

LEFTY EVANS ADDED TO PORTLAND TEAM FROM NEW ORLEANS

Newcomer to Beavers Had
Better Record in Southern
Than Fleharty and Musser.

M'CREIDIE STRENGTHENS

Brennigan Is On Job, Reiger Arrives
Tonight and Yantz Wires He'll
Come; Tiny Leonard Released.

Another addition to Portland's pitching corps was announced last night in Los Angeles by Manager McCredie and he comes from the New Orleans club of the Southern league via Charley Rogers of Cleveland. Evans is a left hander and McCredie says he is built on Doc White's lines. McCredie, it is known here, has had his eye on Evans since last March, but the jumping of Culp made it impossible for him to get James and he was forced to take Evans.

Like Elmer Reiger, Evans' percentage of victories is greater than his club. Last year New Orleans finished last with a percentage of .346. Evans won 12 and lost 15 games for an average of .444.

Evans started the season with Birmingham, but was secured afterwards by New Orleans. He had a better pitching average than Fleharty of Nashville last year and now with Venice, who won 8 and lost 12 for an average of .400, or Musser, last year with Atlanta and who was recently turned over by Washington to the Los Angeles club. Musser won 7 and lost 10 games for an average of .412. Atlanta won the pennant and Nashville the just beat out New Orleans for last.

Evans took part in 37 games, pitched 253 innings, faced 930 batters, allowed them 124 hits and 127 runs. He fanned 113, gave 81 bases on balls and hit five men, making seven wild pitches. He was in five tied games. He was not taken out during the season and finished four games for other twirlers. He fielded .928 and batted .210. He made seven sacrifice hits but did not score a base.

Catcher Brennigan, turned over to Portland by Pittsburgh in the reverse draft, arrived in Los Angeles yesterday, and catcher Yantz, sent out by the Cleveland association club, has wired Manager Mac at Los Angeles that he will leave immediately for the coast. Pitcher Elmer Reiger has wired McCredie that he will be in Los Angeles by tonight.

The additions to the Beaver catching and pitching staffs probably mean that Fred Frankbach, Elmer Hanson and Homer Haworth will be turned over to the Portland Colts for further seasoning, as McCredie will have a top heavy battery department with Fisher, Yantz and Brennigan, all experienced catchers, and West, Higginbotham, Krause, Brown, Pape, Reiger and Evans on the job.

Manager Nick Williams sent Pitcher "Tiny" Leonard back to the Walla Walla club of the Western Tri-State league yesterday, the big gunner being out on option. He would have cost the Colts \$250 and as he had not shown very much it was not thought best to keep him.

Nick said yesterday that he was thinking of sending Herbert Salvendy to the Helena club of the Union association, but this morning had decided to look him over in a game before sending him to Garrett's club.

GOLF TOURNEY MAY 27-30

The annual spring tournament of the Waverly Country club will be held on the club course May 27, 28, 29 and 30. Gay Lombard, chairman of the handicapping committee, announced the date of the tournament today. The entry list in this year's tournament will be bigger than in any of the previous tourneys.

ANSWER BOXING QUERY

Under the Wisconsin law decisions are not given in the 10 round fights.

held in that state by the referee. Those who place bets on the fights usually leave them to a majority opinion of the boxing writers or to one particular writer's judgment of the bout. This was true of the Wolgast-Ritchie fight. If you bet that Wolgast would stay eight rounds with Ritchie, you won your wager. If you bet that Ritchie would knock Wolgast out in less than 10 rounds you lost. The fight goes down in the records as a nodecision contest with both men on their feet at the end of 10 rounds, and where there is no specific bet on a knockout it is presumed that wagers will be paid on the general opinion of the boxing writers. The championship hinges on a knockout, a challenger becoming champion by stopping the titleholder.

THREE HITS FOR CHAMPS

Vancouver, B. C., May 13.—The champions made but three hits off Pitchers McCorry, Covalski and Smith yesterday but the five errors made by their teams gave Vancouver team a 3 to 2 victory. Spokane made eight hits off Hall.

The score—
R. H. E.
Spokane 2 3 5
Vancouver 3 2 3
Batteries—McCorry, Covalski, Smith and Shea; Hall and Cheek, Grindle.

M'GINNITY GIVES 2 HITS

Seattle, Wash., May 13.—With Joe McGinnity pitching two hit ball the Tigers had no trouble in downing the Giants, 6 to 1. Bunched hits and Seattle's errors gave Tacoma two runs in the second and four runs in the sixth. The score: R. H. E.
Tacoma 6 5 3
Seattle 1 2 3
Batteries—McGinnity and Brottem; Reardon and Cadman.

