

BEAVERS GAIN FIRM HOLD ON FIRST PLACE BY SCORE YESTERDAY

Portland Team Wins From Sacramento Its Fourth Straight Victory.

Sacramento was held in check by the speed pitching of big Irve Higginbotham, and the Beavers walked away with yesterday's game by the score of 6 to 2. It was the fourth straight victory of the league leaders, and it gives the local a very firm hold on first place.

The champs continued their heavy hitting. Fourteen hits, including four two-baggers, were made off the delivery of Stewart before he was benched in the eighth inning in favor of Arnelles.

Three blows in a row in the eighth, singles by Doane and Kores and Ryan's double sent Stewart to the bench with a mark of six earned runs against his name.

Sacramento had a chance in the second with two down, Shinin tripped and Cook walked, but Fisher broke up a double steal. The runs made by the visitors were scored in the eighth inning.

FANS BELIEVE WILLIE MEEHAN IS IMPROVING

Opinion Based on Lad's Defeat Last Night of Kid Marcell.

San Francisco, Aug. 15.—Local fight fans were convinced here today that Willie Meehan is improving. Their opinion is based on his defeat here last night of Kid Marcell of Franco, said to have acted at times as the aparring partner of Georges Carpentier, in the main event bout of the four round show here.

The local lad won the decision easily, smothering the Frenchman with right and left swings. At the end of the third round it was questionable whether Marcell would stay the limit, but he managed to weather out the storm.

The other bouts resulted as follows: Johnny Sudenberg won a four round decision from Ray Marshall; Herb Brodie and Kid Rapetto boxed four rounds to a draw; Eddie James won the decision from Kid Romeo; Frankie Malone and Frankie Conday went four rounds to a draw; Mike Moran won the decision over Joe Ferro; Joe Band stopped Battling Heine in three rounds and Joe Leach stopped Joe Bischnan in the second round.

AMERICAN CITIES ARE ALL AFTER OLYMPIC GAMES SET FOR 1916

European War Believed to Render It Certain They Can't Be Held in Berlin.

By Hal Sheridan. New York, Aug. 15.—Every city of importance in the United States is after the Olympic games in 1916. The games were scheduled for Berlin, but because of the big European war it seems certain they will be called off, so far as the German capital is concerned, and they may be called off elsewhere.

Athletes here predict that, even if the war is over by 1916, the games will be transferred from Berlin, asserting that feeling among the host nations still would be sufficiently intense to prevent any competition, as far as sports are concerned.

San Francisco, Cleveland, Chicago, Baltimore, Philadelphia and a score of other cities have asked for the games if they are transferred. Wherever the games are held, however, they are not expected to attract the same amount of competition as those of the past, as the present European conflict will stop many of the European nations from competing.

GOLFING HINTS

By "Straight Drive." "Don't Press."—This is a trite bit of advice, which forms an integral part of every book on golf that has ever been written. Yet every one who has ever achieved any success at the game knows that he must hit hard and true to win.

What the tutors try to express is advice for the novice who tries to hit the ball with every pound of strength he can apply and thus loses the evenness of his stroke and the accuracy of his shot. It is essential that you hit the ball firmly with the greatest amount of speed that you can get without resorting to a bumpy heave. This defeats the whole purpose of the true golfing stroke, and will perhaps prove disastrous, not only to the shot, but to the club, if it comes in contact with the ground.

The long hitters, by practice or natural skill, get great power and speed into their stroke. The average player should not try to imitate the expert until he is absolutely sure of the control of his swing.

BALLARD WINS CLOSE ONE

AMERICANS LOSE IN TENNIS DOUBLES TO AUSTRALIAN PLAYERS

Antipodeans Believed to Be Almost Certain to Capture Davis Trophy.

Forest Hill, L. I., Aug. 15.—Playing flawless tennis, Anthony F. Wilding and Norman E. Brookes of Australia defeated Maurice E. McLoughlin and Thomas C. Bundy in straight sets in the doubles match yesterday afternoon and put the Antipodeans in the lead for the Davis cup, two matches to one, 6-2, 8-6, 9-7.

To retain the cup, the defenders, McLoughlin and Bundy, must win both matches scheduled for today. McLoughlin will meet Wilding and Williams will play Brookes. Tennis experts believe that the Antipodeans will win the Davis cup.

The challengers handed the ball in yesterday's match in a much cleaner way than the defenders. They netted fewer returns and did not drive the ball out of the court as many times as the California duo.

