

### DIVISIONAL SHOOT TO BE HELD THIS YEAR AT CLACKAMAS RANGE

Regulars and National Guard From Coast and Mountain States, Hawaii Included.

### CRACK TEAMS MAY COME

Canada May Send Squads to Compete in Expected International Contest.

Carrying out the plans adopted by the war department to substitute every other year divisional shoots for the national rifle competition held at Camp Perry, Ohio, teams representing the militia and the United States army, marine corps and the United States navy in the states of Montana, Idaho, Utah, Nevada, California, Oregon and Washington and the territory of Hawaii will hold a shoot on the Clackamas rifle range in September. These states and Hawaii include what is known as division E.

At the time this shoot is being held, it is also expected to pull off a shoot at the Clackamas range by the National Rifle association, and to stage a northwest international match between the crack teams from Canada and the various states that will be represented.

Adjutant General W. E. Finzer of the Oregon National Guard has been appointed by the secretary of the competition. General Finzer will recommend for appointment two assistant executive officers, one adjutant and statistical officer, one ordnance officer, one quartermaster, one surgeon and a number of range officers.

Each state will select its team according to its own method. In this state, each militia company will hold tryouts, and send four or five of its best shooters to the Clackamas range, where they will be tried out over the course and a picked team be selected to represent this state in the competition.

This is the first year that divisional shoots will have been held. They will be held alternate years with the national competition at Camp Perry.

### Albany Councilman Expires on Outing

John H. Simpson Dies While Camping From Attack of Heart Trouble; Had Suffered From Disease for Years.

(Special to The Journal.) Albany, Or., July 29.—Having attended council meeting a week ago today in the best of health, Councilman John H. Simpson left the next day, and died suddenly last night about 10 o'clock in camp near Detroit of heart failure. The remains will be brought here this afternoon. The funeral will be held under the auspices of the Masonic lodge.

Mr. Simpson was 59 years old. A widow, one daughter, two grandchildren and sisters and brothers survive.

### FIRE ALARM RECORD MADE

Bureau Reports 240 Calls During the Present Month.

The largest number of monthly fire alarms in history of this city was received this month when the fire bureau recorded 244 calls. With a few more days to go it is possible that the number will be increased. According to Chief Operator Wright of the alarm system the month has also been the busiest from an operating standpoint. During the month the department was called upon to extinguish more brush and weed fires started from carelessness than for several years past.

### Seven Sisters Bill Checked.

Olympia, Wash., July 29.—Check of "Seven Sisters" initiative bill will be finished late today and the count will start tomorrow morning. It is estimated that two days of continuous work by Secretary of State Howell will be necessary to make count of petitions. They will be taken up numerically, starting with the number six. Another portion of the crew of checkers was laid off this morning as there were not enough petitions remaining for all to work at advantage.

### Additional Tickets For Theatre Secured

The Journal's free tickets of admission to Marcus Loew's Empress theatre during the weeks of Aug. 3 and Aug. 10, given in exchange for each series of four coupons clipped from The Sunday Journal Magazine of July 5, 12, 19 and 26, presented by The Journal office, are going fast. Thousands of readers have availed themselves of the opportunity of a free afternoon or evening of entertainment without cost to themselves. So great has been the demand, especially for seats for evening performances, that The Journal has arranged with the theatre management for an additional allotment of evening tickets. If you have not yet presented your coupons or forwarded them by mail, do so at once.

### EXECUTIVE OFFICER IS BLAMED FOR POOR RESULTS OF CRUISE

General Finzer Will Inform Navy Secretary of Views of Judge Advocate.

Based on the report made to him by Colonel Samuel White of Portland, Judge advocate of the Oregon National Guard, Adjutant General W. E. Finzer will make a report to the secretary of the navy in which he will place the blame for the unsatisfactory results of the recent cruise of the Oregon and Washington naval militia to the "in-different attitude" taken by the executive officer of the cruiser Milwaukee and the fact that the regular crew on the ship was made up largely of men not qualified by experience to give instructions.

General Finzer said he does not know what results his report will bring, but he said he wants the navy department to know that the militia does not wish to go on another cruise unless a better equipped vessel is provided and officers sent along who are in sympathy with the purpose to give the militiamen needed training.

Speaking of Lieutenant Commander Ellis, who was the executive officer on the ship, Colonel White says: "His attitude while aboard ship was indifferent, if not hostile, and was highly discouraging and greatly dampened the ardor of the naval militia officers, and was the proximate cause of so little being accomplished on the cruise."

The report says there was a lack of intelligent and sympathetic instruction on the part of both the officers and the men of the ship. The ship was overcrowded and without adequate facilities for caring for the men in a seamanlike manner. Colonel White praises Captain Reeves for the manner in which he endeavored to assist the officers and men of the militia.

### Drummond Asks Parole.

### LEWISTON CITIZENS URGED TO CALL OFF ATTACKS OF BORAH

Astoria Sends Message to Lewiston Commercial Club in Rivers, Harbors Fight.

### ISSUE STATED SQUARELY

Show Senator Wherein His Position Is Entirely Wrong, Is Plea of Port of Columbia.

