#### NIG CLARKE POORER MAN

San Francisco Catcher Takes Up Corhan's Quarrel and Gets Chased Out for His Garrulity.

Del Howard's Seals are great little Howard, Pernoll, talkers—with the reverse English. They probably talked themselves out of a game in the ninth frame yesterday, when men were fretting on the Bencroft, as bases. The score was 3 to 2 against them, but James West, known to the Rodgers, 2b "hum folks" as Hiram was showing "hum folks" as Hiram, was showing Kores, 3b signs of rapid disintegration and the Speas, if Hyan, cf gabfest gave him time to recover from nomentary wildness. Nig Clarke was West, p ........... 4 the most vociferous among the visitors. Nig had a nice juicy duid in his mush, hich interfered with the torrent of language issuing therefrom, and he deftly removed the quid from somewhere behind his molars. It was a very luscious quid and had required quite a bit of chewing to mould it into the consistency that Nig desired, but even that didn't prevent him from taking it firmly in his right paw and attempting to take a pot shot at Umpire Held. The red in Held's neck took on a turkey hue as he continued to plaster pedro after pedro upon the wrought-up Nig. When the player saw all his wages vanishing into saw all his wages vanishing into Prexy Baum's iron chest, he growled a last growl and beat it under the

And the funny thing about it all is that Clarke was kicking on a third strike called on Roy Corhan. The brua club and Pernoll took up the burden delivering the hit. Downs walked the ninth and Schmidt ran for him. Walter stole second and took third on wild pitch. Mundorff fanned but with some complaint. Tyen Howard batted for Charles and walked. It was at this juncture that Corhan made wild movement on the third strike. Held declared he had swung on the ball. Enter Mr. Clarke; exit Mr. Clarke. Pernoll made the last out, Bancroft

Art Kores was the batting demon of the day, getting four clean hits off Lefty Leiffeld, including a double. He drove in the first run of the game in the fourth frame. Derrick started the inning by scratching a hit to Corhan. Rodgers followed with a sacri-

FILLED WITH GABBING fourth bingle and stole second, while Leifield was trying to catch him off first, the throw getting away from Charles. At that, Kores had a trenendous start and would have beaten Charles' throw. Speas fanned and it was up to Buddy Ryan. Buddy had not been looking particularly good against Leifield, but he outguessed Lefty this time and pulled the ball into right field for a two bagger, scoring Kores with what eventually proved

the winning run.

Vancouver, B. C., July 10 .- Portland won in the afternoon and the locals carried off the game in the evening, by the respective scores of 3 to 1 and 12 to 0. Frambach was the medium of one of the biggest killings of the year in the 5 2-3 innings he worked in the second game. Doty had his old clubmates swinging hard and in the seven inning engagement they got but two hits, both made by Haworth. The locals were so busy making runs that they forgot all about time, and the game was called at the end of the seventh on account of darkness.

Haworth got a three base hit in the sixth inning off Doty with one down, but the big fellow fanned Hanson and Coltrin and added to his shutout record With the score tied in the first

frame of the opening game, the Colta bunched three hits and that, added to an error by Bennett, gave two runs and the game. Afterward neither club could tally.

\*Batted for Harstad in eighth.

The Seals tied it up in the sixth, when Leifield walked and Fitzgerald doubled to right, the pitcher crossing on O'Leary's out, Rodgers to Derrick.

The Beavers broke away from the tie again in their half of the sixth. Tomorrow and Sunday.

OFFICIALS ARE SELECTED

Automobile Enthusiasts Are Still Talk-

land Will Be Represented

E. A. Moross, manager of the Max well racing team, expressed himself his morning as well pleased with the City speedway in preparation for the races tomorrow and Sunday. If this expert of racing, who has seen practically every track in the United States, puts his O. K. on the condition of the local track, the Portland public may be assured that it is right. The list of officials who will handle the races was announced this morning and are as follows:

Official representative of the contest board of the American Automobile association, Frank M. Fretwell of Seattle; referee, John B. Yeon; timers, Frank E. Watkins, James E. Appleby, George L. Parker, T. Morris Dunne and Walter Giffard; judges, L. Y. Keady, John H. Burgard, Julius L. Meier, O. C. Leiter and A. L. Fish; announcer, C. J. Cook: clerk of the course C. H. King: chairman of technical advisory board, Ben Trenkman; official handicapper, M. C. Dickinson.

Roy Brock sent word yesterday giv ing assurance to the officials that he would be in the race, which brings the list of entries up to nine, Hughie Hughes, who won the Golden Potlatch race at Tacoma: Teddy Tetzlaff and Carlson, the Maxwell drivers; De Alene, in the Marmon; Kennedy in the Chalmers Bluebird; Goetz, in the Endicott Special; Percy Barnes, in the Romano Special, and the big Blitzen Benz. Brock will drive a Wright special. In order to minimize the chance of

accident and also to facilitate the enan end to the losing streak developed tering of pits by drivers, they have ways adopted. Automobile men are still talking

inning, and allowed but four hits. The over the daring displayed by Tetzlaff and his mechanician at Tacoma, "Terrible Teddy" has won the admiration of Pacific coast fans, and de-serves their praise. He never drove a better race than at Tacoma, and when in second place, with but 10 laps to go and a good chance at first money, he met with the most dreaded of all mishaps to a racing car. There are many things about a racer that may prove fatal. The blowing of a the breaking of an axle, the throwing of a wheel. When De Alene threw his tire he turned over; when F. S. Brock broke his steering knuckle he killed a spectator on the course and made a mass of junk of his beautiful racing car. And this in spite of the fact that he was alone on the course. The breaking of a steering knuckle in a race has come to be known as the worst thing that can befall a racing car. At Indianapolis it is necessary to change the rod and steering knuck-

les the day before each 500 mile race.
