tion party designation on the official ballot. The delegates were clearly sat-isfied that this should be so. I be-

lieve I can do more effective work for the Oregon dry amendment and other measures that I consider of very great

importance to the people, by continu-ing as an Independent candidate, rather

than by becoming the candidate of the Prohibition party alone.

For the reasons stated I must resign

your party nomination, but I hope and believe we may work together and re-

tion of both the Oregon dry and pro-portional representation amendments.
