

MINE WORKERS AGREE WITH TRADES COUNCIL UPON SURFACE WORK

White Rats' Association Charter Not Suspended Because of Old Quarrel.

(Called From Tualatin, Ore.)
Seattle, Wash., Nov. 20.—Efforts to have the American Federation of Labor in convention here, support the charter of the White Rats' association, failed today. The federation voted to have its executive council continue its efforts to settle the differences within the organization.

The White Rats are accused of failing to live up to an agreement made when the Hebrew Actors' association was amalgamated with it.

Resolutions endorsing the contention of San Francisco in its effort to secure a municipal water supply and urging the passage of the Fletcher-Hetley bill now before the senate at Washington, were introduced by Delegate Paul Schurrcnburg.

For the first time in the history of the United Mine Workers of America, the heads of that organization agreed to allow jurisdiction over work in connection with mines to be given to another organization.

Claims of the Building Trades Council before the committee on education, the right of control over the building of wooden buildings, buildings and frame work on the surface around mines, were granted by the mine workers.

The agreement practically allies the building trades with the mine workers.

DAYS OF PIONEER BANDS RECALLED

Portland's early musical history, particularly as it relates to bands, will be recorded and preserved for future generations by the Portland Pioneer Band Association of Oregon, permanently organized last night at a banquet at the Portland Commercial club. Ralph W. Hoyt is president.

Permanent organization grew out of a reunion of former members of the pioneer military and concert bands in Portland, among which were the Sterling, the Dodsworth, the St. Mary's college, and old Marine and the First regiment, O. N. G. bands. The last unit disbanded when the regiment was ordered to Manila during the Spanish-American war.

Last night's banquet was the second reunion in the past two years, and attendance was strongly in favor of making the organization permanent. Although quite a few former members have removed from the city, it is believed that the list will reach the five mark by the next meeting, a year hence. In the meantime the officers and committees will gather material for the historic work that will eventually make its appearance.

President Hoyt acted as toastmaster and everyone was called on for a "bit of ancient history." At the end of the talkfest, some of the members who had brought their instruments, favored with a couple of selections, which were highly enjoyed and most enthusiastically applauded.

Officers of the association are: Ralph Hoyt, president; F. A. Seberling, vice president; George Hockenjos, secretary; C. H. Fox, treasurer; Henry Hockenjos, historian. Eligible to membership are those who belonged to any of the regularly organized concert bands of Portland, prior to the disbandment of the old First regiment band.

Present at the banquet last night were R. W. Hoyt, J. E. Owen, L. J. Smith, R. H. Birdsell, R. M. Benjamin, W. T. Pangloss, A. F. Harper, Otto H. Opitz, John M. Wall, Don J. Zan, George W. Hoyt, George Hockenjos, C. C. Childress, Henry Hockenjos, E. C. Test, C. H. Fox, George Fety, J. W. Altrock, William F. Weber, C. A. Legrand, M. Abraham and F. A. Seberling.

WATERFRONT WILL BE RELIEVED OF RICKETY OLD LODGING HOUSE

(Continued From Page One.)
Inspection of certain overloaded docks was received, and the engineer of the dock commission was ordered to confer with the inspector, get the data in greater detail and be prepared with recommendations at the next meeting of the commission. At the same time the attorney was requested to draft an ordinance making it a misdemeanor to load docks beyond ascertained capacity, plainly posted in a conspicuous place on the building.

A letter sent by the secretary of the commission asking of other ports data relative to harbor piers, east and south, was read. The commission wants this information when it goes before the people asking for an additional appropriation to carry on its work of harbor development.

It was suggested that the W. R. N. company be asked if it had objection to installing the government time ball on one of the towers of the new steel bridge. Chairman Mulkey told of watching the lumber Santa Clara of the W. R. Gray line, and how he had instituted doubly to find why the line when the time required for passing through the draws in such condition is greater, as is the danger to the vessel.

BIG CROWD EXPECTED AT SCHOOL MEETING

5000 May Attend Taxpayers' Session Next Tuesday at the Armory.

Five thousand people are expected to attend the taxpayers' meeting next Tuesday evening. The meeting will be held, according to law, in Lincoln high school, but an adjournment will be taken to the Armory.

This attendance, greater nearly than the sum of attendance at previous annual taxpayers' meetings, is expected because of the unusual interest in the meeting this year, said O. M. Plummer, school director, in an address this afternoon before the Progressive Business Men's club. The school survey, new methods, the school budget of \$2,129,000, the proposed 1 mill tax for a technical high school, the proposed bond issue of \$500,000 for new buildings and grounds all make interest intense.

Dr. Ernst A. Sommer, member of the school board, addressed the club. He had with him a letter from the state attorney general, saying that legal authority is vested in the school board to adopt a system of physical education if it so desires. The item of \$25,000 for physical education, including recreation and medical examination, was stricken from the budget because of an opinion that there was no legal authority for it.

The school program for the coming year will be shaped much along the lines of the recommendations contained in the school survey authorized at the last taxpayers' meeting. Copies of the survey have been printed, and are to be obtained free from L. J. Goldsmith, secretary of the Taxpayers' league, 321 Corbett building, Oregon child labor commission, Madison building, school clerk, fourth floor of the county courthouse.

R. H. Thomas, clerk of the school board, explained the items in the school budget before the Progressive Business Men's club. Howard Bennett was chairman of the day.

