seems impossible. If they have the intelligence and foresight with which they are credited, they will see in the present status a splenof supplies and confine him as to The committee reported: subsistence within the narrow limits of the territory over which he his means of maintaining an army and a war will be vastly reduced.

It is wholly probable that the rebels will look upon the Washington government in its present mood more as an ally than as a foe. If so, the problem is far less difunravel without bugle calls and bayonets.

On the side of continued peace, is the fact that this is not a warmaking administration. The president is not a war lord. The government is a government whose guiding aspiration is peace on earth, good will to men.

A FREE WATERFRONT
