CELERY PRICES ARE LOWER

Lower prices are being named for celery in the Front street trade with additional receipts from northern California. Sales were reported today from \$3.50 to \$4 with only a nominal amount of business at the high point. KIPPERED SALMON IS MOVING

Since an Astoria cannery began kipper salmon there and ship it to the local market, the demand for this fish has shown a big increase. The local product is so much better than that formerly sold here that it is taking all of the demand.

CABBAGE PRICE DUE TO RISE

A further advance in the price of cabbage will be made at the start of the coming week. Growers are now holding the best at 2c a pound here which means that the next shipments will be sold on the street at 2%c.

GROWERS OFFER POTATOES

Ordinary quality potatoes are being

offered slightly more freely by grow-ers to the local market but most of them are holding their best quality for higher prices. The California trade continues excellent for the best.

Mayor Anderson pub-liely stated last night that if the council failed to confirm as chief some of his appointees, he would issue a proclamation closing all the saloons, and would call on Governor West and the state militia to help in the enforcement of the act. He refused to recognize the selection of Gibons. Mayor Anderson this morning said:

"I am waiting to hear again from Salem before proceeding with any action. I have heard th's morning that the governor has been invited by certain business men of The Dalles to come here and investigate conditions.
I will welcome such a wisit."

The mayor has stared that he does not wish to work any hardship on saloonmen, as they are complying with a recent ordinance requiring open fronts and other regulations. He con. tends that the weakened police force makes it necessary to close all saloons to properly protect the public. The council chamber was crowded

last night and spectators lined the corridors. The city is thoroughly aroused over the situation.