Lamaack From Pendleton

Pendleton, Or., Nov. 20.—Gustav Lamaack, the Pendleton man who jumped overboard from the Steamer Bear, en route to San Francisco, was a brother of Mrs. C. S. Rosenberg and a half-brother of H. H. Wessel of this city. He worked here five months in Wessel's store. Relatives believe he was temporarily deranged.

MISS JUDITH SCOTT TO MARRY L. R. FIELDS

Daughter of Late Harvey W. Scott to Wed Leroy R. Fields.

That Miss Judith Scott, the beautiful daughter of the late Harvey W. Scott, former editor of the Oregonian, is to be married this evening to Leroy R. Fields of the firm of Fields & Honeyman, real estate and insurance company, was learned by a few of their intimate friends this afternoon. The wedding is to be very quietly solemnized at the home of the bride's mother, Mrs. Harvey W. Scott, in Laurelhurst, the beautiful residence formerly owned by Mr. and Mrs. Charles K. Henry.

The details of the ceremony have not been announced, as the wedding was to have been a complete surprise to even the most intimate friends of the families. Rev. A. A. Morrison will be the officiating clergyman.

Miss Scott is a charming girl, a tall and striking blonde, with winning personality. She has traveled and studied extensively east and abroad. She is a sister of Estle M. Ambrose and John Scott.

Mr. Fields is the son of Mr. and Mrs. L. R. Fields.

WENDLING SHOPS DESTROYED BY FIRE

Plant Said to Have Been Most Completely Equipped on Coast.

Eugene, Or., Nov. 20.—The machine shops of the Booth-Kelly Lumber company at Wendling, said to be the largest in Oregon, were destroyed by fire at 3 o'clock this morning. The building, which was 100 feet from the planing mill, was discovered ablaze by the watchman at the latter plant, who gave the alarm, but too late to save the building and its contents.

All repair work of the Wendling, Springfield and Coburg mills of the company, besides car repairing on the extensive system of logging railways of the company above Wendling, was done at these shops. The shops were claimed to be the most completely equipped of the kind on the Pacific coast. Origin of the fire is unknown.

Men had been working in the shop all day yesterday, but left no fire that might spread. From 12 to 15 men were employed in the shops, and these are thrown out of employment until the plant is rebuilt.

A. C. Dixon, manager, would not estimate the loss, but said 75 or 80 per cent of it is covered by insurance. Loss is estimated by some at \$15,000.

MATRIMONIAL BUREAU BRINGS WOE TO BAKER

Portland Fisherman Weds Salt Lake Girl, Loses Her and Money First Night.

(Special to The Journal.)
Salt Lake, Utah, Nov. 20.—Dryden Baker, married Wednesday and without money, wife or clothes, this morning told the Salt Lake police just what he thought of brides secured through matrimonial bureaus. Baker is a well-to-do Oregon fisherman living near Portland. He wrote last May to a matrimonial bureau and was referred to Miss Daisy West of Salt Lake.

Baker came to Salt Lake Sunday and was married Wednesday. Baker had been staying at the Perry hotel and had deposited most of his money with the clerk. After the ceremony he and his

wife started toward the Perry but she objected, saying that she did not want to go there as someone was staying there whom she did not wish to meet. They went to another hotel, Baker told the police early this morning that when he woke up his wife was gone and he also \$25 which had been in his trousers. He hurried to the Perry hotel. There he found that a woman had presented an order for his money on deposit with the clerk and for admission to his room. He declared that \$91 which he had on deposit was taken and also his suitcase containing all his belongings, save the also \$25 which had been in his trousers. clothes he wore.

Highest Grade Tailoring

Suit or Overcoat

From Your Unrestricted Choice of Any Piece of Woolen in the House
MADE TO YOUR ORDER

\$28 to \$35

GENTLEMEN BEAR THIS IN MIND!

This difference in price in the yardage that goes into a Suit is the smallest factor that goes into the making of a garment—IT'S THE WORKMANSHIP THAT COUNTS. It's impossible for any tailor to produce a Suit for less than \$28 that will give wear and satisfaction. Under ordinary conditions we can't sell a Suit for less than \$35. On account of tariff reductions and unsettled business conditions we are compelled to make THIS sacrifice at this time.

If you are in the habit of paying \$50 to \$60 for your clothes this sale will interest you.

Often Ill Health

Can be traced directly to wrong food and drink.

This cause, more than any other, creates personal discomfort—often disease.

Your doctor can confirm that coffee contains a drug, caffeine, which is the common cause of headache, biliousness, indigestion, nervousness, heart trouble, and a long train of aches and ills which bring misery to many who might otherwise be well and happy.

Anyone who values health enough to make an easy test can be free from coffee ills by changing to

POSTUM

This pure food-drink, made of prime wheat and the juice of southern sugarcane, is absolutely free from the coffee drug, caffeine—the cause of coffee troubles.

Postum now comes in two forms:

Regular Postum—must be well boiled.

Instant Postum—is a soluble powder. A spoonful dissolved in a cup of hot water, with sugar and cream to taste, makes a delicious beverage instantly.

WOMAN DECLARES HUSBAND BEAT HER

Patrolman Miller, who, with Patrolman Wellbrock, was called this morning to the home of William Haas by the wife, who was terribly beaten, gave the woman 50 cents to pay her carfare to the city in order that she might secure a warrant for the husband on an assault and battery charge. The family lives at Sixth and Avenue and Fifty-second street.

Haas this morning beat his wife and 8-year-old son and caused the 6-year-old daughter out of the house. It is charged he then fled and the woman called police headquarters. Haas is said to be a mission worker at First and Burnside streets. He is a bachelor by trade. He has not yet been arrested.
