MAYOR'S DAUGHTER VICTIM OF EPIDEMIC

Typhoid Fever Fatalities at Dr. W. E. Cass, Formerly of Centralia Increased to Vancouver, Had Trouble Twenty-One.

(Special to The Journal.)

Centralia, Wash., Jan. 17.—Mrs.
George Williams, daughter of Mayor
H. W. Thompson and daughter-in-law
of J. E. Williams, owner of the Williams Cross Arm factory, died of
typhoid fever last night. Mrs. Williams, whose death brings the list of
fatalities as a result of the epidemic
up to 21, had been in a weakened condition for the past week, and her death
was no surprise. An operation was
performed Thursday night in an effort
to save her life.

Mrs. Williams was 28 years old and
was raised in Centralia, where she was
very popular.

(Special to The Journal.)

Olympia, Wash., Jan. F7.—Dr. W. E.
Cass, superintendent of the northern
hospital for the insane at Sedro
Wooley, has been asked for his resignation, effective February 1. This action was taken by the state board of
control after an investigation of the
affairs of the institution.

Dr. Cass has had much trouble with
his subordinates and most of them
have quit the service of the state. As
many of those who resigned were considered valuable men an investigation
was made and the resignation of the
doctor asked as a consequence.

Dr. Cass was appointed from Vancouver, Wash., where he was prominent in political circles.

SEPTEMBER 24, 25, 26, DATES FOR "ROUNDUP" BUTTE WILL CONSIDER

Pendleton, Or., Jan. 17,-Dates for set as September 24, 25 and 26 by the board of directors here today. Early action was taken at the urgent request committee by the Ports of the Columbia board of directors here today. Early action was taken at the urgent request of the eastern railroads, who have agreed to put the "Round-Up" on as an additional drawing card for their regular fall homeseekers' excursions, in order that they might have plenty of time to get their literature printed and distributed over the country and get it into the hands of the prospective homeseeker. As the "Round-Up," especially during the past two years, has drawn heavily from the east and middle west, the railroads have taken advantage of this and are combining it with their regular colonist rates. After trying out nearly every week in September during the past four years, the management has become convinced the management has become convinced ing of the chamber. that the last week in the month is the best time for staging the "Round-Up"

HELP FOR THE DREDGE

IMMIGRATION STATION

Cathlamet, Wash., Jan. 17.—Surprise is expressed at the resignation of Postmaster Joseph Girard, who has held the office since 1909: The resignation will take effect February 10, or sooner if the department can make the change. Mr. Girard will go into the logging business. The office will be filled by the successful one in the civil service examination. The office pays about \$2800 a year.

Seattle, Wash., Jan. 17.—"Unless something is done to get more money to carry on the work of this station, it will have to be abendoned," said United States Commissioner of Immigration Henry M. White of the Seattle district, today. "Our investigations show that the great majority of our recent convicts come from British Columbia."
