winds mostly westerly. Idaho: Probably fair tonight and Friday; coder southwest portion tonight.

## Weather Conditions.

barometer is relatively low over the Mountain states and the center of the Rocky Mountain states and the center of the eastern high pressure area has advanced from Lake Superior to the province of On-tario. A small high pressure area is central over Wyoming. Showers and thunderstorms have occurred in the southern Rocky Moun-tain states and also in Wyoming, Minnesota and the Dakotas. Local rains have fullen at scattered places in the Atlantic states. It is slightly warmer in this district. The conditions are favorable for generally fair weather in the North Pacific states tonight and Friday. It will be cooler tonight in eastern Oregon and southwestern Idaho and cooler Friday in the interior for western Oregon. EDWARD A. BEALS.
