

MRS. DUNIWAY LAUDS CHAMBERLAIN'S TALK ON WOMAN SUFFRAGE

Speech in Senate Must Fill Oregon Women With Pride and Patriotism, She Says.

"The fact that a man of the character and ability of Senator George E. Chamberlain should lead the movement for national suffrage for women on the floor of the senate must fill every woman of Oregon with pride and patriotism," said Abigail Scott Duniway yesterday.

Mrs. Duniway referred to Wednesday's session of the United States senate when the Oregon senator championed the cause of woman's suffrage in a speech and spoke in support of the proposed constitutional amendment to give women the vote in all states.

"By that speech," continued Mrs. Duniway, "he becomes the leader of the suffrage movement not only for Oregon, but for the entire nation as well. Senator Chamberlain deserves high praise for what he has done for us, in congress and in the senate. As long as there was opposition in congress I have felt that it would be wiser to continue the fight for the vote in the states. I have not approved of the national suffrage method of bombarding congress."

Make Progress Slowly.
"It has appeared better to me to take state by state, and go a little slower. Young people are aggressive and enthusiastic but then they have not had to wait for 42 years for the vote as I have."

"If women wish to accomplish anything with men they must make the men feel that they are doing it and not the women. The strings must be kept out of sight."

Mrs. Duniway is now engaged in writing a history of the suffrage movement in the northwest. Her personal recollections of the struggle as well as intimate sketches of some of the prominent personages of the last generation. The book will be amply illustrated and will relate the franchise fight in Mrs. Duniway's "ballwick": Oregon, Washington and Idaho, as Oregon's grand old woman puts it.

Mrs. Duniway is spending the greater portion of each day on her book. Yesterday, however, she spoke at a meeting of the Progressive club at the Portland hotel, eulogizing Senator Chamberlain for his stand on the suffrage question.

Senators Tribute Surprises.
Senator Chamberlain's tribute to Mrs. Duniway made in his speech Wednesday from the floor of the senate came as a surprise to the suffrage leader. "For a woman to be thus honored from the floor of the senate," she said yesterday, "was a signal honor which I never hoped to expect."

Mrs. Duniway will probably devote her energies to combating the prohibition movement following the completion of her book. She looks on compulsory prohibition as pernicious and ill-advised, although she is an ardent believer in temperance. "The temperance question," said she yesterday, "is a personal one. It is each one for himself. Because one man has smaller beer in the past house? The strictly temperate life is the right kind of life but man can never make laws that improve on those of God."

WOMAN'S INTENTIONS GOOD; REVOLVER FAILED

Tacoma, Wash., March 6.—Because the cartridge of a revolver in the hands of Cora Johnson, a woman barber, failed to explode when she pulled the trigger, the life of a yegman, who robbed three cafes early today in Pacific avenue business houses, was spared.

When Miss Johnson discovered the robber breaking into the shop, he had apparently just left the Pacific monument works and Frederick Beebe & Company's brokerage store, where the safes had been blown. Only \$10 in cash was missing.

The burglar smashed a window in the barber shop and the noise awakened Miss Johnson, who was asleep in the back room. She called to the intruder and then snatched the gun in his face. He fled and was not captured.

Kidney Disease Is Deceptive

Most Cases of Serious Sickness Due to Kidney Disorders Say Medical Experts.

The most deplorable feature of kidney disease consists in its subtle and delusive character, and so insidious are its ravages that many victims do not suspect its existence until the advanced stages have been reached. Nine out of ten cases, the individual thinks he or she is suffering from neuralgia, heart weakness, indigestion, or other forms of disease, when the pain in reality is due to hidden trouble with the kidneys. For many years diseases of the kidneys baffled the skill of medical experts. Since the discovery of Warner's Safe Kidney and Liver Remedy relief has been afforded to sufferers from this dread malady. Thousands of afflicted men, women and children have been restored to health and happiness and the activities and pleasures of life—many of whom thought their days were numbered as they had been given up by their physicians. This is a remedy you should not fail to try, it reduces the inflammation and strengthens and invigorates the organs, enabling them to properly perform their work of secretion and elimination. charges against Public Service Commissioner Frank R. Spinning by Rochester citizens. A public meeting will be held at that place next Wednesday when witnesses will be heard. T. M. Vance of Olympia will represent the citizens of Rochester. The charge against Spinning is that he conspired with L. L. Hunter to abandon the Northern Pacific depot and to have that company join with the Milwaukee in the erection of a Union depot some distance away. This, it was claimed was to enhance realty values in the neighborhood of the new depot. Following the charges being made public, a mass meeting of more than 100 residents of Rochester met and adopted resolutions expressing their faith in the honesty and integrity of the commissioner and asking for an investigation.

