COUNTY HIGH SCHOOL FUND LAW WILL BE CARRIED INTO EFFECT

Supt. Armstrong Calls Meet- Portland College Too Young ing of 10 Districts Entitled to Participate.

fect the law relating to the county high school fund County Superintend-Orient, Park Rose, Powell Valley, Rockwood, St. Johns and Troutdale. Although the law was effective last year is working to carry out his ideals. no levy was made as the law was overlooked until too late for it to become president - Reed college is now in its

of the county attending the same," said Superintendent Armstrong. "If contract, the county high school board will probably be powerless in the matter: The courts will scarcely require

provide school facilities for its own children. In such a case the county fund may be applied in part payment to be provided by the pupil." The conditions under which a school

district may share in the county high school fund, as set forth in the law and the rules made by the state board of education, are as follows: 1. Eight months of school, or more. must be maintained in the district cal soundness and sanity in every during the year.

2. No teacher employed in such school shall instruct regularly in more 3. A one-room school in which in-

struction is given in any grade below the seventh is not entitled to share in 4. The state course of study for high schools shall be followed. Recitations

shall average at least 30 minutes, in classes not exceeding ten pupils. Recitations shall average at least 40 minutes, in larger classes.

5. All pupils taking high school work must recite at least three times each day, in different branches, to receive the full benefit of the fund. If such pupils recite twice only each day, two days of attendance shall be counted as one. If they recite once each day. three days of attendance shall be

6. The combined absences of all pupils in high school work shall be deducted, in reckoning the payment o tuition to be made to a district.

7. Tuition shall be reckoned and payment made at the end of each halfyear of school, at the following rates \$40 per year for the first 20 pupils; \$30 per year for the second 20; \$12.50 per year for each pupil in excess of 46 8. A pupil is required to attend school in the district in which such person resides, if the year of high school work to be taken is taugh therein. If not taught, the pupil may attend in any other district in the from the list. Where an interview cancounty, and payment of tuition made from the fund.

9. Pupils who are not residents of Multnomah county are not entitled to

ALASKA STEAMSHIP

Discussion Preliminary to Selection of Three Steam Schooners for Line.

W. F. Swan, superintendent of the w. F. Swan, superintendent of the for great rival games with other col-Steamship company, arrived from Seattle yesterday to confer with President E. H. Dodge and General Manager N. F. Titus preliminary to the selections of the Faction Seattle yesterday to confer with President E. H. Dodge and General Manager Spirit of play captured the college that almost all the faculty engage that almost all the faculty engage tion of three steam schooners to be regularly in some out-of-door game.

President Foster believes that indi-

son, trade commissioner of the cham-ber of commerce, who worked up the Toward creating and maintaining a ber of commerce, who worked up the trade extension project in conjunction with the Dodge interests and the sal-

ber are now working among the merchants and jobbers and manufacturers to enlist their cooperation in developing the Alaska trade field, and it is understood that their efforts are being has chosen teachers instead of lecamply rewarded.

W. T. FOSTER SPEAKS AT WELLESLEY UPON REED'S EXPERIMENTS Committee Named to Gather

to Show Results of Novel Methods.

To arrange for the carrying into ef- Laura E. Lockwood in Wellesley College News.

President William T. Foster of Reed ent of Schools Armstrong has called college, Portland, Or., spoke to the series of public hearings during Jana meeting to be held at the courthouse Eta of Massachusetts Chapter of Phi uary to allow all interested in an on January 10 of school directors, prin- Beta Kappa, and invited guests, on cipals of high schools and clerks from Friday evening. November 28, in the the 10 districts which are entitled to faculty parlor of College hall. Presishare in the fund. The districts are dent Foster had been requested to tell Portland, Gilbert, Gresham, Linnton, something of the experiments he is making in Reed college; to give the principles and methods by which he Before entering upon his position as

hird year - he visited a large number "The law provides that the county of institutions, seeking to discover blgh school board shall enter into a what are the aims of the American colcontract with each district maintain- lege, and how far these aims are being ing a high school, to teach all pupils carried out. He found often inconsistency and the lack of a clear and definite purpose, but the greatest foe a district refuses to enter into such to any sincere progress among colleges was the servile imitation one of another. If a college felt a needed change in any direction, it immediately a district to admit a non-resident pupil wrote to all the other colleges to se for less per capita than it costs to what they were doing, and then it copied some other college; or if it found the others in an equally bad condition, it settled back with the assurof the tuition required, the balance due ance that it was doing as well as the rest. He determined, therefore, that he would have a clearly defined goalthe training of the body and mind of the student; and that he would make everything else subservient to this

aim. He saw that to do this rightly, he must establish habits of physistudent, and must create an atmosphere of intellectual activity which would be the dominating force within the college walls.

Hence he concluded that Reed College must be small and of picked students. But the difficulty of choosing among the hundreds of applicants was to be great, if the judgment of other colleges could be credited; for all the colleges that admitted on certificate were dissatisfied with the method, and all that admitted by examination were equally unhappy over the results. President Foster, because he believes, ident Foster decided to try the novel way of combining these methods, with an addition of his own, to welcome all testimony from schools and parents, to examine sometimes, but to rely more fully upon the personal interview than all cuit, the desire to imitted the sorting time, and that most pernicious of fully upon the personal interview than all cuit, the desire to imitted the sorting time, and that most pernicious of fully upon the personal interview than all cuit, the desire to imitted the sorting time, and that most pernicious of fully upon the personal interview than all cuit, the desire to imitted the sorting time, and that most pernicious of fully upon the personal interview than all cuit, the desire to imitted the sorting time, and that most pernicious of include all articles of food and all cuits.

The fact that a boy or girl has not students, so long as they are filled exception clause similar to had a given study need not exclude with the ideal of the whole college; above referred to be inserted with the ideal of the whole college; treasure which may become from admission to Reed College, but the ideal that the intellectual interest no matter how well a student has come is the dominating and all important out of the mill, if he appears indiffer-ent to intellectual effort, he is crossed body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to their congressman body is the supreme and absorbing to write at once to the supreme and absorbing to the supreme and abso be obtained because of distance, protracted correspondence sometimes the body and mind that the student takes its place; or a person well known must find his chief pleasure; if he and trusted by President Foster may hold the desired interview in his place, The third class has now been admitted and the college numbers about 180, whereas it might be 1000 if the old

No Intercollegiate Athletics.

The method of opening the door beand to maintain an intellectual atmosphere within the college. President and stronger in mind and character Foster saw that, in our colleges in than usually go from our colleges, general, the greatest hindrance to the training for physical strength and GOLDEN WEDDING OF poise, is intercollegiate athletics; because where these contests prevail the health of the mass of the students is neglected, and all efforts are centered upon a very few men. There are, therefore, at Reed college, no teams Mr. Swan and Mr. Titus conferred vidual and combined devotion to phys- land from their native home in Scot-

Special committees from the cham- faculty, mainly from eastern institutions, have been chosen primarily for their teaching ability, for their power of rousing enthusiasm in intellectual work. President Foster does not believe in the lecture_method, and hence turers.