Astoria, Or., July 29.—Believing that it is within the power of Lewiston and other Idaho commercial bodies to take such action in respect to the rivers and harbors bill as will demonstrate to Senator Borah that he is wrong in opposing the measure, the Port of Columbia Commercial club has sent to the Lewiston Commercial club the following message:

"We are emphatically of the opinion that it is no time to temporize with Senator Borah in his opposition to the pending rivers and harbors bill. We believe your club and citizens should send him emphatic telegrams demanding the withdrawal of his opposition and request every commercial body in Idaho to do likewise. The cry of 'pork' is unjustified in view of the recommendations of the United States engineers. The nation needs the development of its inland waterways and especially of the Columbia basin need the appropriations included in the bill this year. Defeat of the present measure may involve untold delay and possibly reversal of the government's policy of inland waterway improvement. Your own city and state are vitally interested. Do not stand on formality, but urge Senator Borah and your entire congressional delegation to get in line with the demands of the people of the Columbia basin. Do it now. This club is sending scores of telegrams to senators, congressmen, commercial bodies and individuals urging favorable action. Read the Portland Journal's articles."

### Watson Would Bar Concern From State

Commissioner Asks Attorney General to Find Way to Put National Mercantile Co. Out of Business in Oregon

Salem, Or., July 29.—Corporation Commissioner Watson has asked Attorney General Crawford to determine the appropriate procedure to bar the National Mercantile company of Vancouver, B. C., from doing business in Oregon. He alleges its operations are unlawful. There is some question as to whether injunction proceedings in the circuit courts of Multnomah county should be invoked, or the question taken direct to the supreme court on quo warranto proceedings. Watson states that in the state of Washington the company has been restrained from engaging in business by means of injunction proceedings and bench warrants, on charges of contempt.

### INCORPORATE RESTAURANT

After many years of existence the old Pine Street Coffee House has been incorporated. The capital was placed at \$6500 and the incorporators named in the articles filed this morning with County Clerk Coffey are Gottleb and Herminia Haehlen and Emmanuel, Jacob, Arnold and Christian Zeller. Articles of "The Vogue," a millinery concern, capitalized at \$5000, were filed today by Otto J. Kraemer, C. W. Hillis and R. K. Powell.

### Urges Right of Way For Pedestrians

Drivers of Autos Should Give Way Says District Judge Jones in Case Against Speeders.

"I firmly believe that horns and other warning devices should be taken entirely from automobiles and that drivers of machines should be made to give way to pedestrians," said District Judge Jones this morning. The statement was made during hearings of three speeders who were each fined \$15. They were Philip S. Kamm, Emil Wahl and G. E. Barr, charged by Motorcycle Officer White with speeding on the Sandy road.

"A Pennsylvania decision recently quoted in The Journal sets forth the rights of the pedestrian in no uncertain manner," he went on "and I thoroughly approve of it. Horns, as far as seem to have been made to warn people of danger so much as to make pedestrians jump and I have seen many drivers show glie in the jumps they produce. I would like to see the horns removed from the machines and turned over to the pedestrians."

Judge Jones suspended sentence in the case against E. Thom, 21 years old, who speeded on his motorcycle on the Sandy road last night.

### Possible Successor To Bishop Named

Prominent Religious Leaders Included in List From Which Bishop Succeeding's Successor Will Be Picked.

Prominently mentioned as possible successors to the late Bishop Charles Scadding as Episcopal bishop of the diocese of Oregon are: Rev. E. L. Parsons of St. Mark's church, Berkeley, Cal.; Dean J. W. Gresham of Grace Pro-Cathedral, San Francisco; Rev. J. H. Hopkins, Church of the Redeemer, Chicago; Dean Walter B. Sumner, Cathedral of St. Peter and St. Paul, Chicago; and Bishop Griswold, in charge of the missionary diocese of Salina, Kan.

Included in this list are the names of those most prominently mentioned by the clergy and laity of this diocese. It is probable, however, that between now and September 16, when election of a successor to Bishop Scadding will be held, other names will be suggested.

The convention will be held in Portland and its membership will consist of the 30 clergymen in the diocese, three lay delegates from each of the 30 parishes and one layman from each mission.

### I. C. C. Hands Down Decisions on Rates

Rate on Hardwood Shipments From Cincinnati to Coast Points Held Unreasonable—Lemon Rates to Be Out.

Washington, July 29.—The Interstate Commerce Commission has ruled that the rate of \$3 per hundredweight on automobile axles from Detroit to Los Angeles was unreasonable, and also decided that the rate of 85 cents per hundredweight on hardwood shipments in carload lots from Cincinnati to Pacific coast points was unreasonable. The interstate commerce commission today declared unreasonable the rates of \$1.15 per hundredweight on lemons from California to Montana points, and of \$1.48 per hundredweight on citrus fruits from California to Wyoming points.

### Pendleton Honors Commissioners.

Pendleton, Or., July 29.—Pendleton's

### gravity water system is finished and as a result plans are afoot for the honoring of the men who made the long fight to put the project through.

On next Tuesday evening Will Moore, Marion Jack and G. I. Labow, former commissioners, and J. T. Brown and V. Stroble, present commissioners, will be guests of honor at a banquet of appreciation, to be given by the business men of the city. The completion of the gravity water system has made two other projects possible, and movements are under way already to put them through. One, the construction of a natatorium at Round-Up park, is already assured. The second project considers converting of the hill on which the reservoirs are situated into a public park. The site overlooks the city in one direction, and the big farming section in the other.

### Deportation Order Evaded by Boalt

Correspondent Who Sent Statements Broadcast that American Sailors Shot Prisoners Flee to Mexico City.

Washington, July 29.—Secretary of War Garrison today ordered Correspondent Frederick L. Boalt of the Newspaper Enterprise association, deported from Vera Cruz. Boalt, however, had already surrendered the credentials under which he was allowed to remain with the American army of occupation and gone to Mexico City, where he is beyond the jurisdiction of the United States military authorities.
