orient. Quite liberal stocks came forward yesterday afternoon. Sales are reported from \$1.25 to \$1.60, according to quality. California oranges are steady with large lots selling down to \$3.75.

POTATO MARKET VERY QUIET

Rather quiet tone is shown in the Rather quiet tone is shown in the for poultry feed.

Rather quiet tone is shown in the local tharket for potatoes. There is a smalk outside demand around former prices, but the movement has been restricted because holders of fancy stuff are not willing to sell.

SHIPPERS' WEATHER FORECAST

Newberg, Or. Nov. 20.—The packing of prunes is drawing to a close. An improved appearance in the fruit is noted, which is attributed to doing away with the old process of dipping them in hot water and substitution of dry steam, prunes dry. There is less breakage of the skin than by the old method. There is also an increased sweetness over former years, which results from the is also an increased sweetness over former years, which results from the greater number of sunshiny days this years than in past years.

It is estimated that about \$200,000 will be paid for prunes grown here this year. Most of the shipments made thus far have been to other countries. Out of 270 tons shipped last month by Gile & Co., 268 went to Europe and one to Canada.

Canada. Will Give Money First.

Milton, Or., Nov. 20.—The regular annual meeting or banquet of the Milton Fruitgrowers' union will be held as usual, this year but only a few weeks later to allow the management to settle in full with all the growers previous to the meeting. The invitations will be sent out this week. Returns are now in with the exception of the winter apples and these will soon be ready. This week will see the close of the shipping season, there being only about four carloads to send out.

SHOWN FOR WHEAT IN LOCAL HOP TRADE

Top Stuff, but General Business Rather Slow.

Conditions in the hop trade locally are steady but quiet. Actual business is passing from 20c to 23c a pound. It would probably be possible to force an additional half cent above this range for something extra select, but no business is reported at that figure.

ness is reported at that figure.

With the holidays approaching the trade is not anticipating any great movement of hops within the immediate future. There is seldom much trade around this period, therefore this season is not likely to prove an exception.

Seavey & Johnson Hop Co. purchased 200 bales from Robert Porter at Forest Grove at 23c a pound, and about 150 bales from other dealers at prices that ranged from 22c to 23c.

While some orders are coming forward at these values, the general eastern trade is seemingly not very much interested at the moment. The situation is further complicated by the manipulating influences of some dealers who therefore bid a higher price to some growers they positively know will not sell at any price just now.

Stock Market Shows Slowest Movement in the First Hour Ever Known to the Trade.

New York Nov. 20.—Today's transactions on the stock market broke the record for duliness. Less business passed during the first hour of trading today than ever before known. The speculative trade was awaiting final action on the currency bill, which has been scheduled for the senate this week. The stagnation in the steel trade and

The stagnation in the steel trade and the prospects for lower prices, with probable competition of foreign steel in the american trade, had a depressing ef-fect upon industrials generally today and indirectly affected the rest of the

HEAVY YIELD OF POTATOES

Fred Wright of Walker Gets About 600 Bushels on 11/4 Acres; Good Sizes Produced.

Cottage Grove, Or., Nov. 20.—A production of potatoes that will arouse the fealousy of the eastern potato growing states is reported by Fred Wright of Walker. On a trifle over an acre and a quarter 600 bushels of tubers of the Burbank variety have been harvested. The peculiarity of the production is that there are almost no small potatoes in the entire output. One of the potatoes, nine inches in length, weighs two pounds. Five of them, averaging seven inches in length, weigh five and a half pounds. These latter represent about the average run of the field.

Report of Northwestern Fruit Exchange Shows Average of \$615.17 Net for Season to October 25: High Priced Sales Later.

This is one of the very big years for This is one of the very big years for pay and working conditions, fruit growers and the various products The Buchow factory hands were ac have brought more money than for many any deficiency in the output.

any deficiency in the output.

In a statement of net returns to fruit shippers for the season up to October 25, D. H. White, treasurer of the Northwestern Fruit Exchange, says that the average price per car of fruit up to that date this season was \$615.17 net to shippers. On the same date a statement of the North Pacific Distributors of Spokane showed disbursements to growers of \$650,000 representing 1260 cars. The average price figures \$515.87.

The statement by Mr. White shows in detail at the close of business Novembers of all kinds was nearly detail at the close of business Novem-

continent. Broomhall cabled from Liverpool that wheat was steady. The steady American and Winnipeg markets caused a firm opening. Later there was a further advance on the scarcity of first hand Manitoba offers, strength in spot here, and forecast of light Russian shipments this week. The continued favorable weather in Argentina checked the advance.

Apples Are Shipped.

Apples Are Shipped.

