

GOLF STARS GATHER IN SEATTLE FOR BIG NORTHWEST TOURNEY

Club Swingers Come From All Parts of Pacific Slope to Play Game.

CHANDLER EGAN TO PLAY

Three Times National Champion to Represent Waverly Club; Not Certain Yet About Jack Neville.

Seattle, Wash., June 20.—Bringing together the stars of the golfing firmament of the western states and British Columbia, the fourteenth annual championship tournament of the Pacific Northwest Golf association opens on the links of the Seattle Golf and Country club Tuesday morning.

Nearly all of the entrants in the big tourney are now in the city putting in preliminary sessions of play in preparation for the big event.

Jack Neville, California champion, who is another famous player, will probably take part, although Captain C. K. Magill of the Seattle Golf and Country club, who is generally in charge of the coming tournament, has received no definite assurance from him as yet.

Harry Eddy, former Waverly Country club player, who is interested to learn that George H. Eddy, an experienced veteran of the golfing course, has been placed in charge of the grounds by Manager George Pirie.

One hundred caddies at the Siwanoy Country club in Bronxville, N. Y., recently struck for higher pay. Resisting attempts of members to eject them from the club grounds for interfering with new boys who were called, the caddies wielded golf clubs freely, several members of the club sustaining cuts and bruises in the encounter.

William Dickson, who recently arrived in this country from Scotland, has taken charge of the Portland Golf club course at Garden Home. Dickson has accomplished a great deal toward getting the greens in shape and by next season they will be in pretty fair condition.

Raymond Ball, former professional of the Grays Harbor, Wash., Golf club and University of Washington club, has been engaged as professional of the Olympia, Wash., club, which was recently organized.

James Runchey, who resigned his position as instructor of the Lakewood course at Tacoma, Wash., will take Ball's place at the University of Washington club.

Forrest Smithson, the former Multnomah club athlete and holder of the world's record for the 110 meter hurdle race, is coming back to Portland to live. Smithson made this announcement when he stopped in Portland Friday on his way to Tacoma, Wash., where he will drive a Fiat car in the annual Fourth of July races there.

Smithson has been away from Portland for several years. During the past couple of years he has been in the automobile business and spent one season coaching the track and field team of Santa Clara college. When he returns to Portland Smithson will likely engage in the automobile business and may possibly try to land a coaching position at one of the local schools.

Besides holding the world's record for the 110 meter race, which he made during the Olympic games of 1908 as a member of the Multnomah Amateur Athletic club team, Smithson holds the world's indoor records for the 60, 70 and 80 yard hurdles. His record for the 110 meter hurdles is 15 seconds.

San Diego, Cal., June 20.—Joe Azavedo today wired local promoters, stating that he would gladly box Leo Cross here July 4 in the 20 round main event to be staged in connection with the big three-day celebration which is to be held here.

Red Watson recently named his own terms and said he would box Cross, but is now holding out for more coin. Either Azavedo or Frankie Burns may get the go as a result. Cross will box here. That is certain, his brother said today.

San Francisco, June 20.—George Chip, of Newcastle, Pa., did his first training here today for his scheduled 20-round bout with Billy Murray at Daily City on July 4. The result of this match is expected to go far toward cleaning up the tangled situation in the middleweight ranks. The winner here probably will be matched with the survivors of the Jimmy Clabby-Eddie McGoorty bout soon to be staged in Australia.

Chip is expected to be a slight favorite over Murray on the strength of his recent clean-cut victory over Eddie McGoorty, whom Murray was accused of sidestepping when he went east to meet McCoy. As yet there has been no real betting, but Murray also did his first work for the Independence day battle today at his Ocean Beach quarters.

Neither Chip nor Murray is expected to have any difficulty in making the required weight, 168 pounds ringside.

The New York Canoe club announces that July 10 and 11 have been selected as the dates for the international challenge cup canoe sailing trials. The trials are to be held at the Marine and Field club at Gravesend Bay the scene of last year's Challenge races, in which Ralph D. Britton, the Canadian international winner, defeated Leo Frisbie of New York.

Solly Burns knocked out Jack Howard in two rounds, while Jack Gordon was disqualified in round two for repeatedly fouling Herb Thompson.

POLO SCHEDULE FOR SPOKANE GIVEN OUT BY THE CHAIRMAN

Series Starts June 28 and Ends July 4 With Two Local Teams Entered.

ANNOUNCE LINEUP TODAY

Harry Robertson, Crack Alberta Player, Will Strengthen Waverly for Match With Vancouver, B. C.

Henry L. Corbett, chairman of the polo committee of the Waverly Country club, announced yesterday the schedule of games between the Spokane Polo club and the Waverly teams. The series will start Sunday, June 28, the Waverly Blue team meeting the Spokane players.

The remainder of the schedule is: Tuesday, June 30.—Waverly Blue vs. Waverly White. Thursday, July 2.—Waverly White vs. Spokane. Saturday, July 4.—Waverly Blue vs. Spokane.

There may be a slight change in the schedule before the tournament opens. The matches between the Waverly Blue and Waverly White teams and the Waverly White and Spokane teams may be switched.

The lineups of the local teams have not been selected, but Corbett expects to be able to announce them after the practice session this morning at 10 o'clock on the club field. The players of the local teams are Sherman Hall, Gordon Voorhis, V. A. Johnson, Clifford Wetherax, B. L. Tane, E. R. Corbett, H. F. Corbett and H. L. Corbett.

The local team will be strengthened by the addition of Harry Robertson of Calgary for its matches with the Vancouver, B. C. Polo club team, which will be played during the latter part of July on the Waverly field. Robertson was a member of the famous Canadian team which won everything in the Coronado tournament three years ago.

Corbett announced yesterday that he had practically decided upon the lineups of the local teams, but did not wish to make them public until after this morning's practice. Dr. George Whiteside is the only local player who was a member of last season's team, missing this year. Whiteside is in the east at present but is expected to return during the coming week.

The Waverly Country club has won the northwest championship for the past two seasons and is expected to make a strong bid for the 1914 title.

The Waverly Country club has won the title from the Boise, Idaho, cavalry, and the Vancouver, Wash., infantry teams. Last year at Spokane it defeated the Spokane and two crack Canadian teams.

AMHERST AIDS ATHLETICS

Amherst college, one of the small New England colleges, has set apart a field devoted to the exclusive use of students not qualified for a place on a varsity team. It is a 40 acre tract of land, costing \$75,000, which will be used by students who do not aspire to fame and glory. It will afford space for lawn tennis courts, baseball fields, football, soccer and lacrosse games. A quarter mile straightaway running track, as well as a circular cinder path, will be constructed, and a mile cross-country course. Provision will also be made for winter sports, such as coasting and skating.

DONOVAN AGAINST RACES

Coach Fench Donovan of Harvard university is of the opinion that no athlete should be required to run two hard races on the same day, especially in a meet like the eastern intercollegiate. It is expected too much of an athlete to run two such events is apt to work serious injury to himself.

Drop Hammer Throw

The South Atlantic Intercollegiate Athletic association has dropped the hammer throw from future competitions.
