MAKING EFFORT TO GET SPROULE'S JOB

Declares He Will Stick and Fight It Out:

(Special to The Journal.)
Ontario, Or., Dec. 3.—A determined

fourth term will expire in March, 1914. Charges were recently filed with Postmaster General Burleson at Washington against Postmaster Sproule, principally charging Sproule with pernicious poliical activity while holding the position as postmaster. Other charges of a serious nature were also made, but it can not be learned what these other charges

were, as the persons responsible for them are very reticent at present. It seems that Sproule, while acting as postmaster, also ran for sheriff of Malheur county on the Republican ticket a few years ago, but was decisively defeated by his Democratic opponent.

A postoffice inspector from Portland recently visited Ontario and made an inrestigation of the charges against Mr. Sproule, and as a result requested Sproule's resignation. Sproule refused to resign and says he will fight the charges.

Several prominent Democrats have been seeking the office of postmaster, which carries a salary of \$2500 per Among these who are actively seeking the nomination are David Ma gill, E. H. Test and J. R. Gregg.

HOW I MADE MY HAIR GROW

Woman With Marvelously Beautiful white MUSTEROLE. Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various pre scriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its ful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time it has not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows:

Bay Rum, 6 oz.: Menthol Crystals, ½ drachm: Lavona de Composse, 2 oz. If you like it perfumed add 1 drachm of your favorite perfume. This, however, is not necessary. Apply night and morning: rub thoroughly into the scalp.
