

SNOOKS AND SNICKS FIND REAL EASTER EGGS

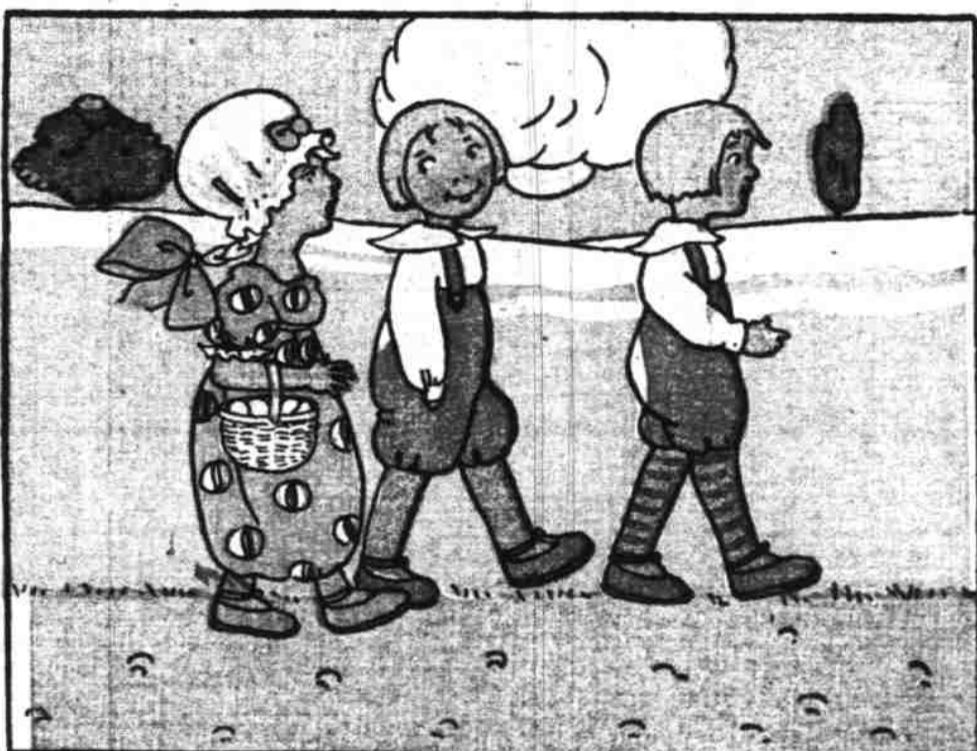

Said little Sue to Snicks and Snooks,
"Here Easter time is near,
And mother has no Easter eggs,
Because they are so dear."

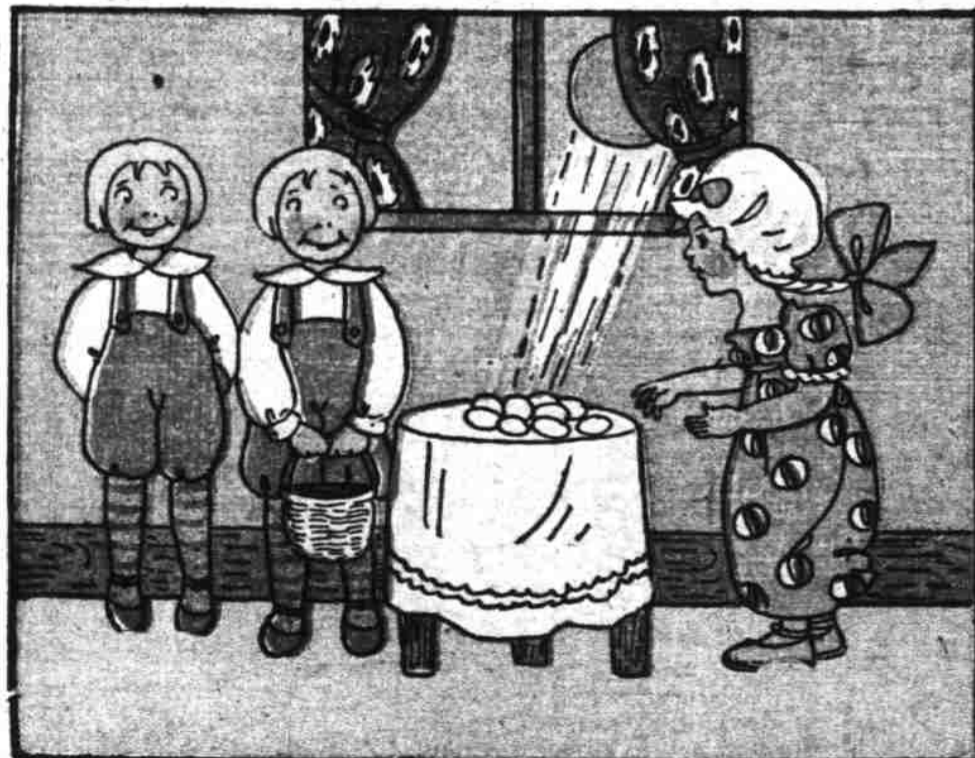

"You come with me," said Master Snicks;
"Some Easter eggs I'll find."
So off he went, and Snooks and Sue
Just followed on behind.

And soon they saw a nest of eggs
Before them on the ground.
Said Snicks, "About two weeks ago
This nest of eggs I found."

"And kept it secret all this time,
Just so that mother dear
Could have some eggs, and be surprised,
When Easter time was here."

So early Easter morn, which was
A bright and sunny day,
They on the table put the eggs.
Then quickly ran away.

They did not know a hen had sat
For three weeks on that nest.
And how surprised were all to find
The sun's rays did the rest! !
