

SCHOOL CHILDREN ARE URGED TO DO PART IN GOOD ROADS SCHEME

Superintendents Asked to Use Best Efforts to Interest the Pupils of Different Schools.

DRAG USE IS SUGGESTED

Cooperation Necessary Between All Interested, Teachers, Students and Parents; Organization Plan.

act if his work is entirely non-hazardous, such as clerical work. But if the work is partly hazardous, such an employe would be under the law.

Joseph Scott Arrested. Salem, Or., March 31.—Joseph Scott, who lives in North Salem, has been arrested on a complaint filed in the justice court in West Salem, Polk county, charging him with committing a statutory crime against Lena Krebs, a girl 12 years old. The complaint was sworn out by District Attorney Ringo of this county. Scott's daughter, about 17 years old, and a brother of the little Krebs girl are involved in the case.

Mushrooms Do Well. Salem, Or., March 31.—W. H. Burghard Sr. is making a success of growing mushrooms in this city. He has been showing his friends samples that measured five inches across and weighed six ounces. He has several beds which he declares are the best of any to be found here.

Montana Follows Suit. Salem, Or., March 31.—Montana has copied Oregon's primary election law and the state is holding its first election under it this spring. Secretary of State O'Connell, in response to a request, has sent to that state a full set of all the forms and blanks issued in connection with the election by his office.

Candidates Take Notice. Salem, Or., March 31.—Candidates who join a lodge or other organization, to which they have to contribute dues, for the purpose of furthering their candidacy, are violating the corrupt practices act, according to the attorney general's reply to a query from a candidate.

May Correct Tax Roll. Salem, Or., March 31.—That the custodian of the tax roll may make corrections on the roll at any time during the collection of taxes, in the opinion of the attorney general, is the ruling of R. B. Baker of Butte Falls.

Morrison Has Filed. Salem, Or., March 31.—A. D. Morrison of Conville has filed his declaration of candidacy for the Democratic nomination for representative in Coos county.

General Strike on Italian Railroads

State Railway Officials Say Wage Demands Are Impossible and Union Leaders Threaten Early Walkout.

Rome, March 31.—Officials of the state railway said today that the wage demands the employes are making, aggregating a total increase of \$10,000,000 annually, are absolutely out of the question and that they would rather face a general strike than yield to them. Leaders of the workers' union said the walkout would occur within a few days unless the management yielded.

Full White Slave Expose

Those who were fortunate enough to visit the Globe theatre last night saw a photoplay entertainment of unusual quality. There are two pictures, "Lost in Midway," showing the part Vitagraph, and "Never Again," two-reef Vitagraph comedy, both excellent and well worth seeing. Beginning Wednesday and running four days, the management announces the presentation of "The Salvation of Nance," a full expose of white slave tactics, showing how girls are lured first to dance halls, then to their first drink—then anywhere. This girl is saved by true love and endeavor while the human spider, weaving his web of evil fascination about her, is cheated of his prey. The manager of the Globe also gives assurance that the picture tells a story true to life yet as inoffensively as possible. (Adv.)

RED ALDER GOOD FOR MAKING OF PULLEYS, PINS AND MATCHES

Government Agent Reports That Profitable Use Might Be Made of Lumber.

TESTS ARE SATISFACTORY

Birch and Maple No Longer Alone in Field of Adaptability, Samples Are Sent to Salem.

(Salem Bureau of The Journal) Salem, Or., March 31.—That red alder, which covers much of the river bottom land of the Willamette valley, is suitable for manufacturing clothespins, broom handles, matches, pulleys and saddle trees, and could be put to profitable use for these purposes, is the advice given Secretary Fred S. Bynon of the Salem Commercial club by H. B. Oakleaf, who has charge of forest products in connection with the United States forest service, Portland. Mr. Oakleaf sent Mr. Bynon a sample of clothespins made out of the wood.

"Birch and maple are the only woods in the northwest which were considered suitable for this purpose (making clothespins) and they occur in such limited quantities that we considered it advisable to test the adaptability of red alder for such use," wrote Mr. Oakleaf. "The experiment proved quite successful, and shows that alder is second only to beech, birch and maple in clothespin making qualities. "Red alder is also suitable for broom handles, matches, pulleys and saddle trees."

Albany in Line

Albany, Or., March 31.—That a clothespin factory, or any other industry that could utilize red alder (Alnus Oregon) would be successful if established in Linn county, was indicated in a letter received yesterday at the Commercial club from the department of agriculture, announcing the discovery that red alder makes good clothespins.

"Such an industry would assist farmers in clearing land," says the letter, "for this tree is usually found on deep, rich soil, and must be burned when preparing such land for agriculture."