Cottage Grove, Or., Nov. 20.—The first carload shipment of apples for the season left here last week, consigned to Fresno, Cal., Grant Bales of Dorena being the shipper. The Bales Brothers have probably the finest orchards in this section, and their fruit finds a ready market. They grow fruit on a large enough scale to be able to market it direct, thus having a big advantage over the small grower.

Business of all kinds was nearly prostrated. The government was wor-

JUDGES INDORSE PLAN FOR REDUCTION OF FEE

There was a fair degree of strength in the market today for the better class offerings of mutton, but poor stuff continues rather neglected. There was a rather fair run in the sheep house for the day, totals being 1003 head, compared with 218 head last Thursday. Some of the good mutton that came forward was direct purchases of a local mest company, therefore did not enter the market.

At Chicago there was a steady tone in the sheep trade for the day.

At Chicago there was a steady tone in the sheep trade for the day.

South Omaha sheep prices were lifted again 10 § 35c.

Total \$354,161.07

At the same time a year ago the local exchange had paid for 462 cars of fruit, a total value of \$212,116.30, or an average price for supplies, Mr. White says: "At the time of making the statement, the exchange had paid for 462 cars of fruit. In explaining the average price for supplies, Mr. White says: "At the time of making the statement, the exchange had paid for 462 cars of fruit. Since the day, totals being 1003 head, compared with 218 head last Thursday.

Some of the good mutton that came forward was direct purchases of a local mest company, therefore did not enter the market.

abolish fees entirely, because that would cases that have no place in court under any circumstances. But the fees should be small enough so that the poor man can be given an inning." Judge J. N. Davis declared the action

of the bar association in asking similar the bar association's campaign to have associations of the other double-fee dis- the costs lessened and will lend any inriets to join in a unanimous appeal to fluence I have to help it." congress for remedy was a most encouraging sign. The decision to have the committee wait upon the judges of the circuit court of appeals to secure Chicago, Nov. 20.—May wheat was given serious attention by the shorts today, and after the opening advance—of the financial hardship of appeal costs, he also thought a decisive indication of earnestness.

"It too often happens," said Judge Nev. Dec. modification of the court rules to ease

"It too often happens," said Judge Davis, "that a clerk, seeing an oppor-

office which could be filled by almost any good bookkeeper."

Judge T. J. Cleeton sees in the Bar association's crusade, a real awekening. "When the state courts were on a fee basis, with all the court officers, including the district attrney, on a fee basis, the dockets were packed with litigation all the time," said Judge Cleeton. "It got so that the district attorney's office would bring criminal cases on the most trivial pretexts, for the sake of the fees. This brought on so many evils that we abolished the system a few years ago and now all the officers are on a straight salary. This, we have found, is working out very well. There is no reason why it would not work out the same in the federal court. I am glad to say that I voted for the indorsement of the bar committee's report and expect to lend

Judge R. G. Morrow declared the present cost of litigation in the federal disexcuse ever was justified," said Judge

"The system ought to have been changed years ago. The volume of busi-ness now handled by the federal courts has grown to such a point that the fees can be curtailed, at a great saving to the litigant and without sacrificing the ef-

HANGS HIMSELF TO

Peter Haller Uses Stepladder as Scaffold and Lantern for Light.

Peter Haller, a well-to-do gardener and landowner at 7726 Foster road, hanged himself this morning to an apple tree, where his wife found him dead shortly after 6 o'clock. Hanging biside the man was a lighted lantern which he had used to illuminate his death scaffold and which later served to attract the attention of his wife.
Worry over a law suit started against him by a man by the name of Simpson

of not paying all the rent and taking some fixtures belonging to the house Shortly before 6 o'clock Haller arose, kissed his wife and said goodbye. The woman thought this somewhat strange As he did not return soon, Mrs. Haller went to the barn and made a search Falling to find him there, Mrs. Haller went around the barn toward the orchard, when she saw the lighted lantern hanging in a tree. As she approached, the form of the man was seen hanging from a rope. The police and coroner were notified and took charge of the The lantern was still burning body. when Patrolmen Miller and Wellbrook arrived at 7:30 o'clock. Deputy Coroner

Goetsch cut down the body. Haller had tied one end of a rope over a limb, making a noose in the other end. A step-ladder placed against the tree served as the scaffold, for after poking his head in the noose he stepped off. Haller had lived in his Foster road ome for many years.

BELIEVE MAN KILLED SELF AFTER EXPLOSION

Cedar Rapids, Iowa, Nov. 20 .- Three undred pounds of dynamite exploded in the quarries of J. J. Snousser Jr., a few niles south of here, early today, as the employes were starting to work. Four men were injured, one probably fatally. Later a man's body was found near the quarry with a revolver nearby. The police think he may have been responsible for the explosion and committed
