Both light and dark patterns. Regular 8 cents the yard, in three great lots for the three days. Be here when the doors open at 9 A. M.—Yard **3½c**

REGISTERED VOTERS ANTI-PROHI, ELIGIBLES FAVOR, SAYS HUTTON

Anti-Saloon League Superintendent Addresses Luncheon to Russell.

CANVASS ON EAST SIDE

Inactivity of Friends of Measure Is Condemned; Campaign Part of Nationwide Move.

A canvass on the east side of persons eligible to vote shows a large majority in favor of statewide prohibition; a tally of east side residents who have registered to vote shows an overwhelming majority against statewide prohibition, declared S. P. Hutton, assistant superintendent of the Anti-Saloon League for Oregon, addressing 300 business men at a luncheon yesterday noon in the Hotel Portland.

Hutton used a phrase of Mark Matthews, of Seattle, to explain the situation—"the bad citizenship of our best citizens." It is not those who oppose a good measure who defeat it, but those who fail to vote, he said.

Howard H. Russell, of Ohio, who founded the Anti-Saloon League in 1893, was the honor guest. Mayor Albee presided and was introduced by Samuel Connell.

Part of General Campaign. Dr. Russell said that the campaign to make Oregon dry is part of a campaign to stop the manufacture and sale of liquor throughout the nation. There are now, he explained, nine "dry" states; it is hoped this year will add four more to the list, and with 13 states "dry" it is believed congress will pass a national anti-liquor law.

Rev. J. Q. A. Henry, former pastor of the First Baptist church here, named a number of reasons why the prohibition amendment should carry—reduced taxes, increased work, increased thrift and wealth, reduced poverty, lessened disease, decreased temptation, a blow at gambling and lust, safeguard for children; increased self respect and added moral tone and spiritual power for a community.

Woman Makes Pin Money. Mr. Hutton called attention to the fact that notaries may register persons who cannot get to the registration office, and that for each name thus registered the state is required to pay 10 cents.

He told of a woman notary at Medford who registered 1000 voters and made \$100 pin money, and of an Oregon City woman notary who went out registering voters, but who inquired at each farm house whether those in the next house were "wet" or "dry." If they were "wet" she passed them by; if they were "dry" she registered them. The meeting closed with an appeal for funds to support the Oregon campaign.

Leniency of Court Saves Gun Wielder

Joe Subotch Given Severe Lecture by Judge Dayton for Threatening Arresting Officers.

A disposition toward leniency on the part of Deputy Sheriff Lumsden and Deputy District Attorney Robison was all that saved Joe Subotch, a resident of the Willbridge neighborhood, from spending the coming few months in jail, according to District Judge Dayton yesterday. Subotch, through Attorney G. G. Schmitt, pleaded guilty to a charge of drawing a revolver on Lumsden, but said he was drunk at the time and did not know what he was doing. "Because the state and prosecuting witness do not desire to prosecute, I will suspend sentence, but if he returns he must serve a full year in the county jail and whatever sentence he may receive in the future," said Judge Dayton. "His revolver is confiscated."

The trouble which led to Subotch's arrest has been over a duck pond. Subotch charged Frank Hutton with stealing 250 ducks and Lumsden and Deputy Beckman went to arrest Hutton. Subotch became ugly and interfered, drawing a gun when ordered away. After Subotch was sentenced yesterday Hutton's case came up, but Subotch and Hutton had agreed that each would open his duck pens and let such as belonged to the other wander home. On that agreement the larceny charge against Hutton was dismissed on condition that each pay \$4, one half of the costs of Hutton's arrest.

Chinese Divided on Kiao Chao Problem

Enemies of President Yuan Shi Kai Fear He Will Eventually Be Gainer, Claiming Moral Victory.

Shanghai, Aug. 19.—Enemies of President Yuan Shi Kai were not pleased today at indications that Germany might cede Kiao Chao back to China direct instead of turning it over to Japan or fighting to retain it for the kaiser. Should it go to Japan, the plan was to denounce the president for permitting the minkado's people, who are both feared and hated by the coast Chinese, to secure such another foothold on the mainland. In the event of a fight, an excellent chance was seen to stir up disorders in a district near enough to Peking to be extremely disturbing to the government there.

If China should get the territory back, however, it was considered certain that Yuan would take full credit for it, probably circulating the story that he himself had overawed the Germans. Fears were expressed that such an outcome might materially strengthen his hand.

Labor Exemption Bill Vote Tonight

Senator Pomerehne Says He Will Oppose the Bill Because He Deems the Measure to Be Unnecessary.

Washington, Aug. 19.—A vote was expected in the senate tonight on the labor exemption provision in the Clayton anti-trust bill. Senator Pomerehne said he would oppose the exemption measure because he believed it to be unnecessary.
