THEATRICAL NEWS

Popularly Chosen Actor Fills Photo Play Leading Part Well.

Many Attend Performance. A goodly Portland percentage of the 0,000 people who elected Francis X. Bushman, winner of the Ladies' World hero contest, were at the Globe yesterday to see the popular actor in "One Wonderful Night." The photoplay has been filmed from the serial novel

which ran in the Ladies' World at the same time the contest was being carried on to give all readers of the World an opportunity to choose the hero for Mr. Bushman was the choice, and a viewing of the film indicates the wisdom which elected him the winner. His

victory carries with it the sub-title of "the handsomest American," and the popular matinee idol lives up to it in splendid manly fashion. But Mr. Bushhis bearing is splendid, and his ability as an actor is marked. Pretty Beverley Bayne plays the Lady Harmonie, and the remainder of the cast has been well selected.

Excitement, romance, thrills, good acting and good photography combine to make "One Wonderful Night" an exceedingly interesting feature. The closing scene is absolutely unique, and leaves a delightful picture for the finale of the events of the one wonderful night in the life of a young girl. Still views of current events and a Vitagraph comedy, "The Arrival of Josie," with Josie Sadler and Billy Quirk, complete the programme.

New Element of Mystery.

The splendid work of Sydney Brace as the butler, a motorboat race and a flash of submarine photography are the star features in this week's issues of "The Million Dollar Mystery" at the Columbia. An entirely new phase is injected into the mystery element and threatens to complicate affairs to a much greater extent. It has to do with the butler. The picture moves along with the same degree of excellence that has marked the former installments. "A City Beautiful" is a story that takes advantage of the beauty of Los Angeles and displays many of the beautiful portions of the city. Dorothy Gish plays the lead. It is a Majestic owput. "Love and Salt Water' is the Keystone comedy that has much to do with the ocean as is suggested by the title. The All Star trio completes the program with vocal selections.

Play Accurate in Detail. "The Sob Sister," a good little news-paper story, is one of the most interesting pictures at the Star. In detail it is far more accurate than the usual newspaper play or picture, and has some genuine scenes in the composing and press rooms of a big daily. It is

the work of the Rex company.
"Love and Lunch" is the Ford Sterling comedy in two parts. The runaway scenes with Ford Sterling in a street lunch wagon, as it careens down hill, are, to say the least, novel and "Through the Snow" has as its best feature the snow scenes, including a train clearing a portion of track snowed under. righted. The Animated Weekly has a number of interesting current events and cartoons to finish with.
