Military Aeroplane Rams an Austrian Army Dirigible Over Aviation Field Near Vienna, Killing Nine Men.

AEROPLANE IS HELD BY BURNING WAR DIRIGIBLE

When Latter's Bag Collapses Both Fall to Earth Enveloped in Flames.

Vienna, June 20.-A military aero plane accidentally rammed an Austrian army Parseval dirigible at the aviation field between Enzersdorf and Fischamend today, sinking the great airship but itself going down to destruction as a result of the accident, with a total loss of nine lives.

The two air craft were 2500 feet aloft when the accident occurred. The acroplane was swooping past the dirigible with a safe margin of distance between the two when it suddenly swerved almost at right angles, presumably due to some mishap to the steering gear, and plunged at full speed into the big gas bag amidships. Instantly the dirigible burst into

The aeroplane did not fall immediately but remained entangled in the network by which the Parseval's car was supported from the gas bag. In a moment, however, the bag itself collapsed and the two vessels crashed to the ground together, both blazing fiercely.

The seven men on board the dirigible and the two with the aeroplane were all dead before those who rushed Myrtle Point Boy Killed While Riding to aid them reached the spot. It was mpossible to tell whether they were burned to death before they struck the ground or were killed by their fail. aviator, a naval officer, a civil engineer, four lieutenants, and two mech-
