Why Buy a Player Piano When You Can Get the PIANOLA

—Today there are scores of Player Piano makes—the general public and many music houses refer to all of them as "PIANOLAS"—they are not PIANOLAS—there is only one PIANOLA, made exclusively by the Aeolian Company and obtainable only in these six pianos—Steinway, Weber, Steck, Wheelock, Stuyvesant and Stroud.

☞ The PIANOLA is the original—the Standard—from which all others are patterned.

☞ The PIANOLA is the piano and the art to play it combined.

☞ The PIANOLA is the only Piano with the METROSTYLE—follow the red line and know you are playing correctly.

☞ The PIANOLA is the only Piano with the THEMODYST, which emphasizes the melody perfectly.

☞ The PIANOLA is the only Piano which has a full 88-note solo device with graduated accompaniment.

☞ The prices of the PIANOLA are no greater than often asked for Player Pianos. Therefore, do not buy any Player Piano, but buy the original—the Standard—the PIANOLA.

☞ Prices from \$575 up. Your present Piano taken in exchange. Moderate payment if desired.
