REBELS ARE NOT LAWLESS

Congressman Placed in Rank of Land Grabbers and Newspapers Fighting to Force Intervention.

Oakland, Cal., June 12.—That a member of the house foreign affairs committee could be so grossly ignorant of the real Mexican situation was the subject of caustic comment today by Captain John T. Neville, former military aide to the late Governor Abram Gonzales of the state of Chihuahua, when informed of an interview giveneut yesterday in Seattle by Congressman Ainey of Penusylvania. Ainey declared that the followers of Carranza and Villa are bandits and the perpetrators of all the criminal acts since the fall of President Madero.

"While the remarks of Congressman Ainey are altogether untrue and unworthy of consideration, I think they should be corrected so that the American public will not use them as a basis for an opinion on conditions in at the Friends invited.

SHELDON—The funeral services of the late walk, curbing and grading allpaid; Albert C. Sheldon will be held Sunday, June 14, at 2 o'clock p. m. at the residence establishment of J. P. Finley & Son, Montgomery 881 Killingsworth Ave. Mexico," said Captain Neville. of fairness for the Mexican constitutionalists the interview should not go unchallenged, as it is false from start to finish and is but conclusive evidence that he is habbling about something which he either does not understand or which he is purposely using for political purposes. Jingo Papers Are Selfish.

If the American administration has trunkful of consular reports showing that the followers of Carranza and Villa are the murderers of American women and children the public would There are certain jingo newspaper men and newspaper owners with selfish reasons who are spending much money and energy in trying to bring to light some action of Carranza or Villa in order to precipitate their downfall. All these efforts have not been able to show where a single American

has been killed by real followers of Carranza or Villa. "Ainey declares that "in 22 states controlled by Huerta there have been no Americans murdered.' The facts are that the rebels absolutely control the seven northern states of Mexico. which is about half the total area of the country, and partly control all of the country, and place the country, and territories. Huerta does not fully control a single state or territory, not even the federal district in which the national capital is located. He is administering his is located.
