DARING RACER GOES 25 MILES IN BETTER THAN RECORD TIME

Barnes in Romano, Showing Remarkable Nerve, Makes It in 22 Min. 7 1-5 Sec.

DRIVING IS SENSATIONAL

Tame Afternoon's Sport Varied Only by Big Event; One Slightly Injured in Polo Match.

Percy F. Barnes, driving a Romano special racer, yesterday lowered the 25 mile record for a mile dirt track when he captured the free-for-all in the remarkable time of 22 minutes, 7 1-5 seconds. Barnes showed a wonderful exhibition of nerve on the turns skidding half way up the track practically every time he hit the first turn, yet kept plugging away and was finally returned a winner. That he broke the world's record for the distance was the belief of Frank M. Fretwell, the A. A. A. representative at the races.

Until this race, the last on the program, was pulled off, the crowd had had little excitement for its money. The stereotyped performance of watching Teddy Tetzlaff run around the track slightly ahead of two or three other cars had given the 5000 people little to grow excited about.

A ban, circus like, tried as each race was ended, to stir up enthusiasm by quickening the tempo, but without success. Barnes, the only independent driver in the races, was consistently shut out by the team of Maxwell drivers, the big Marmon with De Alene up was given out as being in bad shape and in the races it started could not keep the pace set by the others, while Brock, with the Wright car, was also unable to show the class necessary to stay alongside of Tetzlaff.

Excitement at Last.

With the start of the last race, the 25 mile free for all, some little excitement was aroused. Tetzlaff and Carlson, each in Maxwells, Barnes in the Romano, Brock in the Wright and De Alene in the Marmon, started. Tetzlaff struck out as if he intended to run away from the field with Brock showing the rest of the field the way. Brock spurted time and again but was unable to quite pass the flying Maxwell. De Alene dropped out early in the race due to mechanical trouble, while in the seventh lap Brock lost a rear tire, Carlson was half a lap behind and did not figure with the crowd. Barnes had been close on Brock's heels and when he dropped out and all chance of the "hippodrome" drivers shutting him out removed he opened up.

The crowd stood on its feet, held its breath and sighed with relief when he was finally around the first curve each time, for the recklessness he showed was amazing. Halfway up the bank and sometimes clear to the fence the Romano would skid, falter a bit and then leap out after the flying Tetzlaff again. In the twenty-fist lap his pertinacity was awarded. Tetzlaff's engine could be heard missing often and the Romano gradually crept past him. The lead was taken by Barnes immediately in front of the stands much to the delight of the crowd.

The only accident of the day came during the second period of the auto polo match when one of the Ford cars, driven by Jack Marston, turned over. Marston was thrown out and the top rolled over his arm, painfully bruising it. He was back on the track in 15 minutes, watching the races, however.

The summary of yesterday's events:

Exhibition three miles by three Maxwells, from standing start—Hughes first, Tetzlaff second; time 3:4 2-5.

Five-mile motorcycle race—Harry Brant on Thor first, Peppel on Merkle second; time, 4:25 2-5.

Five miles, for no-stock cars—Percy Barnes in Romano first; Ray Brock in Wright second; time, 4:30.

First and second heats of three-mile free-for-all, open—Tetzlaff first, Brock second, Barnes third; time, 2:37 and 2:36 2-5.

Twenty-five mile special—Barnes in Romano first, Tetzlaff second, Carlson third; time, 22:7 1-5. (track record.)

Exhibition miles against time—Tetzlaff, 51 3-5 seconds; Barnes, 52 2-5 seconds; De Alene, 58 3-5 seconds.

Tetzlaff, in the big Blitzen Benz, in an attempt for the track record, made a mile in 49 3-5 seconds. Burman, record of 49 1-5 seconds, therefore, still holds.

SACS FINALLY GRAB GAME

Los Angeles, Cal., July 13.—After suffering seven straight defeats, the Sacramento Solons came to life yesterday afternoon and turned an apparent defeat into a 5 to 3 victory after an 11 inning struggle. The Solons were two runs behind, when the ninth inning opened, and by crowding in three hits on Musser, succeeding in tying the score. Three hits in the 11th won the game for Wolverton's team. The Sacramento manager used practically every one of his players, save a couple of pitchers. The lone error of the Senators was made in the tenth inning by Wolverton, when he overthrew first base.

Los Angeles won the morning game 5 to 1. Love allowed three hits. Gedeon joined the Angels and secured three hits in seven times up.

The senior four oared and the junior double crews, winners in their respective events of the twenty-third annual regatta staged in Portland last Friday and Saturday, left yesterday afternoon for Nelson, B. C., where they will race against Canadian clubs on Thursday, Friday and Saturday.

The local crews were accompanied by representatives of the Victoria Amateur Athletic club and the Vancouver Rowing club. W. J. Patton went on the trip as manager of the Portland team.

The senior crew of the Portland club, E. A. Hanson, stroke; Walter Resing, No. 3; E. A. Stevens, No. 2, and C. M. The four oared crew of the Vancouver club will be shifted for the Nelson regatta. The Victoria club crew will also be in the race.

AUCTION METHOD determines values in wool markets of the world

DEPENDS ON LONDON

American Wool Market Will Follow Foreign Lead.

AUCTION SALES STARTING

Domestic Clip Now in Second Hands and Higher Prices Abroad Needed to Make It Show Profit to Dealers.

The attention of the American wool trade is now centered on London, where the third series of auction sales has started. The course of prices in this country will be governed largely by what happens in the English market. The American clip is practically all out of the hands of growers and in the possession of dealers. The larger part of this wool was bought at a high price, and naturally the merchants are anxious to see the London market advance.

No business is more adapted for handling by the auction method than the buying and selling of real estate.

In other cities it has proven successful.

Why not in Portland?

We will accordingly introduce a series of auction sales of real estate; presenting you with

Why Drink WATER When You Can Get

SALEM BEER

The Most Popular Beverage on the Pacific Coast?

SALEM BEER is brewed in one of the most modern plants on the Pacific Coast. It is aged in steel glass-lined tanks. It is conveyed by modern pipe line system direct to the bottle house, bottled under pressure and therefore never comes in contact with the air from the time it leaves the fermenting tank until the bottle is opened by the consumer. The consumer is absolutely assured a beer of ideal effervescence, snap and purity.

A trial will surely convince any one of the excellence of Salem Bottled Beer.