STRONG DOOR LAW IS UPHELD BY COURT

Municipal Judge Stevenson yesterday afternoon upheld the "strong door" ordinance when it was attacked in his court by seven Chinese merchants. The circuit and state supreme courts will be called upon, if necessary, by the defendants to pass upon the question as to whether the ordinance is unconstitutional as it strikes at the foundation of Chinese gambling, lottery games, opium smoking and yellow slavery.

The seven merchants were charged with maintaining barred or strong doors at entrances to their rear rooms. The doors, one to four inches thick, were in court as evidence. The city's

ordinance forbids them because they make it extra hazardous for firemen, and make a refuge for lawbreakers hiding from the police.

The judge fined each of the three \$25. He held the doors were secret and "strong," within the meaning of the ordinance. Attorneys representing the merchants announced that they would take an appeal.

PISTOL SHOT WOUND CAUSES MAN'S DEATH

William N. Sutton, 1456 East Harrison street, died this morning at the Good Samaritan hospital from a pistol shot wound in the temple received Wednesday evening at his home. The family states, and circumstances indicate, the shot was accidental.

A widow and three children survive. Sutton was an ex-candler for a number of years at a local creamery company. Wednesday evening he went into his room. Mrs. Sutton was preparing dinner. A shot was heard in his room and the man was found wounded. The bullet entered near the right temple, cutting off both optic nerves, under the brain and out at the left temple. On a table by the man's side was an oil can and some rags, which had been used to clean the pistol. He was 48 years old.

Law and Order Organization Upsets Peaceful Run of Things.

(Special to The Journal.)

Pendleton, Or., March 6.—Every man's eye is on his brother today in this city. Following the formal organization of a law and order league and the appointment of a vigilance committee, no one knows just who are the spies, and those men whose businesses have been openly attacked by Evangelist Bulgil are looking with suspicion upon every man that passes.

As a result of the prohibition meetings held in connection with revivals, one well known woman last night essayed to emulate Carrie Nation. Gathering an armful of bolts in the railroad yards, she appeared on Main street with the announced determination to smash the windows of all saloons and cigar stores. She was taken by police before she had fulfilled her threats.

Physicians say, she was temporarily insane.

Public Dogs congratulates the members of the Alaska trade committee of the Portland Chamber of Commerce, and Mr. C. S. Jackson, on the success of their efforts to establish a regular steamship line between Portland and southeastern Alaska, and heartily indorses their efforts in up-building the trade opportunities of the port."

A SCOOP!!

282 New, Famous \$35, \$30 and \$25 Spring Suits at \$15

"I AM just back from a three weeks' trip to New York! I hadn't been on Old Broadway more than two days, before I found that there were many clothing makers of national reputation, who had surplus stocks to sell for cash, at a 'price.' To make the story short, I bought 283 of the best, spanking new hand-tailored suits—garments that sell all over the country at \$35, \$30 and \$25. Many were sample models used by the makers in showing their new Spring lines.

The only restriction made when I bought these famous suits was that the names are not to be advertised.

The weaves are specially suitable for early Spring and Summer wear. Fabrics are handsome Serges—Worsted—Tweeds—Casimeres—Silk and Wool Mixtures—Cheviots—Tartans. Smartest models, including 2 and 3-button Sacks—Norfolks—Box Backs—and roll English effects with patch pockets. Some are silk lined—think of that!

Every size for the man of every build. Come Saturday for first pick of these 283 new \$35, \$30 and \$25 Suits at \$15
