

BOARD OF EDUCATION GRANTS PETITION FOR SCHOOL FOR BLIND

At Present Time There Are 15 Prospective Students for New Workshop.

In response to the appeal from the blind of Portland and the campaign now being waged by the Portland Press club and city authorities, the school board at its meeting yesterday afternoon granted the petition for the establishment of a school for the blind. No details were arranged, but it is understood there are 15 prospective students at the present time for whom teaching provision will have to be made in basket weaving, chair caning and broom making as well as "state" reading.

While there was some hesitancy on the part of the board as to the legality of the act, the insistence of Dr. E. A. Sommer, who moved the establishment of the school, carried the project. J. P. Myers, a blind piano tuner, pleaded with the board for the establishment of the school. Hinson, a graduate of the state school at Salem, he asked that adult blind of this city who are not permitted to enroll at Salem be given some means of improving their condition.

City Will Aid.
It is understood that the city will donate a portion of the municipal garage for classroom purposes and will the fund now being collected sufficient money can be secured to give the project headway. The details of launching the new school are left to Superintendent Alderman Marshall N. Dana and J. E. Werlein spoke on behalf of the Press club.

The fact that there were applications for free tuition made to the board called forth an order for the superintendent to make an investigation of the lists of all the high schools to ascertain whether students living outside the district were being given an education at the expense of the taxpayers. Judge Munly at this juncture remarked that outside students were being brought in to the high schools to "play games."

Superintendent Alderman denied this, but said it is true it puts the high schools of the city in a position akin to many colleges of the country.

With R. L. Sablin raising the only dissenting voice, the board voted to add \$25,000 to the budget for the purposes of physical education, with the understanding that a portion of the money can be utilized for medical and dental examination. Mr. Sablin objected on legal grounds, but was voted down by Dr. Sommer, Judge Munly and O. M. Plummer.

By combining the work of cooking, sewing and housekeeping branches a new department was created yesterday to be known as the department of domestic economy. Miss Lillian Tingle was appointed at its head at a salary of \$2000 a year.

May Serve Lunches at Cost.
If plans discussed yesterday mature lunches will be served in the schools of the city at a cost of 10 cents per child to utilize the food prepared in the cooking classes in the school, cafeteria and lunch rooms, and with \$2500 appropriated yesterday for school gardens to get garden truck for cooking purposes grown by the students themselves.

Petitions for the establishment of night schools at the Richmond and Montavilla schools were granted. The University of Oregon extension department was granted use of rooms in the Felling school. Permission was also granted to the Children's Home, Boys and Girls' Aid society and Baby-Kennel to take up a Thanksgiving collection among the school children of the city.

The following appointments were confirmed: Mrs. E. M. Higgins, millinery; Arlene night school; Emma Rueter, German; Arlene night school; short-hand, and Hopkin Jenkins, night principal, Jefferson high school; A. B. Baker, Lowndale; R. D. Merchant, manual training. Added to the substitute roll were: Mable Cowe, Janet L. Fulton, Fluke Howard, Marion Hyers, Elva W. Seidman and Inez Wyman.

Bavaria Gives Women the Ballot.
Munich, Nov. 21.—The lower house of the Bavarian diet passed a bill giving women the vote in certain elections.

BAR ASSOCIATION CONFERS SIGNAL HONOR

Charles J. Schnabel, treasurer. Bert E. Haney, secretary.

When the annual meeting of the Oregon Bar association closed late Wednesday afternoon it had accorded the greatest honor in its power in electing Charles J. Schnabel treasurer. This will make Mr. Schnabel's twentieth consecutive year as treasurer of the organization, and as Mr. Schnabel expresses it himself, the year will "round out properly" his term of service. He is a well known attorney of this city, comprising one of the firm of Schnabel & La Roche.

