

# SNOOKS AND SNICKS RAID SUSIE'S TEA PARTY

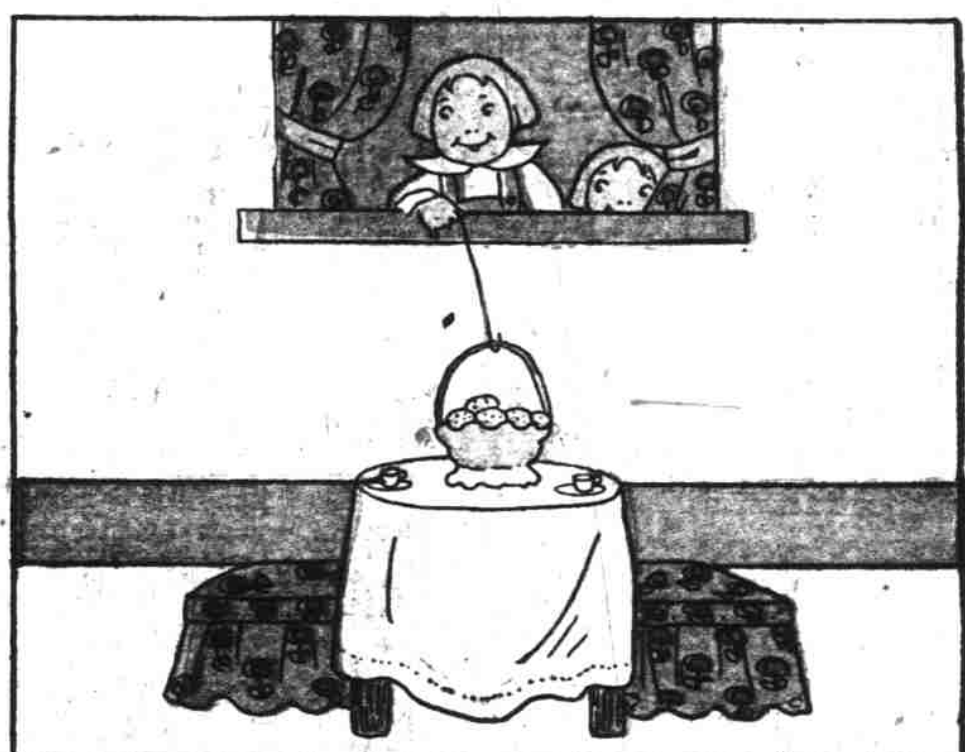

Miss Susie has her little friend  
Priscilla out for tea.  
Said Sue: "These cakes are good I know-  
I flavored them, you see."

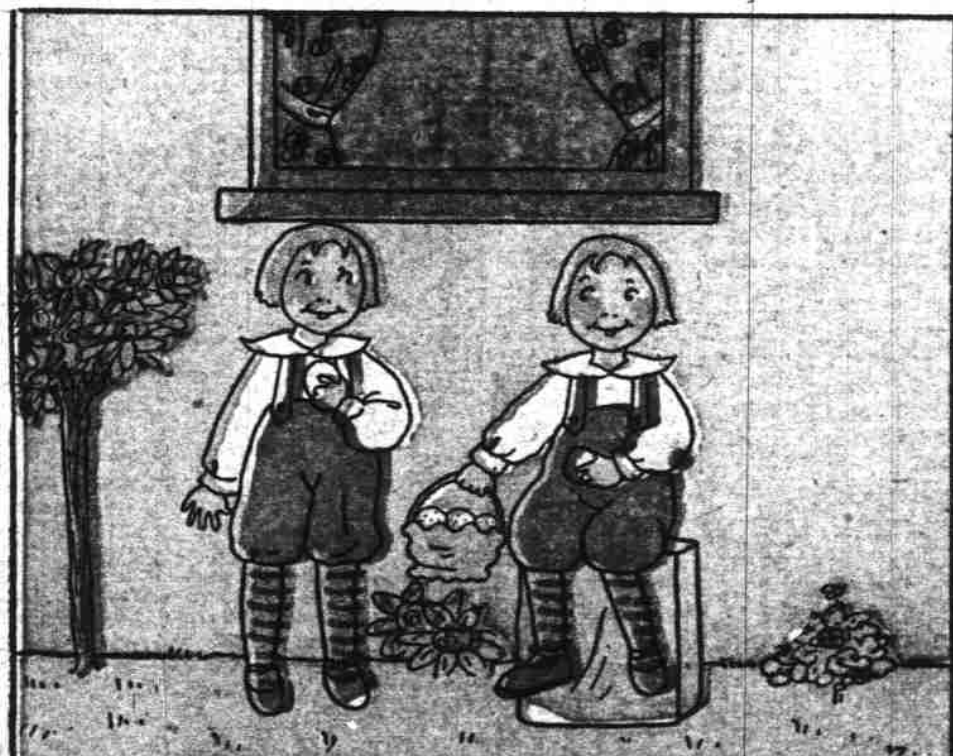

"I found some red spice in a can,  
So I put lots in the cake.  
But let's go out and get our dolls,  
And then some tea I'll make."

Now through the window naughty Snicks  
Was looking at the feast.  
Said he to Snooks, "I have a plan  
To get those cakes at least."

A wire hook, a piece of string—  
And lo, the deed is done!  
He hooked the basketful of cakes.  
Said he, "Now we'll have fun!"

But, sad to say, the spice that Sue  
Believed was spice was not!  
Instead, she'd filled those lovely cakes  
With cayenne pepper hot.

The boys both burned their tongues and were  
In such a woeful plight;  
And Susie and her friend both laughed  
And said, "It serves you right!"
