

CAP CHRISTIAN FORAYS INTO BEAVER TERRITORY WITH WEAK FORCE

ALCOCK LOST TO OAK TEAM WHEN QUINLAN EYES FEDERAL LEAGUE

Chicago Infielder to Have Reported Here Tomorrow But Trade Fell Through.

TYLER LIKES HIS INFIELD

Says Jack Ness Is Playing as Good Second Base as Any Man in the League.

Manager Tyler Christian piloted his Oakland club into town this morning for a six game series with the Portland Beavers and so brought the information that the deal which would have brought infielder Alcock to the Oaks from the Chicago White Sox had fallen through.

Manager Jimmy Callahan of the White Sox was very anxious to get word of outfielder Quinlan of the Oaks. He offered infielder Alcock and other considerations for Quinlan, who was to have reported next spring to the majors.

However, when the matter was broached to Quinlan, the latter refused to sign a Chicago contract. He admitted that the Federal League had been flirting with him and intimated that if he was sent to the Chicago Sox against his will he would take a merry-go-round over into the camp of the outlaws.

Therefore Manager Christian said the deal was off.

"My infield is going like a prairie fire," said Manager Christian this morning, "and it hardly needs much strengthening. As a crowd it has been biting and fielding well. Have you noticed how Jack Ness is going at second base? When I switched him over there from first on our last trip to Portland, it was the first time in his life that he had played second base. Now he is as good a second sacker as there is in the league."

"We have been ridiculed with injuries. I had to leave three behind. Quinlan sprained an ankle; Alexander also has a sprained ankle and Prullett a wrenched knee. I am going to pitch this afternoon and that will give him a chance to come back later in the week."

"I am going to pitch Klawitter this afternoon and that will give him a chance to come back later in the week."

"We have won only four out of 22 games from the Hawks and they feel Howard's bunch is a nice trimming."

Fielder A. Jones, new manager and part owner of the St. Louis Federal League baseball club, left last night for the special meeting of the Northwestern league in Seattle today, which will appoint his successor as president of the circuit.

Tonight Mrs. Jones will leave for Spokane to meet him and tomorrow they will depart direct for St. Louis, where the former manager of the world's champion Chicago White Sox will make his reentry into active baseball after a retirement since 1909.

Jones succeeds Mordcael Brown as manager of the Sloufeds. Brown will be offered a pitching job with the club at the same salary he drew as manager. Jones is understood to be to get \$20,000 for three years' work, with a big block of stock in addition.

Before leaving last night Jones said that he would be back home in October, that he would not raid the Portland club for players and that the Northwestern league would be immune so far as he was concerned, except possibly his arch enemy, Cupid Dugdale, of Seattle.

GOLFING HINTS

By "Straight Drive." Body Work.—While the body plays an important part in the golfing stroke, it is best to let it do so involuntarily. The body turning at the hips in the backward swing comes back to the starting point and goes in the other way in the follow through.

This turn of the body gives added power and force to the stroke, but increase it intentionally and you are liable to throw the whole driving machine out of line, as it were, and become frightfully uncertain of results.

ALL BASEBALL HATS OFF TO G. STALLINGS AND BOSTON TEAM

By Hal Sheridan. New York, Aug. 18.—All hats in the baseball world are off to George Stallings, manager of the Boston Braves. His feat of piloting the Boston aggregation from last place to that of a contender for the National league pennant is regarded as one of the most remarkable in modern baseball.

A month after the season started the Braves apparently were tightly wedged in last place. Today they are separated from first place by the narrow margin of three and one-half games, and Manager McGraw of the New York Giants, the league leaders, admits to follow through, which is even in last place he predicted the Braves would overtake the Giants by September 1. The baseball world laughed loud and long then. Now, however, Stallings is doing the laughing.

Stallings has given McGraw a good fright, and unless the Giants throw a stiff brace soon, September 1 is liable to see them in second place, with Boston leading the league. For two months now the Braves have played at a clip of \$90, while the Giants were practically standing still.

The success of the Braves has been due entirely to the manner in which Stallings has handled his pitchers and the general fighting spirit that he has instilled in the others. He brought the Highlanders from the cellar into second place, only to lose his job the next season because he refused to come at the beck and call of Iban Johnson, president of the American league. Now Stallings is being hailed as one of the greatest managers in the game.

When McGraw turned Dick Rudolph adrift, Stallings picked him up, and predicted that he had all the stuff of which great pitchers are made, and that he believed he could send him to the front. Today Rudolph leads all pitchers in both leagues in the number of shutouts and has been one of Boston's most consistent winners.

"With the possible exception of Mathewson," said Stallings recently.

"Dick Rudolph is the most effective twirler in a pinch that I have ever seen."

MOLALLA WILL HAVE CLUB FOR HELP OF SPORTS

Deputy Game Warden Irvine Plants 131,000 Trout in Stream.

