OVER BENNETT WITHOUTDOUBT

VOL. XI. NO. 6.

Democratic Candidate for Governor May Have Plurality of About 1500; 29 Out of 34 Counties Definite

DEFEAT IS CONCEDED BY BENNETT FORCES

Dr. Smith's Plurality in Multnomah 637 in 286 Out of 326 Precincts.

Late reports from 29 of the state's 34 counties establish beyond a shadow of a doubt that Dr. C. J. Smith of Portland is the Democratic nominee for governor with a plurality of around

Early last night the Bennett forces conceded Dr. Smith the nomination by 1000 votes, but as the reports rolled in from the outlying counties of the state the plurality of the former Pendleton man advanced by leaps and bounds to over 1400. Dr. Smith's plurality in Multnomah

equalled 637 votes for complete returns from 286 of the county's 324 precincts, it being impossible to get the vote of the remaining precincts due to the tally sheets being locked in the

With Smith leading and Bennett sec-ond, Manning ran on the very heels of Judge Bennett in Multnomah county, but fell woefully behind in the state at The vote for 29 counties with incom-

plete returns and including Multnoman ounty was as follows: Smith, 11,278; Bennett, 9924; Manning, 4659; Cobb, 1756, and Miller, 1054. Returns last night indicated that

Smith had carried the following counties beyond question: Benton, Coos, Douglas, Harney, Lane, Multnomah, Umatilla, Crook, Union Wallowa, Jackson and Josephine. Judge Bennett led in Columbia, Clatsop. Klamath, Malheur, Marion, Polk, Wasco, Hood River and Sherman. Incomplete returns threw the fol

lewing counties in the doubtful list, additional figures from missing precinets being likely to throw the bal-Reports were missing from Curry, Lake, Wheeler, Gillam and Lincoln up to a late hour last night. Smith Carries Former Home County.

Dr. Smith carried his former home county, I'matilla, by 742 votes, while in Baker county, where the contest between Bennett and himself was most keen, he was only 64 behind The Dalles man for 25 precincts. It is significant too in this county that Ed Rand. the sheriff who figured in the Copperfield case, was defeated. This is regarded a striking index of Dr. Smith's strength in what in many respects was deemed a hostile county ue to the law enforcement issue be ing paramount

Even in Wasco, Judge Bennett's home county, Dr. Smith polled 208 votes, according to incomplete returns, to the judge's 576.

Manning's strength fell far below estimates made by himself previous to the election, even his vote in Multnomah, where his strength was supposed to lie, falling below Judge Bennett and Dr. Smith, and proving that the fears expressed in the campaign that he would prove a formidable candidate were groundless. He failed to carry a single county. For congress a neck and neck race was carried on between A. F. Flegel and E. L. Van Dresar in the Third district, which comprises Multnomah county.

Flegel's Lead Small.

Flegel was leading at the close of cincts still unaccounted for, Van Dresar was considered to have more than a fighting chance.

Dr. Elof T. Hedlund was third, making a remarkably good race considering it was his advent into politics and the fact that he was comparatively unknown at the beginning of the cam-

Dresar and 1920 for Hedlund. In the First district, with incom-plete returns from all of the counties nomination to his "public morgue" the district, Fred Hollister of North Bend was an easy winner over W. H. Meredith of Wedderburn, Curry counhaving 5247 votes to Meredith's

in the Second district.
