

Little Stories for Bedtime

It is Decided to Leave the Old Orchard.

Have you ever noticed how some people seem born to make trouble for others? Bully the English Sparrow and his wife, Mrs. Bully, are not very big. In fact, they are small. But they can upset an entire neighborhood in less time than it takes to tell about it.

"Just listen to them," cried Welcome Robin.

Now, until they moved there from the city the Old Orchard had been one of the quietest, most delightful places in all the great world in which to live. To be sure, there were occasional little outbreaks, as there are bound to be in all neighborhoods, but they were merely little misunderstandings which were soon righted. Then came Bully and his wife, and from the day of their arrival the Old Orchard was never the same again.

But Bully and his wife had need of help from any one. They were not giving Chatterer such a punishment as he had not had for many a long time, and then when they had made him run for the safety of the old stone wall how they brag and boast! This was too much for their neighbors.

"Just listen to them!" cried Welcome Robin. "They are common, just the commonest kind of common people. I simply cannot live in such a noisy neighborhood. This is my last season in the Old Orchard. I hate to do it, but next spring I shall look up another neighborhood in which to live."

"That is what I am planning to do," announced Winsome Bluebird. "I don't

HOW TO TEST YOUR EYES

A SIMPLE TEST FOR NORMAL EYESIGHT.

An eye test that costs but five cents and is worth the price aside from the value of the test is a moving picture show. If you can sit through an average program without your eyes aching or feeling dry and tired and without feeling an inclination to open and close them frequently, and if an hour later, or the next morning, your eyes feel perfectly smooth and easy, there is nothing much the matter with them.

Options 5 Grains (1 tablet). Water 2 ounces.

Dissolve the tablet in the 2 ounces of water and use as an eye wash from two to four times a day. This application relieves the tired feeling, seems to lessen the stress or strain and makes your eyes feel smooth and fine. It is a boon after an evening at the moving pictures or after a hard day's work where you have used the eyes incessantly. Irritation, inflammation and many minor eye troubles are greatly benefited and sometimes wholly cured by the use of this prescription. If you wear glasses, try it. You may, to your own surprise, find that you do not need them. Glasses bought at cheap stores without optical adjustment to the eyes, or glasses worn too long without readjustment, are oftentimes not only absolutely unnecessary, but positively injurious. The use of this prescription may give you a favorable opportunity to judge whether or not you need glasses. It is a simple home remedy that has been used by hundreds of thousands, and among its users many regard it as an indispensable part of their daily toilet. Any druggist can fill this prescription. (Adv.)
