Berlin, Feb. 6 .- The kaiser's diplomatte representative at Mexico City today requisitioned the German steamship Ypiranga to take Germans from Tampico in case of necessity,

Federal Army Increased by Conscription and He Plans to Assume Offensive,

(United Press Leased Wire.) Washington, Feb. 6 .- The Mexican embassy and the rebel junta here announced simultaneously today that the decisive struggle between President Huerta and the constitutionalists was at hand.

Huerta probably would take the field in person within 10 days, it was stated by the embassy. He would assume the vigorously aggressive at once, and there was no question that he would stamp out the rebellion in short order, according to this account.

The capture of Mazatlan, reports of which the rebel junta accepted as fact, was declared at constitutionalist headquarters, would speedily be fol-lowed by the fall of Torreon and Tampice, and inside of 30 days the rebels

would be in control at Mexico City. mulating a revision of the reclamation Persistent reports were current that Huerta would hand his passports to law, to allow 20 years in which to American Charge d'Affaires O'Shaugh- make payments, to authorize the secnessy at Mexico City, and that John retary of the interior to suspend the Lind, President Wilson's personal rep- residence requirements for a period not exceeding five years and to proresentative, would be expelled from Vera Cruz "for pernicious activity vide other relief which experience against the government," But there seems to make advisable.
