TAXPAYERS FREE TO DO AS THEY PLEASE AND TAKE CHANCES

Commission Sets Forth 3 Courses of Action Open.

(Salem Bureau of The Journal.) Salem, Or., March 26.—With all the incertainty that has followed the decision of Judge Cleeton in Multnomah county granting an injunction against the county officials from collecting a penalty of one per cent a month of the second half of taxes not paid prior to April 1, the state tax commission is being besieged with the question: What shall the poor taxpayer do?

Chairman Charles V. Galloway of the tax commission, after conferring with other members of the commision, ismed a written statement announcing that it was up to the taxpayer to do as he pleased, and take his own chances. Mr. Galloway said:

"In view of the present uncertainties in the situation, the final outcome of which the commission is entirely unable to foresee, the taxpayers must exercise their own judgment in making tax payments. Any one of three courses is now open to them:

"They can pay one-half of the taxes charged against them before April 1 and take the chance on the final determination by the courts as to whether or not the penalties specified in the law will be collected on the second half to be paid prior to Septem

"They can pay all their taxes prior to April 1 and remove all chance of penalties being charged.

"They can defer the payment of all their taxes, with the certainty of having to pay an additional one per cent for each month or part of a month that payment is deferred after April 1, and up to September 1.

"The commission is not advised whether an appeal from this decree

My Sixth Semi-Annual Watch Sale of Second-Hand Watches

These watches come to me in various ways-some are traded in on new watches; some are watches that we have had in stock so long that we are glad to take a great deal less than their worth. We repair Thousands of Watches each year from all parts of the country; and many watches, sometimes 200 to 300 a year, are uncalled for. After we have held these for 3 years, we sell them for what we can get out of them. If you want a watch at a very low price, you are very fastidious if you cannot find one to suit you in this lot .-A LIVE TWENTY-FIVE CENT PIECE IS WORTH MORE TO ME THAN TEN DOLLARS THAT ARE DEAD. These watches have all been gone over carefully by my staff of watchmakers. If for any reason you want to turn one of them in on a new watch within a year, we will take it and allow you just what you have paid for it.
