Miss Moulton was the guest of Miss Margaret Fleetwood in Tacoma, where Mr. Closset joined her Sunday and they went to Seattle to be married. Portland friends had heard of the rumored engagement but it had not been generally announced. A few friends of the bride knew that she was planning to be married in the fall. She left the home of Mr. and Mrs. Fleetwood Sunday morning following a telephone call and was not seen again. She is a former

Tacoma girl, was born in that city and lived there for a number of years. Her wide circle of friends there, on hearing of her disappearance, were alarmed as to her safety until the news of her marriage was finally made known yesterday. The marriage is the culmination of a school romance at the Portland academy, where both young people attended. Both Mr. and Mrs. Closset are well known in the younger set in Portland and their elopement has created quite a stir among their many friends.

## The Kingsbury

## A Convincing Piano at a Convincing Price

**The Kingsbury Piano is an appeal to your intelligence as well as your purse**

**How it looks is important!** That is why specialists, whose life work is designing, draft the patterns from which are selected the new styles.

**How it wears is more important!** For this reason the handsome Mahogany, Burl Walnut and Quartered Oak are given extra finishing coats with materials that cost fifty per cent more than those almost universally used.

**How it sounds is most important!** When you test the tone quality of this instrument, do more than strike powerful chords in the bass—test the higher notes. Where most pianos are thin, the Kingsbury has resonance and singing quality. You can not fail to notice it.