RUMOR MERRILL HAS OVAL

Rumor has it that Fred T. Merrill has leased the Country club race track in Rose City Park and that a series of matinee races will be staged during the summer at the big oval, which at one time was regarded as the fastest track in the northwest.
Double trackage on the street car line to Rose City Park has cut the time to the track by nearly an hour and matinee racing can no doubt be staged with financial success this year. It is likely that the first meet will be held during Rose Festival week.

WASHINGTON BEATS HILL

The Washington high school team skaut out the Hill Military academy yesterday afternoon on Multnomah field by the score of 6 to 0. The batting of Keys, of Washington, was a feature. His doubles resulted in four of the scores made by Washington.
Risley twirled for the Cadets and struck out 10 men, but was given poor support. Parsons and Blair pitched for Washington. Parsons allowing one hit and Blair two.

State Shoot at Eugene.

The annual state trap shooting tournament will be held at Salem, Or., next Sunday, Monday and Tuesday. Shooters from all parts of Oregon will be entered in this meet, which has been sanctioned by the Interstate association.

Herb White Beats Mason.

Stockton, Cal., May 13.—Herb White has another victory added to his long list today as a result of beating George Mason all the way in their 10 round fight here last night. Although White had his man in a bad way during the last few rounds, he was unable to put him away. Mason claimed he damaged his right hand early in the fight.

FACTS AND FIGURES

Most advertisements of Men's Clothing are pretty much alike—a cut of a good looking chap in a fine fitting suit and a general description of the Fabrics and Styles. I will grant that all stores carry good, well made Clothing. Let's look at a suit from an entirely new angle—

THE EXPENSE OF DOING BUSINESS

We will take for example the Street Level Clothing Merchant who sells 300 suits a month (and believe me, there are more of them that sell less), and charges the Clothing department with \$750 of his \$1200 per month rent.

These items have got to be added to the cost of every suit sold—

Rent	\$2.50	Here is an added
Credit losses	.55	cost of \$4.87 on every
Floor Walkers, Book-keepers, Cashiers, Collectors	1.10	suit sold by the

Well may I say—

CHIP HARD AT TRAINING

Los Angeles, Cal., May 13.—George Chip is determined to make a good first impression in California, and as a result is hard at work today for his bout at Vernon, May 29, with Sailor Ed Petroskey.

Chip opened quarters at Doyle's last evening, and today he expected to go through with his first real work. He will take the road daily, he said, and wind up his work with glove sessions with his brothers. Petroskey is expected to begin training at Vernon next week.

What Dr. Slocum Has Done

DR. SAM C. SLOCUM has kept the expenses of the Coroner's office to a minimum by omitting unnecessary inquests.

He has served the interests of the people by holding inquests in all cases where death was mysterious, or its cause doubtful.

He has saved money to the people by using an accommodation morgue which cost the people nothing, instead of hiring a morgue at public expense.

His only opponents are the under-takers who have not been able to swerve him from his duty to the people.

WHAT DR. SLOCUM WILL DO.
DR. SAM C. SLOCUM will work for a public morgue, and if the people of Multnomah county establish a public morgue, Dr. Slocum will use the information he has gathered toward making the institution as efficient and economical as possible.

He will not use the \$450 a month which his opponents set as the minimum expense for the office for a year. Last year he ran the office on \$313 a month; he will do as well next year if elected.

WHO DR. SLOCUM IS.

DR. SAM C. SLOCUM IS AT PRESENT CORONER and is running for re-election.

He is the man whose activities against danger pools on the East Side following the death of a little child recently, are causing a city cleanup of the dangerous water-filled lots.

He is the man who secured justice for victims of railroad accidents, industrial accidents, and wrecks by holding inquests to determine the responsibility of the public service corporations, the employers and the business concerns.

WHO DR. SLOCUM IS NOT.
DR. SAM C. SLOCUM IS NOT the tool of the undertakers' trust, nor the figurehead under which the undertakers expect to control the mortuary business of Multnomah county.

He is not the nominee of the ten undertakers who form this trust and who are fighting him to the limit of their strength.

He is not the politician who promises something that he cannot perform. His opponent pretends that he can save the county money, while his estimated expenditure is \$2400 above what the people now pay for the coroner's office, as run by Dr. Slocum.

W. CAMP'S IDEA COSTLY

Walter Camp of Yale university suggested at a recent meeting of the Eastern Intercollegiate football rules committee that an extra official be engaged to sit on the side lines in case one of the active men became incapacitated during the contest. This plan was not well received, especially by those coaches which find it hard to pay officials.