Bert E. Haney, elected to the office of secretary of the association, succeeding City Commissioner W. L. Brew-

ster, is a member of the firm of Joseph & Haney. In the recent discussion on a non-political Judiciary Mr. Haney took a prominent part in the debate favoring the adoption of an all-inclusive resolution which would put the Bar association on record for not only a non-partisan judiciary, but the elimination of the party symbol from the ballot and advertising matter as well. Mr. Haney, seconded by Clarence L. Reames and W. M. Davis, fought valiantly but was swept under by force of numbers.

Both newly elected officers will start on their new duties at once, and will serve until the time of the next annual meeting.

FARMER RECOVERS TEAM; THIEF MAKES ESCAPE

Hillsboro, Or., Nov. 21.—Andrew O'Linn, a farmer of Cedar Mill, is rejoicing over the recovery of a fine team of mares and a hack which were stolen from him last Saturday night. As soon as O'Linn discovered his loss

"GETS-IT" Is a Wonder for Corns

No Fuss, No Pain, Sure and Quick. Nothing Like It. "GETS" Them Every Time.

You never used anything like "GETS-IT" for corns, before you're sure at last that every stubborn corn that

"Nobody Knows How Good I Feel. Corns Are Gone at Last. 'GETS-IT' Did It."

you've tried so long to get rid of is a "zoner." You apply "GETS-IT" in 2 seconds, that's all. "GETS-IT" does the rest. There's no more fussing, no more bandaging, no more more salves to turn the flesh red and raw. No more plasters to get misplaced and press on the corn. No more "pulling," no more pain, no more picking and gouging, no more razors.

"GETS-IT" stops pain, shrivels up the corn, and the corn vanishes. "GETS-IT" never fails, is harmless to healthy flesh. Warts, callouses and bunions disappear.

"GETS-IT" is sold at drug stores at 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago. Sold in Portland by The Owl Drug Co.

SUBMITS SAMPLES FOR THE DALLES BUILDING

Washington, Nov. 21.—Louis Comini of The Dalles, in company with Representative Sinnott, called on the supervising architect of the treasury today to submit samples of black porphyry which he hopes to have designated for use in the new public building at The Dalles.

HOOD RIVER RAISES WAGES OF LABORERS

Hood River, Or., Nov. 21.—The Hood River city council at its meeting last night made a city tax levy of 8 1/4 mills on the city assessed valuation of \$3,000,000. This levy, together with the county and state levy, will raise the tax levy of Hood River city to approximately 25 mills. This will be the highest tax levy that has ever been made in the city. City laborers' wages that had been cut from \$2.50 per day to \$2.25, were raised at last night's meeting to the former schedule. It was reported that there will be a deficit in the city water fund of \$10,000, as the municipal water plant will cost that

amount in excess of the estimate made, and steps were taken to call a special election to vote bonds in this sum.

Omega Oil for Cold in Head and Catarrh

Pour a teaspoonful of Omega Oil into a cupful of boiling water and inhale the steam, which carries the healing properties of this wonderful oil into the passages of the nose and throat. It usually gives relief. Trial bottle 10c.; large bottles 25c and 50c.

THE LITTLE WHOLESALE BUTCHER THAT RETAILS AT WHOLESALE PRICES

"Double Ripening!"

As a result of the "double ripening" of W. H. McBrayer's Cedar Brook, bottled in bond at 7 to 8 years old, this Kentucky bourbon whiskey has been famous during three generations.

Yet the price you pay is no more than for any 4 to 5 year old bottled in bond whiskeys. Cedar Brook is always the same and is never "extra priced according to age."

No whiskey bottled-in-bond, as others are so shortly after the U. S. Govt. 4 years' law limit, can possibly attain the rich, smooth, mellow taste and "double ripeness" of 7 to 8-year old Cedar Brook.

Always the same price at Leading Hotels, Bars, Clubs, Etc. Always the Same Age. Bottled-in-Bond 7 to 8 Year Old.

The World's Finest Whiskey W.H. McBRAYER'S CEDAR BROOK Bottled in Bond
