

WILLIE INVENTS A NEWFANGLED MOTORBOAT

DEAR TOMMY: Rover and I are having lots of fun with this contraption. Johnny Jones saw me sailing on the pond with it, so one day he took Rover and went sailing when I wasn't there. He tried to scare Rover to make him go faster and ran into a rock and got dumped overboard. I think it served him right—don't you?

Yours, etc.,

WILLIE.