A dozen clothespins made out of red alder at the request of the department to test the adaptability of the wood, were enclosed under separate cover. It is declared that the alder has proved second only to beech, birch and maple in clothespin making.

Head of Sanitarium Put Under Arrest

Dr. Edward A. Pierce, proprietor of a sanitarium at 600 East Twenty-eighth street, was arrested yesterday afternoon by the police for maintaining a tuberculosis sanitarium within the city limits. The case was continued

this morning in the municipal court until tomorrow morning. Back of the prosecution are a score or more of Waverleigh Heights citizens, protesting against the location of the institution, which it is claimed is a menace to health of the neighborhood. The sanitarium was established last August.

Records at the city health office show only five cases at the sanitarium, but club members assert many patients have been received for treatment. Section 4 of health ordinance No. 19,468 requires all physicians and managers of institutions to promptly report tuberculosis cases to the health department.

Residents in the immediate vicinity of Dr. Pierce's sanitarium complain that patients are allowed to roam about the place, thereby endangering public health. One resident recently disposed of a cat that visited the sanitarium. A meeting of the Waverleigh Heights Improvement club will be held Wednesday evening at the Congregational church, East Thirty-third and Ellsworth streets.

Air Collision Fatal. Strasburg, Germany, March 31.—Trying to avoid a collision with another aviator, as he landed, Captain Reinhardt capsized his aeroplane and was killed.

To Commence Work In Clatsop County

Plans for Pacific Highway Completed. Bids Will Be Invited in a Few Days for Construction Work.

The state highway commission has practically completed plans and specifications for the Columbia river highway in Clatsop county, and within a few days will advertise for bids for construction work. It is hoped to have the work of construction under way by May 1 at the latest. There will be an expensive stretch around Bigby's point owing to the ruggedness of the country. At this point an elevation of some 800 feet is reached. This is one of the most scenic points on the lower river.

Fishing Industries Will Be Discussed

"Conservation of Fish Supply" M. J. Kinney's Topic—Logged-Off Land Question Treated by W. J. Graves. Under the auspices of the Oregon Conservation association, two public

lectures will be given in room A. new public library, Thursday night at 8:15 o'clock. Walter H. Graves will talk on "By-Products from Logged-Off Lands," and M. J. Kinney will tell of the "Conservation of Fish Supply." The Oregon Conservation association was formed several years ago by men interested in water and forest legislation. It interprets conservation to mean economic use and is working for the clearing and reclaiming of logged and swamped lands, fish and game preservation, topographic surveys and inventories of state resources, reforestation of burned and cut-over areas, protection of forests from fire and insects, scientific treatment of agricultural land, development of inland waterways and conservation of public health.

Officers are H. D. Langille, president; G. W. Peavey, first vice president; C. G. Briggs, second vice president; W. G. Collins, secretary, and the Lumbermen's National bank, treasurer.

GRIDIRON STUNT PLANNED

A gridiron stunt, which it is said will surpass anything heretofore attempted in Portland, will furnish the amusement at the banquet of the Multnomah Bar association to be held at the Multnomah hotel tomorrow evening. Especial advantage will be taken

of the fact that Wednesday is April Fool's day. Roger Sinnott and Municipal Judge John Stevenson constitute the stunt committee.

Body Found in Vacant Lot. San Francisco, March 31.—The body of Albert C. Toll, 50, was found in a vacant lot today. Death was caused by a bullet wound in the right

temple. A .38 calibre revolver found beside the body indicated he had committed suicide.

Not Yet Too Late. Join the Triple P club, now almost completed, and have music at home. See announcement, page 4, this issue. (Adv.)

the p. p. p. club will be filled in a few days now.

when for less than the price dealers ordinarily pay when they buy their pianos to sell again and when on little weekly payments we now supply the latest, most durable, truly high-grade player pianos by means of the p. p. p. club plan, why hesitate?

you've seen our announcements heretofore of the player piano purchasers' club now forming, haven't you?

by this new plan we furnish latest improved high-grade player pianos with neat bench to match, with free music rolls and with privilege to exchange music rolls free, and we do all this for a price about a third less than has hitherto been possible in the ordinary retail way.

furthermore, each instrument is supplied to members on such little monthly or weekly payments that any home, any man, any woman, any boy or girl who has a love for music can become an owner.

isn't it worth while to investigate?

every musicless home will quickly decide upon one of these player pianos if this proposition is looked into. there are not many of the original 112 instruments left, there'll be no more when these are taken. call or phone or write today. eilers music house, the nation's largest, eilers building, Broadway at alder street.