The stroke analysis of the doubles match follows:

STATE CAPITAL NEWS

Salem, Or., Aug. 15.—A recount of ballots in the McNary-Benson justice-nomination controversy will be held at Medford, Jackson county, and Eugene, Lane county, Monday. The last count was in Marion county and the tie was unbroken.

In two days of this week \$3 claims were received by the state industrial accident commission, three of the claims being based on fatalities and the other one on permanent disability. Contributions from firms whose employees are insured are coming at the rate of \$4000 daily and Secretary Garnett estimates a permanent total of receipts of from \$50,000 to \$75,000. Up to yesterday \$21,000 had been filed.

In an opinion requested by J. T. McDougall of Tillamook, James Crawford, first assistant to the attorney general, says that county, road and school districts must follow the system of accounting prescribed by the state insurance commissioner and that violations should be reported to the district attorney.

J. R. Bain of Tillamook was informed that a punching board had been held by the courts to be a lottery, inasmuch as it involved a game of chance. The attorney general's board has asked against several persons who have failed to pay the annual tax for water developments permits. The total amount claimed is about \$500 and the following are said to be indebted: Charles B. Church, Portland; H. G. Newport, Hermiston; C. F. Balch and J. W. States, Dufer; J. R. Newell, Portland; W. E. Milla, The Dalles; Wheeler & Fellows, Burns; H. L. Gilky, Grants Pass.

Completion of the Columbia highway work in Hood River county will be opened August 26, the state highway engineer announces. At \$15,000 is available to repair gaps on the road so as to make it a good highway.

Governor West has wired Secretary Lane his approval of the Ferris bill, now being considered by congress, in reply to a message from the secretary requesting him to give his opinion of the measure. The Ferris bill is drawn with a view of regulating waterpower in the forest reserves of the United States.

Governor West has issued a requisition on the governor of Utah for W. R. Howlett, who is wanted in Baker on a charge of obtaining money under false pretenses. Howlett, under the name of Guy E. Hill, secured temporary employment at Baker in the O. W. R. & N. company's office and cashed a check for \$48 drawn in favor of the O. W. R. & N. company or bearer and signed the name of A. Haines, A. J. Phillips being the victim. Howlett was arrested in Salt Lake August 12.

Realizing that the hunting season is likely to be closed by order of Governor West if hunters continue to neglect to take precautions to prevent the spread of forest fires from their camp fires, State Game Warden Evans has issued instructions urging hunters and fishermen to use the greatest care against fire while in the woods. A transcript of appeal in the case of J. A. Hausman against J. H. Peterson, from Multnomah county, was filed in the supreme court yesterday afternoon. An appeal is taken in the assault and battery case in which the plaintiff was given judgment against Peterson for \$615 for a beating given him.

All Race to the Fires. La Grande, Or., Aug. 15.—La Grande is having trouble with fires, and more trouble with speeders, who persist in rushing to fires in automobiles at breakneck speed. Since the auto truck has come into the city's fire department, every other automobile that is driven to fires is kept by the fire department members say, with the result that as soon as the alarm is sounded the streets become too dangerous for man and beast.

City Manager J. L. LaFay, President Wood, Chief of Police Orin and Fire Chief Benham have settled down to stringent prosecution of all who violate the speed laws in going to fires.

South Bend, Wash., Aug. 15.—The annual summer meeting of the Washington State Press association will be held here Thursday, Friday and Saturday, August 20, 21 and 22. Maxwell Motor Company Makes Statement of Facts with Reference to Racing Cars

ON JUNE 1st an advertisement appeared in various papers throughout the United States relative to the races on the Indianapolis Speedway. This telegram was sent out by a representative of this Company, who did not make it clear that the car referred to was a Maxwell Racer No. "25" and not a Maxwell Model "25" stock car. There was no intention on our part to mislead anyone into believing that the car that made such a wonderful showing in the Indianapolis race was a Maxwell "25" stock car.

We expect to continue racing, and fully appreciate the work that is being done by the Contest Board of the American Automobile Association. Since the Indianapolis races one of the Maxwell Racing Cars won the Potlatch Trophy at Tacoma on July 3, defeating 13 other cars and making an average speed of over 74 miles per hour, and we were careful to see that no one could be misled in the publicity used about the Tacoma victory. We have no desire to be misunderstood in the matter, and make this statement for the purpose of setting ourselves right before the public.