Molalla, Or., Aug. 18.—A Rod and Gun club was organized here this week in the interest of fishing and hunting in this vicinity. C. S. Herman was elected president, F. M. Henriksen, secretary and treasurer, and L. W. Robbins, Mort Cockrell and M. J. Corbin, a committee on by-laws.

The club proposes to help protect game birds and fish during closed seasons. They also expect to import game birds of other varieties than those already here, and work for a large planting of young trout in the Molalla river every year.

Last week 131,000 trout of the rainbow and eastern brook varieties were distributed in the Molalla river under the direction of F. E. Irvine, deputy state game warden. The fish were taken from the distributing car by 20 automobiles, furnished by Molalla residents.

HARNESS RACING WILL OPEN TOMORROW AT 2 O'CLOCK AT SPEEDWAY

Feature Event of Opening Day Is 2:12 Pace With Fast Nags Entered.

FLANDERS APPROVES OVAL

Veteran Portland Horseman Declares It Is Best Ever—Fred Brooker Will Be Official Starter.

All arrangements are complete for the four days' harness horse meet which opens tomorrow afternoon at the Rose City speedway. Fast trotters and pacers have been shipped into the city from all points on the coast and a goodly number of runners are on the ground prepared to participate in the big meeting.

Horsemen declare the track to be in ideal condition for the races, the racing board, which governs the races here, having supervised the work. C. W. Flanders, a local horseman who has trained horses from the time the track was first opened, declares the oval in its present shape is the best he has ever seen. Flanders also said that heretofore the track has always been hard, but at the present time a cushion of soft soil will make very fast time possible.

The feature race tomorrow will be the 2:12 pace, which will bring together some of the fastest pacers on the coast. A great deal of local interest is manifested in this race by the entry of Bonnie Antrim and Hal Paxton. The former is owned by C. W. Tood and in workdays has shown remarkable speed. Weiss Bros of this city own Hal Paxton and believe that they will be able to "cop" first money with their 1:58 pacer.

Two running races will be on the program, with overnight entries. A larger number of runners is in attendance at the local track for this meeting than ever before.

The first race will start at 2 o'clock sharp. Fred Brooker of Vancouver will be the official starter for the meet.

2:15 Pacer Steps Around in 2:05 1-2

Pittsburg, Pa., Aug. 18.—The opening of the grand circuit racing here yesterday was marked with fair weather and the defeat of the top-heavy favorite, Oakdale, in the 2:07 trotting by Reusers, driven by Pop Geers. The feature race of the day, the Duquesne stakes, was won by Margaret Drullen in straight heats, beating McCloskey, the best time being 2:08 3/4. It was a 2:29 fixture.

Baron A. won the 2:04 pace from Del Ray with a best time of 2:06 in the first and second heats. Grand Opera won the 2:15 class pacing in straight heats, with a best time of 2:05 1/2, which was the best time of the day.

Fire Nearly Broke Up Sunday School

Two firemen attending services in Gresham church responded to fire bell—So Did Almost Everyone Else.

Gresham, Or., Aug. 18.—A fire in the residence of G. H. Dammeler Sunday morning nearly broke up the Sunday school service in the Methodist church half a mile away.

Two volunteer firemen who were attending the Sunday school answered the call of the fire bell and were followed by most of those attending the service.

The fire burned the roof and second floor of the Dammeler home. No hydrant was within a half mile, but the volunteers formed a bucket brigade from Johnson creek nearby to refill the chemical engine and combat the flames.

The fire was caused by defective electric light wiring. The loss is estimated at \$1000.

No matter how well you do a thing, you are sure to hear more complaints than compliments.

To This End Three Day Trip From Ontario Has Been Arranged.

IS SOCIAL PROPOSITION

Invitations to Malheur County Fair Will Be Extended Along the Line.

(Special to The Journal.) Ontario, Or., Aug. 18.—The business men of Ontario have arranged for a three days' "get acquainted" trip to the neighboring towns of this section. A special train with a diner has been chartered for the occasion, and about 75 business men, accompanied by a band, will avail themselves of the opportunity of becoming better acquainted with their neighbors in this part of Oregon and Idaho.

Next Thursday will be the first day of the "get acquainted" excursion, and the towns visited will be on the Malheur Valley and Oregon Eastern railroads and will include Vale, Brogan, Jamieson, Harper, Juntura and Riverside. The O. & E. has just been completed to Riverside, in Malheur canyon, and the first train over the new road was run into Riverside Monday.

The excursion train will leave Ontario at 6 a. m. and return about 8 p. m. The next day, Friday, the excursionists will invade Idaho and will visit Payette, Weiser, Emmett, New Plymouth and Fruitland. The trip will be Tuesday of next week, when Nyssa, Kingman and Hometown will be visited. Nyssa, which has become noted as a dairy center and manufacturer of cheese, promises to feed the visitors on its finest product when they arrive there.

The excursion is not a trade proposition, but is a social and fraternal visit for the purpose of inviting all the communities to visit Ontario and take part in the annual Malheur county fair, which will be held here September 15-19, inclusive.
