## CALL FOR CHICKENS CONTINUES TO BE ACTIVE; PRICES FIRM

Receipts of Both Hens and Springers Have Been Liberal for Some Time, Yet Market Keeps Well Cleaned Up; Green Corn Arrives.

Front street was well supplied in all lines today, excepting chickens, country killed yeal and hogs and watermelons The poultry market continues firm, and hens readily bring 15c, some selling yesterday at 15 %c. Springers bring anywhore from 18c to 20c. The acbe stronger than ever at this time for land tomorrow, about 80 degrees. the market cleans up in fine shape daily in spite of quite liberal receipts. One reason for this, to a considerable extent, is that Seattle is drawing heavify on this market for towis, large shipments being made for the Puget sound city every now and then. A few ducks arrived this morning. They do not meet with a very active demand at this time, however. There were no turkeys or geese on the street today, and quotations are nominal. In fact, the street has been bare on turkeys and geese for several days.

#### VEAL AND HOGS ARE SCARCE

Country killed veal and hogs are scarce and in good demand. This be-ing the height of the harvest season. farmers are busy, and this probably accounts in large measure for the short supply. Veal is quoted at 13½c and hogs at 10½c. The new meat inspection ordinance is scheduled to become effective tomorrow and will do so unless stopped by an injunction, which independent packers are planning to obtain. They contend that the new ordinance will discriminate against them and in favor of the large packers.

EGG MARKET HOLDS STEADY

The egg market remains steady with Oregon candled eggs bringing 25c on Front street. Case count eggs bring is made that the case count eggs are exceedingly "uncertain" as to quality at this time, because of the warm weather, and that comparatively they run higher than the candled stock. The

# Shipping Apples

The 1914 fruit shipping season is on carnest now. The "main event" does not begin until apples start to move in carload lots which they did move in carload lots which they did this week, the first car going forward from Zillah in the Yakima district and being sold by the North Pacific Fruit Distributors in Canada, even before it was loaded. It included Early Newtowns, Duchesses and Astrachans.

The first straight carload of peaches left the Northwest also during the past week, being shipped from Kennewick, likewise in the Yakima district, and being sold, by the distributors as well, in Canada.

# Dealer Says Grain Bags Will Be Needed

T. J. Armstrong, president and manager of the Noon Bag company, stated today that he has received word from California indicating that the Pacific northwest grain growers should not figure on California as a source of supply of grain bags this season. A communication to him from

San Francisco under date of July 3, 1914, is as follows: "I do not see where you could get very many bags here. If the northern farmers expect to . find bags shipped north from here, I think they will be disappointed. So much is this the case, that I have sold bags for local requirements July shipment from Calcutta." Mr. Armstrong says that the

#### Car Surplus Being Reduced Rapidly

New York, July 10.—There was a general weakness in the stock market today and at London American stocks were weak. Otto H. Kahn, who returned from Enrope on the Imperator, reported business dull all over the world, but said he hopes it will be better in the fall. That transportation is increasing was indicated this morning by the railroads reporting a de-crease of 10,000 cars in the surplus in

#### Health Board Again Ousts Van Brakle

pointed; Will Continue Fight.

The state health board at its quarterly meeting Wednesday took final action in connection with Dr. Van Brakle of Oregon City by declaring that he is no longer health officer of Clackamas county. County Judge Anderson was immediately notified of the board's action, which marks another step in the case which was started when Clackamas county physicians charged that Van Brakle had refused to take several cases of contagious diseases reported to him. The fight has been on several months.

Van Brakle is an osteopath and was appointed to his position by Judge Anderson 11 months ago. Physicians of the county soon afterward charged have not been living up to the law. He that he was not a graduate of a reputable medical school and was incompetent. The case went into the courts, where it was non-suited, and Clackamas county physicians were instructed to report directly to the state board, which took the stand that Van Brakle had not been legally appointed and therefore could not be removed from position he never occupied.

Van Brakle takes the position that opposition has been aroused because last night he defied the board and after declaring he would remain health officer, promised to prosecute every physician who does not report to him. So far Judge Anderson has stood with Van Brakle and has refused to oust

## NO DECISION ON THE PROPOSITION OF NEW PASSENGER DEPOT

Spokane, Portland & Seattle Officials Give Their Reasons for Opposing Plan.

Vancouver, Wash., July 10 .- Committees from the Commercial club and the city council met yesterday with President Gilman, of the Spokane, Portland & Seattle Railway company, Judge Carey, chief counsel for the company, and George Neilson, who rep-resented the general manager, and after a lengthy discussion over old grievances and promises, came to no decision relative to the construction of a passenger depot at the foot of Washington or Main streets. The matter was left in the hands of the committees and another conference will be held soon.

President Gilman gave several explanations as to why it would be impossible to put a depot at the place requested, stating that it would cost more money than the traffic would justify, and that the station would be dangerous because it would have to be built up to the overhead crossing. Judge Carey spoke along the same
