# REPRESENTATIVES OF STATE SOCIETIES TO MEET NEXT MONDAY

Plan to Organize Permanent Federation Will Be Discussed; Good Program.

eration of state societies is proposed as an outgrowth of the successful cooperation of a number of state organizations during the Rose Festival, in conducting the rest room for visitors in the Pittock block,

Representatives of the state societies who participated in receiving and entertaining visitors from "back home" will meet Monday evening at 8 o'clock in Library hall and extend to the pub-lic an invitation to be present. The program will include a talk by George M. Hyland relative to the plans of the Oregon commission for the representation of the resources and attractions of Oregon at the Panama-Pacific Interexposition, illustrated by moving pictures telling the story of the Oregon building, from the felling of the trees in the forests to the erection of the huge columns surrounding the building. The erection of the largest flagpole in the world, which was sent down from Oregon and is now in place at the corner of the site on which the Oregon building stands, also will be shown. C. C. Chapman will give an address on the "Benefits of Cooperation" and Melvin Winstock will offer some suggestions for the financing of the work of the proposed new organization.

## Mount Hood Will Be Illuminated

on the Night of Fourth of

Red fire will be burned on Crater rock, Mount Hood, on the night of July Fourth, but it is not certain that the illumination will be visible from Portland. The display is planned by a party from Government Camp, but only a small quantity of powder will be burned, as the illumination is in tended principally for the benefit of a party from the Portland Y. M. C. A and other excursionists who will be on the mountain that night.

The party will leave Portland thi evening and will spend the night at Hood River. They will stay tomor-row night at Cloud Cap Inn and will make the climb on Saturday, returning down the south side of the peak. Those who have definitely signed up to make the trip are C. N. Clark, J. H. Clark, Ed Larson, R. J. Davidson, E. H. Bullivant, Dr. Henry E. Shoot, Raymond Taylor, John P. Trant, J. P. Plagemann, F. H. Fleming and M. Grilley, physical director of the Y. M. C. A. Besides these Frank Kerr and F. R. Maney will make the ascent on the south side, meeting the others on the summit.
