SMELT TRAILERS ARE VERY HEAVY WITH PRICE AT 3 CENTS

GENERAL CONDITION OF LIVESOCK HERE UNCHANGED FOR DAY

WHEAT PRICES ARE MOVED UP HALF TO CENT A BUSHEL HERE

Market Down to Low Level in Some Quarters Today With More Liberal Offerings From Columbia; Some Come From Cowlitz.

Today's Produce Trade.
Egg market stationary.
Cheese stocks scarce.
Fresh salmon is high.
Columbia smelt lower.
Butter rather weak.
Hop trade limited.
May bring value from east.
Cabbage prices raised.
California cabbage coming.
Country hogs are slow.

There is another big haul of Columbia river smelt offerings in the local market today and the price has been lowered to 3 cents a pound. Both values are in effect in the wholesale fish trade today.
The bulk of the arrivals of smelt are from the lower Columbia and are caught by gillnetters, but some supplies are being received from the Cowlitz. Receipts from the Columbia have been so heavy that considerable quantities of smelt are being sold at 2 cents a pound. The retail trade will be able to sell the fish at 3 cents a pound and this will stimulate the demand to a very considerable extent.
Fresh salmon received on yesterday's boat from Tillamook is being offered generally at 11c a pound for speckled. A low effort was reported in but these are generally of such poor quality that the trade is not quoting them. The price of the salmon is rather fair at the prices recently quoted.

EGG MARKET IS STATIONARY

There was no change in the market for eggs along front street for the day. Receipts continued to increase. Canned stock was generally being quoted at 33c a dozen, although some cases count stock was sold at 33 1/2c.

VEALS ARE SCARCE ARTICLE

Very heavy scarcity of country killed calves is shown in the local market. With practically no arrivals in the livestock market during the week and only a nominal supply of calves on street, it is stated that packers have ordered supplies of dressed stuff from the middle west.

CABBAGE MARKET IS HIGHER

As forecast in these reports, the price of cabbage has been advanced to 2 1/2c a pound along the street. The growers are demanding 2c for their best product. Receipts are rather light with demand good. A carload of Chicago cabbages has been ordered and will probably sell at 2 1/2c.

CHEESE STOCKS EXHAUSTED

Stocks of cheese are practically exhausted so far as the general trade is concerned. The nominal holdings of wholesale grocers and retailers are being held in reserve for regular customers with sales of cases at 20c for flats and 21c for broken. The market is very tight.

CHICKENS HOLD AT 17 CENTS

Price of chickens is holding very firm at 17c a pound for best offerings of live hens. Receipts are limited. A few small lots of dressed turkeys are arriving and are finding a good demand at 25c to 27 1/2c according to quality.

OUTSIDE SPINACH SELLS SLOW

Receipts of spinach from Walla Walla are increasing but there is very little demand at \$1 a box, owing to the rather liberal supplies of local stock which are selling from 90c to 75c a sack.