Arrangements were completed yesterday for the construction of seven tennis courts in the west end of Washington park. The courts will be regulation size and for the present season they will be rolled and next year they will be concrete.

GRANT B. DIMICK

Candidate for Republican
Nomination for Governor,
Is Receiving Good Indorsements From Those Who Know Him Best.

The following are some of the press comments on Mr. Dimick's candidacy: "The straightforward and clear-cut platform, published in The Times today under the signature of Judge Grant B. Dimick, Republican candidate for governor of Oregon, is characteristic of the man. Those acquainted with Judge Dimick know that he means exactly what he says in his platform, upon which he is going before the people of the state asking for their endorsement of his candidacy and subsequent election. Not only that, but Judge Dimick is a man in every way qualified for the high position which he seeks."—Brownsville Times.

"Among all the candidates for governor, the people of this section should have but one choice, a candidate friendly to every interest of the Aurora section, a candidate known almost personally to the great majority of all our electors as a man of ability, probity and favorable inclination toward all the policies which we hold essential to our best interests and general welfare—in short, a candidate for the governorship whom we can trust implicitly to safeguard the general interests of all the people. Judge Dimick is a home candidate, fully qualified for the position, and every precinct of this part of the county should give him an overwhelming vote."—Aurora Observer.

"The Courier can heartily endorse the planks in Judge Dimick's platform opposing the extravagant legislative appropriations and the growing lists of salaried boards and commissions. These are becoming a dead weight on taxpayers and the people are not going to stand for them. Already there are petitions being prepared to abolish and throw out these useless boards and commissions, and if once they get on the ballot there will be less taxation in Oregon."—Oregon City Courier.

WM. P. LORD

CANDIDATE FOR REPUBLICAN
NOMINATION FOR
Attorney General
Wm. P. Lord announces his candidacy for this office on a definite platform, on something that means something to the people of the state. Among other things, he pledges himself to enforce the public rights in water, forests and tide-lands; to prosecute suits, to regain vast tracts of public land, wrested from the people, and to protect the rights of settlers on arid lands.

Mr. Lord further pledges himself to keep the office open at all times to the people and legislators alike, to furnish every assistance in formulating legislation for the reduction of taxation and the abolition of worthless commissions and offices.

No credit is due to an officer who has done his duty, whether for one year or for 18 years. He was paid to do his duty, and if he failed to enforce the laws he is derelict in his duty.

What the people require of a candidate is a candidate who will maintain the office, and Mr. Lord is a candidate who has made pledges to the people, which he will unswervingly fulfill.

C. N. McArthur
REPUBLICAN PRIMARIES, FRIDAY, MAY 15
Press Comment
Clifton N. McArthur, who made such an excellent record as speaker of the house at the last legislative session, is a candidate for congress in the Third District with a good chance of being the next congressional representative from Portland. He is a staunch Republican, talented, and has given full demonstration of being a man of the people's interests. The fact that he has filled the chair of speaker of the Oregon legislature for two terms and come out stronger and more highly respected each time, is proof that he is a man whom the people can trust in the conduct of their business. If more men of this class were elected to office there would be a higher respect for our public officials.—Klamath Falls Herald.

Judge McGinn Endorses Miss Lida M. O'Bryon for Judge

Last year when Department No. 3 of the District Court was established Miss O'Bryon was a candidate together with 33 men and came within one vote of getting the office. At that time Judge McGinn wrote the following:

"My dear Miss O'Bryon: I deeply regret that conditions were such that you could not be chosen for the District Judgeship. It seemed to me that in our department of the law, we needed a woman's sympathy and love, for I have believed that our laws were administered, too much, by those who place property rights above human rights and to get our legal institutions so that they would, in time, commend themselves to the world and not be a reproach as I fear they now are largely regarded, was my hope. To this end when the chance came for me to express my views in selecting a third District Judge, I thought that one of the three judges should be a woman, and I deemed myself most fortunate that the one presented by the women of Portland was so qualified by natural and acquired attainments for this place as you were, Miss O'Bryon. That you were not selected is a loss to the public and not to you, it will take us time to know and understand that the times are changed and we must be changed in them, that the problems of Lincoln's and Grant's day are not the problems which are ours. I have no hesitation in saying that your failure to receive the appointment was disappointing to me, and though it is no personal loss to you but a distinct gain to you, it may be necessary for you again to take up the contest, for in that contest there cannot be one whit of personal feeling, but a feeling of trying to do something, even though it be little to make this world of ours some better for our having been a part of it. With sincere personal regards I am, Ever faithfully yours, Henry E. McGinn."

Miss O'Bryon is a candidate for the same office in the primaries.
